TPF shall provide County's representative, as defined in Article 10 of this Agreement, all necessary information, records and contracts required by this Agreement as requested by County's representative for monitoring and evaluation of services within three (3) business days following the date of such request, or as otherwise agreed upon with County's Representative. TPF's information shall be made available to County for audit, inspection or copying during normal business hours and as often as County may deem necessary, except for client records protected by client confidentiality rules or regulations established by State or Federal law. In cases where client confidentiality applies, TPF shall provide requested records in a fashion which maintains confidentiality. County shall have the right to obtain and inspect any audit pertaining to the performance of this Agreement or TPF made by any local, State or Federal agency. TPF shall retain all of its records and supporting documents related to this Agreement in accordance with all applicable laws, rules and regulations; in the absence of any other requirement, such records and supporting documents will be retained by TPF for at least three (3) years after the termination of this Agreement.

iv. Upon completion of the Agreement, transfer, at no cost, to the County all public records in possession of TPF or keep and maintain public records required by the County to perform the service. If TPF transfers all public records to the County upon completion of the Agreement, TPF shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If TPF keeps and maintains public records upon completion of the Agreement, TPF shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the COUNTY, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

IF TPF HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE COUNTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: 941.742.5845, Debbie.Scaccianoce@mymanatee.org, Attn: Records Manager 1112 Manatee Avenue West, Bradenton FL 34205.

C: COMPLIANCE WITH LAWS; NON-DISCRIMINATION. The performance of this Agreement shall be in compliance with all applicable laws, orders and codes of Federal, State, and local governments and the Americans with Disabilities Act. Additionally, TPF covenants and agrees that no person shall on the grounds of race, creed, color, disability, national origin, sex, age, political affiliation or beliefs be excluded from participation in, be denied the benefits of employment by agency, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available by the County in any manner that is in violation of any provision of the Constitutions of the United States and the State of Florida, or any applicable code, rules or laws.

D: LICENSES. TPF shall obtain any licenses required to provide the Program and maintain full compliance with any licensure requirements. Copies of reports provided to or by any licensing or regulatory agency shall be made available upon request of County's Representative.

E: CONTRACTUAL LIABILITY. The relationship of the County to TPF shall be that of an independent contractor. Nothing herein contained shall be construed as vesting or delegating to TPF or any of the officers, employees, personnel, agents, or subcontractors of TPF any rights, interest or status as an employee of the County. The County shall not be liable to any person, firm or corporation that is employed by, contracts with or provides goods or services to the TPF in connection with the Program or for debts or claims accruing to such parties. TPF shall promptly pay, discharge or promptly take such action as may be necessary and reasonable to settle such debts or claims.

F: SUBCONTRACTORS. A part of the consideration provided by County hereunder is based upon the need to establish and maintain a fiscally sound not-for-profit entity to provide the Program to serve the interests and welfare of the residents of the County. Therefore, TPF agrees that the Program shall be provided by volunteers or employees of TPF, and not by subcontractors. Nothing herein shall preclude employment of personnel through a lease or similar arrangement with the approval of County's representative, or contracts or leases for materials, supplies, facilities and other support services for TPF's program.

(Every page must be initialed by all parties signing the document)

G: NON-ASSIGNABILITY. TPF may not assign, transfer, or encumber this Agreement or any right or interest in this Agreement.

H: TPF'S REPRESENTATIVES. Within thirty (30) days from the date of execution of this Agreement by both parties, TPF shall provide the County with a list of representatives authorized to act on behalf of TPF. The list of authorized representatives shall be approved by the TPF's Board of Directors.

I: TPF'S DIRECTORS. TPF's paid staff shall not be a voting or elected member of the TPF's Board of Directors, and its directors shall not have, by virtue of their employment, recurring conflicts of interest between their employment and their legal duties to TPF. To avoid conflicts in the contract monitoring process, no current officer or employee of the Manatee County Community Services Department may serve on TPF's governing board.

