In addition, Seller and Purchaser shall execute a Temporary Construction Easement granting Purchaser a temporary construction easement over and upon the real property situated, lying, and being in the County of Manatee, State of Florida, described in Exhibit "C" attached (hereinafter referred to as "Easement Area"). The Temporary Construction Easement to be executed and recorded by the Parties shall be substantially the form attached hereto as Exhibit "D."

The date and time of Closing shall be mutually agreed upon between the Parties and shall occur at **SIGNATURE TITLE COMPANY, 1310 4th Avenue West, Bradenton, Florida 34205**, or at any other location agreeable to both Parties. If applicable, Seller shall, in accordance with the statutory requirements set forth in Section 196.295, Florida Statutes, deposit in escrow with the Manatee County Tax Collector an amount equal to the current year's taxes prorated to the date of Closing, same being the date upon which transfer of title shall occur. This amount shall be based upon the current assessment and millage rates on the Property owned by Seller.

6. **LIENS:**

Seller shall furnish to Purchaser at the time of Closing an affidavit attesting to the absence, unless otherwise provided for herein, of any financing statements, claims of lien, or potential lienors known to Seller and further attesting that there have been no improvements to the Property for ninety (90) days immediately preceding the date of Closing. If the Property has been improved within said time, Seller shall deliver releases or waivers of all mechanic's liens executed by general contractors,

subcontractors, suppliers, and material men, in addition to Seller's lien affidavit setting forth the names of all such general contractors, subcontractors, suppliers, and material men, and further reciting that, in fact, all bills for work to the subject Property which could serve as a basis for a mechanic's lien have been paid or will be paid at Closing.

7. REPRESENTATIONS AND WARRANTIES OF SELLER:

Seller hereby covenants, represents, and warrants now and through the date of Closing that:

A. Seller is or will be the fee simple owner of the Property as of the date of Closing and has not conveyed, transferred, or further encumbered its interest in the Property, and at Closing, shall hold good and marketable title thereto free and clear of all liens and encumbrances other than the Permitted Exceptions.

B. Seller has made no commitments (either oral or written) to any organization, governmental body, or other entity to dedicate any portion of the Property for public or private use, nor have any requirements for such dedication been imposed upon any portion of the Property.

C. Seller has not received written notice of any pending condemnation or similar proceeding affecting the Property or any portion thereof.

D. Seller has no knowledge of any actions, suits, or proceedings, pending or threatened, against or affecting the Property or any portion thereof, or relating to or arising out of the ownership of the Property or any portion thereof, in any court or before or by any governmental entity.

E. There are no leasehold interests in the Property, or if there are, that they shall be terminated prior to or at the time of Closing.

F. Seller shall not enter into any new lease agreements, occupancy agreements, parking agreements, or any brokerage, service, management, maintenance, or similar contracts, or modify, amend, or renew any such existing agreements or contracts which will extend beyond the Closing Date without the prior written consent of Purchaser.

G. Seller shall keep all existing insurance policies insuring the Property against property damage (if any) in full force and effect pending the Closing.

H. During the time of Seller's ownership of the Property, Seller warrants that, to the best of Seller's knowledge and belief, no hazardous wastes, hazardous substances, pollutants, and/or contaminants were placed, released, stored, buried, disposed, or dumped onto the Property.

I. Seller has no knowledge of any buried, partially buried, or aboveground tanks, storage vessels, drums, or containers located on, in, or under the Property.

J. Seller has no knowledge of any material defects relating to the Property or improvements located thereon, if any, including, but not limited to, termite infestation, structural defects, archaeological sites, unstable soil conditions, or sinkholes.

K. The Property is not the homestead of Seller and that Seller will execute the necessary affidavit as required by the title insurance company to affirm this fact.

As used in this Paragraph 7, the phrase "to Seller's knowledge" and other terms of similar import shall mean and is limited to the actual knowledge of Gary Stalter, Director of Finance, Pierce Manufacturing, Inc., Florida Division, as a representative of Seller, without (i) personal liability to him, or (ii) he being required to conduct any independent inquiry, investigation or inspection, if he lacks actual knowledge.

