Dear Mr. Benninghoff,

Would Channel 7 consider doing a safety story for our children. I believe this would make a good story and bring awareness to all involved.

Thank you for your time and consideration in this matter.

Dear Mr. Thompson,,

The Community of New Pearce is requesting your department to investigate the above incidents that goes on a daily basis going thru our residential neighborhood.

As this is the street our children are dropped off from our elementary, middle and high schools it is a very dangerous situation for our children as they have to walk this street to get to there homes, in addition we have no sidewalks.

We are requesting portable scales to weigh and find these trucks in an effort to have them obey the weight limit and no go thru our neighborhood as these trucks have an alternative exit from this road.

Can you please help the residents and children of our neighborhood.

Thank you for your time and consideration in this matter. I may be reached at the above email or my personal cell 941-296-489

"The rifle itself has no moral stature, since it has no will of its own. Naturally, it may be used by evil men for evil purposes, but there are more good men than evil, and while the latter cannot be persuaded to the path of righteousness by propaganda, they can certainly be corrected by good men with rifles."
