**Subject:** study to confederate monument

Charlie, I met with Ed today and told him I was requesting the study done on the confederate monument. As Ed stated, it should go to all Commissioners and I agree. All Commissioners should have all the information, therefore, please forward to each the study done on the condition of the monument. I am asking Marianne, to forward this email to each Commissioner.

If there is some reason we cannot receive this in 24 hours please let me know.

Vanessa Baugh  
Manatee County Commission  
District 5