ARTICLE 8: INDEMNIFICATION. TPF shall indemnify, keep and save harmless, and defend the County, its agents, officials and employees, against all injuries, deaths, losses, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may accrue against the County arising out of the performance of or failure to perform the Program required by this Agreement or the terms of this Agreement, whether or not it shall be alleged or determined that the act was caused through negligence or omission of TPF or its employees, or of the subcontractors or its employees, if any. TPF shall pay all charges of attorneys and all costs and other expenses incurred in connection therewith, and if any judgment shall be rendered against the County in any such action, the TPF shall, at its own expense, satisfy and discharge the same. Any performance bond or insurance protection required by this Agreement, or otherwise provided by TPF, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County as herein provided. The indemnity hereunder shall continue until such time as any and all claims arising out of TPF's performance or failure to perform under this Agreement have been finally settled, regardless of when such claims are made. Nothing herein shall be interpreted as a waiver of County's rights, including the limitation of waiver of immunity, as set forth in Section 768.28, Florida Statutes

In the event that any action, suit or proceeding is brought against the County upon any liability arising out of this Agreement, County shall give notice thereof in writing to TPF at the above listed address. Upon receipt of notice, TPF, at its own expense, may defend against such action and take all such steps as may be necessary or proper to prevent a judgment against the County. Nothing in this Agreement shall be deemed to affect County's right to provide its own defense and to recover from TPF attorney's fees and expenses associated with such representation or the rights, privileges and immunities of the County as set forth in Florida Statute 768.28.

ARTICLE 9: INSURANCE. Without limiting any of the other obligations or liabilities of TPF, TPF shall, at the TPF's sole expense, procure, maintain and keep in force amounts and types of insurance necessary to cover the cost of its obligations pursuant to Article 8. TPF shall provide a Certificate of Insurance as evidence of coverage, along with all applicable endorsements. of the insurance for which a previous certificate has been provided. In the event a renewal or replacement certificate is not available TPF shall, not less than the day prior to expiration of any existing policy, provide County with evidence of a binder proving continuation of coverage and a new certificate as reasonably soon as possible.

TPF shall immediately notify County upon lapse in the coverages required by this Agreement or cancellation of any of the insurance policies. TPF shall not provide any services under this Agreement during any such period of lapse or after cancellation of the insurance coverages required herein without the express written permission of the County's representative.

ARTICLE 10: COUNTY'S REPRESENTATIVE. Manatee County Parks and Natural Resources Director or Manatee County Parks and Natural Resources Athletics Supervisor shall serve as the County's representative and are authorized to interpret this Contract and designate such additional employees as may be required to monitor TPF's performance, provide technical assistance, and assume other administrative duties associated with the implementation of this Agreement. ARTICLE 15: DISCLAIMER OF THIRD-PARTY BENEFICIARIES. This Agreement is solely for the benefit of the parties hereto, and no right, privilege, or cause of action shall be reason hereof accrue upon, to, or for the benefit of any third party, including without limitation any subcontractors of the TPF and any providers of promotional, advertising or other services, or goods, purchased by TPF. Full Participation by agencies or summer locations include:

Parks & Natural Resources at G.T. Bray Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”, the “COVID Slide”, and the COVID Slowdown. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year. “COVID Slide” is the learning loss experienced by children due to schools being closed and remote learning options. “COVID Slowdown” is students not reaching expected learning goals.

The County, as part of the Suncoast Summer Reading Challenge (SSRC), will share information and enthusiasm with children inspiring them to read and log at least 6 books at their appropriate reading level* between June 1, 2021 and August 6, 2021 (10 weeks) *Appropriate Reading Level: Remember the goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Goal: The County will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Grade 3. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Initial

(Every page must be initialed by all parties signing the document)

Each location's Team Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Virtual Summer Reading Challenge virtual Blast Off event on May 22, 2021.

- This Blast Off is a blast! This event is open to **all** staff and volunteers from all participating summer locations. We encourage wide participation. The virtual Blast Off will include professional development, motivational information, 25 door prizes will be awarded during the event, and information about "THIS BOOK IS COOL!" programming available to summer programs.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

- The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don't forget to include your volunteers, the more you train...the stronger we'll be!

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer program.

All students who are participating virtually as part of the summer program's cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given a "Reading is the Key to Succeeding" face mask and a Brag Tag and chain. As children read more than 6 books, additional Brag Tags will be awarded, 1 Brag Tag for every 5 additional books.