8. **INSPECTION PERIOD:**

The time period commencing on the Effective Date and continuing for a period of thirty (30) days shall be referred to as the "Inspection Period." If at any time during the Inspection Period Purchaser determines, in its sole and absolute discretion, that the Property is not suitable for Purchaser's purpose for any reason, Purchaser may terminate this Contract by written notice given to Seller on or before the last day of the Inspection Period. Upon termination by Purchaser under this paragraph 8, this Contract shall be null and void, and neither party shall have any rights, liabilities, or obligations hereunder, except with respect to those provisions hereof which expressly survive termination. Upon written notice to Seller prior to the end of the Inspection Period, the Inspection Period may be extended by Purchaser for up to sixty (60) additional days if necessary to complete Purchaser's inspections under paragraphs 9, 10, or 11 below.

9. **TITLE COMPANY AND TITLE INSURANCE:**

Purchaser, at its sole cost and expense, may cause to be delivered at closing an owner's title insurance policy on the Property for the full amount of the Purchase Price issued by a title insurance company and underwriter selected by Purchaser containing the following exceptions ("Permitted Exceptions"):

A. Restrictions and easements of record accepted or waived by Purchaser in accordance with this paragraph 9.

B. Taxes for the year of closing and subsequent years.

Any additional exceptions must be waived and acknowledged by Purchaser as specified in this paragraph 9.

During the Inspection Period, Purchaser shall purchase an owner's title insurance commitment (the "Commitment"). In the event that the Commitment indicates that title to the Property is not marketable for any reason, or contains title defects, covenants, restrictions, or encumbrances which are not acceptable to Purchaser (regardless of whether such defect(s) were known to Purchaser prior to the Effective Date of this Contract), and provided that Purchaser has not previously terminated this Contract during the Inspection Period pursuant to paragraph 8 above, then Purchaser shall notify Seller no later than ten (10) days following the end of the Inspection Period, and Seller shall have the right but not the obligation to cure defects in the title to the reasonable satisfaction of Purchaser (or the title insurance company) within one hundred twenty (120) days after receipt of notice. Upon Seller's failure to cure any such defects in title, or the election not to do so, within the time period set forth above, Purchaser shall have the option to either: (a) terminate this Contract and all rights and liabilities hereunder or (b) accept such title as Seller can convey and proceed with the Closing as if no defect had been found. Notice of Purchaser's election shall be provided to Seller within thirty (30) days from receipt by Purchaser of Seller's notice of curing (or election not to cure), or from the end of the one hundred twenty (120) day cure period, whichever occurs earlier. If Purchaser elects to close this transaction, then the Closing shall occur within fifteen (15) days from the date that said notice is given. If Purchaser elects to terminate this Contract, all rights and liabilities under this Contract shall terminate.

10. **SURVEY:**

During the Inspection Period, Purchaser may obtain a survey of the Property by a professional surveyor registered as such with the State of Florida. If the survey shows any gaps, overlaps, encroachments, or other survey-related defects relating to the Property (regardless of whether such defect(s) were known to Purchaser prior to the Effective Date of this Contract), and provided that Purchaser has not previously terminated this Contract during the Inspection Period pursuant to paragraph 8 above, then Purchaser shall notify Seller no later than ten (10) days following the end of the Inspection Period, and the same shall be treated as a title defect and handled in accordance with paragraph 9 above.

11. **DEVELOPMENT ANALYSIS; ENVIRONMENTAL AND SUBSURFACE TESTING:**

During the Inspection Period, Purchaser and its agents shall have the right to enter the Property, upon reasonable notice to Seller, from time to time, and to perform a Phase I environmental assessment of the Property. Purchaser shall not have the right to conduct any sampling of the water, soil, air or building improvements except in accordance with the terms of this Section or with Seller's express prior written consent.

(a) If Purchaser desires to conduct any sampling of the soil for purposes of geotechnical investigation of the Property, then the proposed scope of such sampling must be submitted to Seller for approval, which approval shall

not be unreasonably withheld, conditioned or delayed. Purchaser shall give Seller at least five (5) business days' advance written notice of Purchaser's proposed plan and/or proposal for such sampling, which is subject to Seller's reasonable review and approval. If Seller does not reject the proposed plan and/or proposal by notice to Purchaser within five (5) business days of receipt of the same, then Seller shall be deemed to have approved the proposed plan and/or proposal. If Seller rejects the proposed plan and/or proposal, Purchaser may either accept the Property "as is" or notify Seller in writing that Purchaser has elected to terminate the Contract (in which event the Earnest Money shall be disbursed to Purchaser and the parties shall have no further obligations hereunder except those provisions that expressly survive).

