Question:

Why aren't gym floor repairs being funded? Haven't there been roof leaks that exacerbate the problem?

Response:

Parks & Recreation Department requested a desired decision unit (Program #1802, DU#40) for this repair which was not funded because the repair was already included on Property Management Department's Replacement & Renewal (R&R) list in the Base Program (Program #3305, DU#1, \$25,000) and was funded based on need in FY 2012.

It has been determined that the water damage was caused by accumulated stormwater seeping into the foundation and not by roof leaks. This problem will be remedied also.

Recommendation:

Funded repairs will be completed as planned.
