TO: Board Of County Commissioners
THRU: Robert F. Fernandez, County Administrator

FROM: Richard A. Wilford, Director MCPUD *R. Wilford*

SUBJECT: Appointment Of Solid Waste Management Advisory
Committee

BACKGROUND

On August 21, 1984, the Manatee County Board Of County Commissioners directed staff and retained consultants to prepare a Solid Waste Master Plan to evaluate the full range of current waste handling and management practices from household collection to disposal at the County sanitary landfill.

Because the conclusions and recommendations of the Plan will affect all County residents and municipalities which utilize the landfill, the Board directed that a Management Advisory Committee be established.

DISCUSSION

Enclosed for Board approval is a form letter for signature by the Chairman to be sent to representatives from the County municipalities, Chamber Of Commerce, industry, environmental and civic organizations, soliciting their participation on the Management Advisory Committee.

RECOMMENDATION

Move to authorize the Chairman to sign letters to representatives of Manatee County municipalities and civic organizations for establishment of a Solid Waste Management Advisory Committee.

Dear

On August 21, 1984, the Manatee County Board Of County Commissioners directed staff and retained consultants to prepare a Solid Waste Master Plan to evaluate the full range of current waste handling and management practices from household collection to disposal at the County sanitary landfill.

Because the conclusions and recommendations of the Plan will affect all County residents and municipalities which utilize the landfill, the Board directed that a Management Advisory Committee be established. The Committee is to be made up from a broad spectrum of representatives from local government, business, industry, environmental and civic organizations to review the progress of interim staff reports and recommendations during the 12 - 18 months of the planning process. Accordingly, the purpose of this letter is to request that you or a designated representative from your organization participate on the committee.

The County is faced with many important responsibilities for landfill management, administration of franchise agreements, and the investigation of resource recovery. Each of these responsibilities dictate that our staff develop a series of recommendations to evaluate and consistently improve the management of solid waste. The contribution which you or your designated representative could make to this process would be greatly appreciated.

SESSION

OCT 16 1984

Please affirm your willingness to serve on the Committee by contacting Richard A. Wilford, Director, Manatee County Public Utilities Department at 792-8811. It is expected that the first meeting of the committee will be held in mid-October. Additional details on the meeting agenda, date, and time will be relayed at a later date.

Thank you for your interest in good government.

Sincerely,

MANATEE COUNTY

BOARD OF COUNTY COMMISSIONERS

October 16, 1984

Ms. Marge Peters
Audubon Society
5312 Bimini Drive
Bradenton, Fl., 33505

Dear Ms. Peters

On August 21, 1984, the Manatee County Board Of County Commissioners directed staff and retained consultants to prepare a Solid Waste Master Plan to evaluate the full range of current waste handling and management practices from household collection to disposal at the County sanitary landfill.

Because the conclusions and recommendations of the Plan will affect all County residents and municipalities which utilize the landfill, the Board directed that a Management Advisory Committee be established. The Committee is to be made up from a broad spectrum of representatives from local government, business, industry, environmental and civic organizations to review the progress of interim staff reports and recommendations during the 12 - 18 months of the planning process. Accordingly, the purpose of this letter is to request that you or a designated representative from your organization participate on the committee.

The County is faced with many important responsibilities for landfill management, administration of franchise agreements, and the investigation of resource recovery. Each of these responsibilities dictates that our staff develop a series of recommendations to evaluate and consistently improve the management of solid waste. The contribution which you or your designated representative could make to this process would be greatly appreciated.

Please affirm your willingness to serve on the Committee by contacting Richard A. Wilford, Director, Manatee County Public Utilities Department at 792-8811. It is expected that the first meeting of the committee will be held in mid-November. Additional details on the meeting agenda, date, and time will be relayed at a later date.

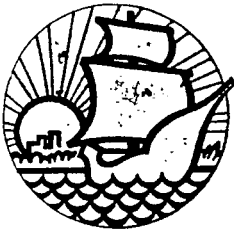

Thank you for your interest in good government.

Sincerely,

BOARD OF COUNTY COMMISSIONERS
MANATEE COUNTY, FLORIDA