- The awarding of bracelets, face masks and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn a "Reading is the Key to Succeeding" face mask and one Brag Tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled "THIS BOOK IS COOL!" Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why "THIS BOOK IS COOL", vocabulary words to add to the TBIC Word Bank, and a suggested activity that is connected to the book. Participating on-site summer programs will receive a "THIS BOOK IS COOL" activity guide with step by step instructions for all 100 suggested activities and special TBIC Word Bank activities along with up to two sets of the 100 featured books. All Summer Reading Challenge materials will be assembled in a tool-kit for each provider.

Initial   _____
(Every page must be initialed by all parties signing the document)

The “THIS BOOK IS COOL!” webisodes may be used as part of a summer program’s in-person or virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond “THIS BOOK IS COOL!”.

Stay connected throughout the summer. Team Leaders/Contact persons at each Summer program, on-site and virtual, will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week’s reading activities. The Engagement Team Member will share what is working at other locations.

Keeping track - The Team Leader/Contact person for on-site summer programs with a virtual cohort, will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential? The County will plan at least two Summer reading activities each week in addition to the “THIS BOOK IS COOL!” webisodes and activities. A weekly list of actual activities will be in the site’s weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families and will promote the 5 Family Engagement Nights offered by SCGLR during the summer.

Each summer program is encouraged to prioritize parent and family engagement throughout the summer. Keep parents and family members informed about daily activities and special events. When possible, invite their participation. Share their child’s successes with them and find opportunities to praise positive behaviors.

The Suncoast Campaign for Grade-Level Reading will sponsor five Family Engagement events. All summer providers are encouraged to promote robust family attendance at these virtual events. Three prizes will be awarded after each event to the Summer providers with the highest number of families attending. (number of families attending compared to the number of children participating in SSRC). Each event will include ten opportunities for families to win \$100 gift cards provided by the generosity of The Patterson Foundation.

Give the students a shout-out! Students reaching 4 books read, 5 books read, 6 books read and beyond will be acknowledged in print at their summer location in at least one way. (For example: names and photos on a bulletin board, on a poster) Students reaching these goals who are participating in a virtual cohort will be recognized in a newsletter, in an electronic letter home, or acknowledged on a website.)

All locations will be encouraged to engage Parents, Board Members, Staff, and volunteers in the celebration of National Summer Learning Week, July 12 – 16. Photos and short videos of celebration events will be shared in the provider’s weekly reports to be shared by The Patterson Foundation both regionally and nationally.

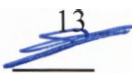

The County agrees to encourage honesty in the accurate accounting of books read. The integrity pledge will be printed on each Suncoast Reading Challenge log:

I understand it is my responsibility to keep my brain, body, and character strong. I know that reading books over the summer is important for my brain and my future. I will keep a truthful record in this log of books I have read this summer. Watch as I build a better me!

The first time the students take the pledge they will receive a sticker with the pledge printed upon it. Students in virtual cohorts will be sent an electronic copy of the sticker. The integrity pledge is an opportunity for character building and may be combined with games and activities and recommended books.

***Participating students – weekly reading progress must be reported.**

Parks & Natural Resources at John H. Marble Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”, the COVID Slide”, and the COVID Slowdown. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year. “COVID Slide” is the learning loss experienced by children due to schools being closed and remote learning options. “COVID Slowdown” is students not reaching expected learning goals.

The County, as part of the Suncoast Summer Reading Challenge (SSRC), will share information and enthusiasm with children inspiring them to read and log at least 6 books at their appropriate reading level* between June 1, 2021 and July 30, 2021 (9 weeks) *Appropriate Reading Level: Remember the goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Goal: The County will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Grade 3. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Each location’s Team Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Virtual Summer Reading Challenge virtual Blast Off event on May 22, 2021.

- This Blast Off is a blast! This event is open to **all** staff and volunteers from all participating summer locations. We encourage wide participation. The virtual Blast Off will include professional development, motivational information, 25 door prizes will be

Initial   _____

awarded during the event, and information about “THIS BOOK IS COOL!” programming available to summer programs.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

- The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don’t forget to include your volunteers, the more you train...the stronger we’ll be!

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer ~~location~~ program.

All students who are participating virtually as part of the summer program’s cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given an “Reading is the Key to Succeeding” face mask and a Brag Tag and chain. As children read more than 6 books, additional Brag Tags will be awarded, 1 Brag Tag for every 5 additional books.