(b) With the exception of geotechnical investigation, any request to conduct testing or sampling must be based upon specific conditions, if any, that are identified as "recognized environmental conditions" in the Phase I environmental assessment of the Property. In the event that Purchaser's contractor recommends and/or Purchaser's lender requires any testing of the Property, Purchaser shall promptly notify Seller in writing of such request, including the particular test(s) that are requested and the area(s) of the Property which would be affected by such test(s). Within five (5) business days of receipt of such notification, Seller shall notify Purchaser whether Seller will allow Purchaser, or Purchaser's designated contractor, to conduct the requested testing activities, which authorization may be granted or withheld in Seller's sole discretion. If Seller elects not to allow testing, Purchaser may either accept the Property "as is" or notify Seller in writing that Purchaser has elected to terminate the Contract (in which event the Earnest Money shall be disbursed to Purchaser and the parties shall have no further obligations hereunder except those provisions that expressly survive). If Seller elects to allow such testing, Purchaser may obtain, at Purchaser's expense, the proposed test(s) within the Due Diligence Period.

(c) Upon written request, Purchaser shall promptly provide Seller with the results of the any inspection reports, assessments or tests, including copies of all written reports, analytical data, correspondence, notices or other written material.

In the event that Purchaser's inspection of the Property indicates that the Property contains hazardous materials or waste, other pollutants or contaminants, unstable subsurface conditions, significant engineering and/or site development problems or requirements, or similar conditions which are unacceptable to Purchaser (regardless of whether such condition(s) were known to Purchaser prior to the Effective Date of this Contract), and provided that Purchaser has not previously terminated this Contract during the Inspection Period pursuant to paragraph 8 above, then Purchaser shall notify Seller no later than ten (10) days following the end of the Inspection Period, and the same shall be treated as a title defect and handled in accordance with paragraph 9 above. In no event shall Seller be required to cure any matter to which the Purchaser objects relating to the condition of the Property. Purchaser agrees not to

hinder or disturb the ongoing operations being conducted by Seller on the Property, and further agrees to repair and restore any physical damage caused by such inspections and return the Property to materially the condition it was in prior to such disturbance. Purchaser shall, to the extent allowed by law and subject to Section 768.28, Florida Statutes, indemnify, defend, and hold Seller harmless from and against any claim, cost, charge, or expense arising from or resulting from such inspections of the Property.

12. **REPORTS AND DOCUMENTS:**

Within ten (10) days after the Effective Date of this Contract, Seller will provide to Purchaser copies of all written reports in Seller's possession relating to the environmental condition of the Property; past and current notices of property tax bills; all plans, permits, maps, and approvals; any and all boundary surveys; and any existing title policy or commitment together with hard copies of any and all exceptions. Seller hereby acknowledges that the reports may have been prepared by third parties and are provided to Purchaser without representation or warranty of any kind, it being understood that Purchaser shall be solely responsible for conducting such inspections as it deems reasonably appropriate regarding the Property. .

13. **CONDITIONS TO CLOSING:**

Unless waived by Purchaser in writing, the obligation of Purchaser to close this transaction is expressly conditioned upon satisfaction of all of the following conditions by the date of Closing. If such conditions are not so met, Purchaser may elect either to terminate this Contract by written notice to Seller or close the transaction contemplated in this Contract and thereby waive Seller's performance of those conditions which have not been satisfied. If Purchaser elects to terminate this Contract, all rights and liabilities under this Contract shall terminate except with respect to any intentionally false representation or intentional breach of warranty by Seller.

A. All representations and warranties of Seller as of the Effective Date, as contained in paragraph 7 above of this Contract, shall be and remain true and correct at Closing in all material respects.

B. There shall have been no loss or destruction of or damage to the Property which shall not have been repaired or restored by Seller prior to the date of Closing, and there shall have been no adverse change in the condition of the Property from the Effective Date to the date of closing, reasonable wear and tear excepted.

