RE: Traffic Signal Maintenance and Compensation Agreement

Dear Mr. Burkett:

I have enclosed an executed Exhibit A for Fiscal Year 2021/2022 for your files. This will provide for signal maintenance reimbursement as stipulated in the Traffic Signal Maintenance and Compensation Agreement.

If you have any questions regarding this matter, please contact me at (863) 519-2746.

Sincerely,

DocuSigned by:

Action Requested

Authorize the Chairman to execute the annual Exhibit 'A' renewal to the Traffic Signal Maintenance and Compensation Agreement with the Florida Department of Transportation for FY 2021-2022.

Enabling/Regulating Authority

Florida Statute Chapter 125 - County Government

Resolution R-02-253

Background Discussion

The Board of County Commissioners executed a Master Agreement with the Florida Department of Transportation (FDOT) on September 17, 2002, for the operation and maintenance of the traffic signals located on State Highways within the unincorporated portion of Manatee County. The agreement requires the County to operate and maintain the traffic signals on State Highways in compliance with the rules and standards of the FDOT in exchange for compensation to the County by a statewide formula developed by the FDOT.

Each year the FDOT submits a revised Exhibit 'A' to the Master Agreement that establishes the current list of traffic signals and device locations and the amount of compensation due for each device location under the formula for the Board's review and approval.

On June 16, 2020, the Board and the FDOT executed an update to this Master Agreement. This update included new maintenance requirements and compensation for additional devices above and beyond what was included within the previous agreement.

The total compensation for FY 20/21 was \$540,587.

The proposed total compensation for FY 21/22 is \$562,785.

Public Works staff has reviewed the FY 21/22 Exhibit 'A' and agrees it is a complete and accurate listing of the traffic control devices operated and maintained by the County under the terms of the Agreement with the FDOT.

Staff recommends the Board approve the new FY 2021/2022 Agreement.

RE: **State of Florida Department of Transportation Traffic Signal Maintenance and Compensation Agreement – Fiscal Year 2021/2022; CAO Matter No. 2021-0186**

Issue Presented:

In this Request for Legal Services (RLS), you have asked the County Attorney's Office (CAO) to review the updated Exhibit A to the Traffic Signal Maintenance and Compensation Agreement (Agreement) between the Florida Department of Transportation (FDOT) and the County for legal sufficiency.

Brief Answer:

I have reviewed the updated Exhibit A as well as the Agreement. I have no objection from a legal standpoint to this matter being presented to the Board of County Commissioners of Manatee County, Florida (Board) for consideration and execution.

* Board Certified in City, County & Local Government Law

Facts:

On May 23, 2017, the Board executed this Agreement with the FDOT for the operation and maintenance of traffic signals located on state highways within the unincorporated portions of Manatee County. The Agreement requires the County to operate and maintain the traffic signals in compliance with rules and standards of the FDOT in exchange for compensation to the County. The amount of compensation is based on a formula developed by FDOT and applied uniformly throughout the state. Pursuant to the Agreement, the parties are to update an exhibit to the Agreement (Exhibit A) annually prior to the start of the FDOT's fiscal year through an amendment to the Agreement. Exhibit A contains a list of the traffic signals and devices covered by the Agreement.

Discussion:

I provide the following advice in response to this RLS:

1. The FDOT has furnished staff with an updated Exhibit A for FDOT's 2021/2022 fiscal year.
2. Staff has reviewed the changes and has found the list of inventory to be correct.
3. Pursuant to paragraph 12 of the Agreement, only the Board is authorized to execute any amendments to Exhibit A.

Conclusion:

There were no specific legal issues raised in this RLS. I have no objection from a legal standpoint to this amended Exhibit A being presented to the Board for approval. I express no opinion as to the business judgment of accepting this amended Exhibit A. This completes my response to your RLS. Please contact me if you have any questions or if I can be of further assistance.