- The awarding of bracelets, face masks and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn a “Reading is the Key to Succeeding” face mask and one Brag Tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled “THIS BOOK IS COOL!” Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why “THIS BOOK IS COOL”, vocabulary words to add to the TBIC Word Bank, and a suggested activity that is connected to the book. Participating on-site summer programs will receive a “THIS BOOK IS COOL” activity guide with step by step instructions for all 100 suggested activities and special TBIC Word Bank activities along with up to two sets of the 100 featured books. All Summer Reading Challenge materials will be assembled in a tool-kit for each provider.

The “THIS BOOK IS COOL!” webisodes may be used as part of a summer program’s in-person or virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond “THIS BOOK IS COOL!”.

Stay connected throughout the summer. Team Leaders/Contact persons at each Summer program, on-site and virtual, will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week's reading activities. The Engagement Team Member will share what is working at other locations.

Keeping track - The Team Leader/Contact person for on-site summer programs with a virtual cohort, will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential? The County will plan at least two Summer reading activities each week in addition to the "THIS BOOK IS COOL!" webisodes and activities. A weekly list of actual activities will be in the site's weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families and will promote the 5 Family Engagement Nights offered by SCGLR during the summer.

Each summer program is encouraged to prioritize parent and family engagement throughout the summer. Keep parents and family members informed about daily activities and special events. When possible, invite their participation. Share their child's successes with them and find opportunities to praise positive behaviors.

The Suncoast Campaign for Grade-Level Reading will sponsor five Family Engagement events. All summer providers are encouraged to promote robust family attendance at these virtual events. Three prizes will be awarded after each event to the Summer providers with the highest number of families attending. (number of families attending compared to the number of children participating in SSRC). Each event will include ten opportunities for families to win \$100 gift cards provided by the generosity of The Patterson Foundation.

Enabling/Regulating Authority

Florida Statutes, Chapter 125

Background Discussion

On April 4, 2017, the Board adopted the "Reach Out and Read Month" Proclamation. Among others, The Patterson Foundation was recognized as providing funding through their Suncoast Campaign for Grade-Level Reading. The campaign mission is to bridge the gap between school years, reducing the decline in reading levels by students over the summer.

On June 20, 2017, the Board authorized execution of the Agreement for Charitable Services between The Patterson Foundation and Manatee County. The agreement presented an opportunity for the Parks & Natural Resources Department's summer camp program to participate in the Suncoast Campaign for Grade-Level Reading.

Now that the Manatee County Summer Blast Camp programs have been officially recognized as a participating program since 2017, The Patterson Foundation has requested our participation again for the 2021 Summer Camp Program.

We are seeking the Board's approval to execute the agreement whereby staff will identify and commit to how the funding will be spent to ensure we can offer the best program for participants, the children of Manatee County. Our commitments will be the hiring of two additional site program leads for the summer that are not normally allocated, the purchase of more books, and increased spending for activities and supplies associated with the reading initiative.

This Suncoast Summer Reading Challenge Agreement for Charitable Services is very similar to agreements presented in past years. The County Attorney's Office has accepted this year's incorporated changes into the final document. The agreement has been signed by The Patterson Foundation and is ready for final Board approval and execution.

iv. Upon completion of the Agreement, transfer, at no cost, to the County all public records in possession of TPF or keep and maintain public records required by the County to perform the service. If TPF transfers all public records to the County upon completion of the Agreement, TPF shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the COUNTY, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

C: COMPLIANCE WITH LAWS; NON-DISCRIMINATION. The performance of this Agreement shall be in compliance with all applicable laws, orders and codes of Federal, State, and local governments and the Americans with Disabilities Act. Additionally, TPF covenants and agrees that no person shall on the grounds of race, creed, color, disability, national origin, sex, age, political affiliation or beliefs be excluded from participation in, be denied the benefits of employment by agency, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available by the County in any manner that is in violation of any provision of the Constitutions of the United States and the State of Florida, or any applicable code, rules or laws.

D: LICENSES. TPF shall obtain any licenses required to provide the Program and maintain full compliance with any licensure requirements. Copies of reports provided to or by any licensing or regulatory agency shall be made available upon request of County's Representative.