C. At Closing, Seller shall transfer good and marketable title to the Property free and clear of all liens and encumbrances of every kind, nature, and description, except for the Permitted Exceptions to Purchaser by means of the Special Warranty Deed, and shall grant the easement rights set forth in the Temporary Construction Easement.

D. Purchaser obtaining, at Purchaser's sole cost and expense, all necessary approvals and permits from applicable governing bodies and regulatory agencies to utilize the Property for Purchaser's intended purpose, including, but not limited to, a rezoning of the Property for Purchaser's intended use, and the final disposition of any and all appeal(s) that may be filed in connection with such approvals and permits by the applicable judicial or administrative body. Following the execution of this Contract, Purchaser shall file application(s) with the appropriate governmental agencies to approve the intended use of the Property. Seller agrees to cooperate with and assist Purchaser in filing and processing said application(s), including, but not limited to, the execution of the application form(s) and other required documents. Seller shall not be responsible for any monetary payments for fees associated with any rezoning or permitting process.

14. **DEFAULT:**

Except as otherwise provided herein, if Seller is not in default pursuant to any of the terms of this Contract and Purchaser fails to purchase the Property or to perform any of the covenants, conditions, or warranties of this Contract, Seller, at Seller's option, may proceed at law or in equity to enforce Seller's legal rights under this Contract. If Seller for any reason fails to perform any of the covenants, conditions, or warranties of this Contract, Purchaser shall at its option (a) waive the nonperformance and proceed with Closing or (b) have the remedy of specific performance of this Contract.

15. **AVAILABILITY OF FUNDING:**

The obligations of Purchaser under this Contract are subject to the availability of funds lawfully appropriated annually for its purposes for public transit by the Board of County Commissioners and/or the availability of funds through contract or grant programs. In the event that such funds are not appropriated or are terminated during the term of this Contract, Purchaser shall have the option of terminating this Contract and all covenants and obligations hereunder by providing thirty (30) days written notice to Seller. If Purchaser elects to terminate this Contract, all rights and liabilities of the Parties arising under this Contract shall terminate.

Action Requested

Authorization for Chairman to execute Contract for Sale and Purchase for a Special Warranty Deed and a Temporary Construction Easement with Oshkosh Corporation for the 44th Avenue East Road Right of Way Improvement Project in the amount of \$76,000.

It is hereby requested that a check in the amount of \$76,000 be made payable to Signature Title Company.

Enabling/Regulating Authority

Chapters 125 and 127, Florida Statute. Comp Plan - Goal 5.1 addresses the safety and efficiency of forecasted vehicular demands.

Background Discussion

The 44th Avenue East Road Right of Way Improvement Project was approved in the FY 1994/1995 CIP on February 25, 1994, and reapproved in FY 2009/2010 CIP on September 15, 2009, Resolution R-09-219.

An appraisal by Shawn Wilson, MAI, of Compass Real Estate Consulting, Inc., on June 25, 2010, for Parcels 143 A/B and 843 valued the land at \$3.00 per square foot or \$130,000, and improvements including chain link fencing, paving, wheel stops, retaining wall remnants and sod valued at \$14,700, and cost to cure including sod, pavement, asphalt and fencing replacement, demolition, clearing and grading, and installation of awning valued at \$124,000, for a total value of \$268,700.

The property is located at 1512 38th Avenue East, and situated on the east side of 15th Street East and on the north side of the 44th Avenue East Road Right of Way. In order to accommodate the property owner, changes were made to the construction plans, and the acquisition requirements for the 44th Avenue East Road Project are as follows: Parcel 143A contains 63,162 square feet (1.45 acre) and Parcel 143B contains 15,681.6 square feet (0.36 acre) of Road Right of Way, and Parcel 743 contains 216 square feet for a

Temporary Construction Easement.

The County agreed to be responsible for the engineering, design and construction of a storm water drainage system and related facilities to capture, discharge and drain current and future surface, storm and other water runoff from the Parent Tract, as per the 44th Avenue East Roadway Project, Construction Plans; therefore, a reduced settlement was reached at \$76,000. There are no attorney fees or other related fees and costs.

The Contract for Sale and Purchase for a Special Warranty Deed and a Temporary Construction Easement is hereby submitted to the BCC for execution.
