Background Discussion

On a monthly basis, a number of departments provide current data for the promulgation of the dashboard report. The dashboard report delineates the activity of certain departments and functions and provides a quick overview of the activities and/or revenues for selected parameters within the county. We continue to adjust these parameters based on input and the value of the data.

The dashboards are reported in a fiscal year format so that we can offer a closer comparison of outcomes to the budget cycle.

The Dashboard Reports are available on the Manatee County web site at mymanatee.org/reports.
