FYI. I think this is a good public awareness video and we plan on using this a lot.

Melissa:

I received approval from our video cast members so we are good to make it live on YouTube. Erin Gostkowski will get with Mike Brown to embed on the department's web page. Cindi or CJ will pass along the video link to the contractors interviewed.

I noticed that you are listed to speak at the leadership team meeting this Wednesday regarding custom video production. Perhaps you could show this video to the management team.

Thank you all for your hard work, imagination, and inspiration in making this video for our citizens to show the value of hiring licensed contractors.

Hey All,

I finally finished the unlicensed contractor video. Let me know if you need me to fix anything on it.

Once it is approved by everyone we will make it live on youtube and if you want it embed onto your county web page Mike Brown will be able to do that for you. .

Also, I do not have the emails for the contractors that were interviewed. If you could pass it along to them as well I would really appreciate it.

Here is the link:
