Background Discussion

On February 26, 2013, Regular Meeting the BCC adopted Resolution R-13-038 and executed the Subordination for the same project, Parcel 102.4.

The Resolution and Subordination for parcel 105.3 is one of the continuous action requests from FDOT.

On October 27, 1992, a Utility Easement, recorded in O.R. Book 1411 Page 7459, was granted to Manatee County from Bayshore Gardens Venture.

The FDOT is requesting that Manatee County convey its interest in the portion of the easement that lies within the right of way for future road improvements. The project is identified as FPID Number 4295031, Section 13010-000, Parcel 105.3.

The FDOT is willing to pay for the relocation of the Utility's facilities, if necessary.

The property being conveyed is needed for transportation purposes which are in the interest to the community.

The subject property is located south of 60th Avenue West on the west side of U.S. 41.

Resolution and Subordination of County Utility Interests are hereby presented to the BCC for adoption and execution.

RE: **Subordination of County Utility Interests to Florida Department of Transportation / Road Improvement Project S.R. 45 (US 41 a/k/a 14th Street West) Between Bayshore Gardens Parkway and 60th Avenue West, Parcels 100.3 and 102.2**
RLS-13-007 Received January 10, 2013; CAO File 8003-121

I have been asked to review a document entitled "Subordination of County Utility Interests" which was presented to Manatee County Public Works Department in a letter dated December 19, 2012, by District One, Florida Department of Transportation ("FDOT"). The letter states that it has attached for our review and execution two subordinations of utility interests covering Parcel 100.3 and 102.2. The letter states that if the facilities need to be adjusted or relocated within the parcels that Manatee County will be eligible for reimbursement pursuant to the agreement. Finally, the letter asks that Manatee County execute the subordination agreements and return them to FDOT office by January 23, 2012, for processing and that FDOT will return one copy of the recorded documents to us for our files.

In reviewing the subordination agreement, I find that the agreement is a standard agreement typically used by FDOT as a utilities form, 23-UTL. 02-05/09. The agreement is between the Florida Department of Transportation and the County of Manatee, Utility Agency Organization. This should be changed to Manatee County Board of County Commissioners or "Manatee County."

Paragraph 1 provides that the Utility (Manatee County) will have the right to construct, operate, maintain, improve, add to, upgrade, remove, and relocate the facilities on or within the lands

described herein, and the lands described herein are an easement recorded October 27, 1992, from Bayshore Gardens Venture to Manatee County in O.R. Book 1411, Page 7459. Continuing in paragraph 1, FDOT agrees to pay the cost of relocation and construction, including the cost of acquisition of appropriate easements should the Utility (Manatee County) require removal or relocation.

Paragraph 2 provides that the terms of the utility permits shall supersede any contrary provisions, except of the provision herein with reimbursement rights.

Paragraph 3 provides that the Utility (Manatee County) has a reasonable right to enter upon the lands for purposes described in paragraph 1, including the right to trim trees and bushes which might endanger the facility, providing that the right do so does not interfere with the operation and safety of FDOT facilities, being the right-of-way U.S. 41.

Paragraph 4 provides that the Utility (Manatee County) agrees to repair any damage to the U.S. 41 facility and indemnify FDOT against any loss or damage resulting from the Utility (Manatee County) exercising its rights outlined in paragraphs 1 and 3. Paragraph 4 should be revised to read as follows:

“4. The Utility agrees to repair any damage to FDOT facilities and to the extent provided by Florida Statutes § 768.28 indemnify the FDOT against any loss or damage resulting from the Utility exercising its rights outlined in paragraphs 1 and 3 above.”

The form of the agreement is consistent with other forms of this nature presented to this office by the Florida Department of Transportation for the subordination of utility interests and with the exception of the additional language required in paragraph 4 above, is in a form that is legal and proper for consideration by the Board of County Commissioners.

Manatee County customarily does not execute these kinds of agreements prior to the execution by the requesting party; however, since Manatee County is granting to the Florida Department of Transportation the subordination of the utility interests, it should execute the agreement first and return it to FDOT for execution and recordation.
