Enabling/Regulating Authority

Background Discussion

- Manatee County Ordinance No. 09-50, adopted on December 1, 2009, established the Port Manatee Improvement District; provided definitions; established the Port Manatee Improvement Trust Fund; and authorized the deposit and use of tax increment revenues.
- Attachment A of the ordinance included a map that has been determined inadequate by the Property Appraiser. The Property Appraiser cannot proceed with appraisals on or near this property without accurately described and drawn boundary lines.
- This ordinance amends Ordinance No. 09-50 by updating Exhibit A as a professionally rendered sketch and description which meets industry standards of using landmarks (metes and bounds) as well as plat markings.

Debbie:

Pursuant to the above Request for Legal Services you have asked this office to assist in drafting the above referenced ordinance to clarify the boundaries of the Port Manatee Improvement District. I provide the following advice in response:

1. Attached is a draft ordinance that includes the requested amendments. It address the issues raised in the RLS. Please review it and let me know if you have any changes from a policy standpoint. Please allow this office to review any changes to the ordinance via redline or tracked changes.
2. Staff should attach the revised description of district boundaries to the ordinance when it is scheduled for Board consideration.
3. The RLS also requests the advice of this office regarding the adoption process for the ordinance. Pursuant to Florida Statute 125.66, the Board must adopt the ordinance in a duly noticed public hearing. Notice must be published in a newspaper of general circulation at least 10 days in advance of the hearing. Copies of the ordinance must be available for public inspection during the notice period. Attached is a draft notice that follows the County's standard form. Please coordinate with the agenda staff in the County Administrator's Office to schedule and advertise the ordinance.

Subject to the issues set forth above being addressed, I have no objection from a legal standpoint to the ordinance being scheduled for consideration by the Board. I express no opinion as to the business or policy judgment of adopting the ordinance.

This concludes my response to the RLS. Please contact me if you have any questions or concerns.