E: CONTRACTUAL LIABILITY. The relationship of the County to TPF shall be that of an independent contractor. Nothing herein contained shall be construed as vesting or delegating to TPF or any of the officers, employees, personnel, agents, or subcontractors of TPF any rights, interest or status as an employee of the County. The County shall not be liable to any person, firm or corporation that is employed by, contracts with or provides goods or services to the TPF in connection with the Program or for debts or claims accruing to such parties. TPF shall promptly pay, discharge or promptly take such action as may be necessary and reasonable to settle such debts or claims.

F: SUBCONTRACTORS. A part of the consideration provided by County hereunder is based upon the need to establish and maintain a fiscally sound not-for-profit entity to provide the Program to serve the interests and welfare of the residents of the County. Therefore, TPF agrees that the Program shall be provided by volunteers or employees of TPF, and not by subcontractors. Nothing herein shall preclude employment of personnel through a lease or similar arrangement with the approval of County's representative, or contracts or leases for materials, supplies, facilities and other support services for TPF's program.

G: NON-ASSIGNABILITY. TPF may not assign, transfer, or encumber this Agreement or any right or interest in this Agreement.

H: TPF'S REPRESENTATIVES. Within thirty (30) days from the date of execution of this Agreement by both parties, TPF shall provide the County with a list of representatives authorized to act on behalf of TPF. The list of authorized representatives shall be approved by the TPF's Board of Directors.

ARTICLE 8: INDEMNIFICATION. TPF shall indemnify, keep and save harmless, and defend the County, its agents, officials and employees, against all injuries, deaths, losses, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may accrue against the County arising out of the performance of or failure to perform the Program required by this Agreement or the terms of this Agreement, whether or not it shall be alleged or determined that the act was caused through negligence or omission of TPF or its employees, or of the subcontractors or its employees, if any. TPF shall pay all charges of attorneys and all costs and other expenses incurred in connection therewith, and if any judgment shall be rendered against the County in any such action, the TPF shall, at its own expense, satisfy and discharge the same. Any performance bond or insurance protection required by this Agreement, or otherwise provided by TPF, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County as herein provided. The indemnity hereunder shall continue until such time as any and all claims arising out of TPF's performance or failure to perform under this Agreement have been finally settled, regardless of when such claims are made. Nothing herein shall be interpreted as a waiver of County's rights, including the limitation of waiver of immunity, as set forth in Section 768.28, Florida Statutes

In the event that any action, suit or proceeding is brought against the County upon any liability arising out of this Agreement, County shall give notice thereof in writing to TPF at the above listed address. Upon receipt of notice, TPF, at its own expense, may defend against such action and take all such steps as may be necessary or proper to prevent a judgment against the County. Nothing in this Agreement shall be deemed to affect County's right to provide its own defense and to recover from TPF attorney's fees and expenses associated with such representation or the rights, privileges and immunities of the County as set forth in Florida Statute 768.28.

ARTICLE 9: INSURANCE. Without limiting any of the other obligations or liabilities of TPF, TPF shall, at the TPF's sole expense, procure, maintain and keep in force amounts and types of insurance necessary to cover the cost of its obligations pursuant to Article 8. of the insurance for which a previous certificate has been provided. In the event a renewal or replacement certificate is not available TPF shall, not less than the day prior to expiration of any existing policy, provide County with evidence of a binder proving continuation of coverage and a new certificate as reasonably soon as possible.

TPF shall immediately notify County upon lapse in the coverages required by this Agreement or cancellation of any of the insurance policies. TPF shall not provide any services under this Agreement during any such period of lapse or after cancellation of the insurance coverages required herein without the express written permission of the County's representative.

ARTICLE 10: COUNTY'S REPRESENTATIVE. Manatee County Parks and Natural Resources Director or Manatee County Parks and Natural Resources Athletics Supervisor shall serve as the County's representative and are authorized to interpret this Contract and designate such additional employees as may be required to monitor TPF's performance, provide technical assistance, and assume other administrative duties associated with the implementation of this Agreement. Full Participation by agencies or summer locations include:

Parks & Natural Resources at G.T. Bray Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”, the “COVID Slide”, and the COVID Slowdown. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year. “COVID Slide” is the learning loss experienced by children due to schools being closed and remote learning options. “COVID Slowdown” is students not reaching expected learning goals.

The County, as part of the Suncoast Summer Reading Challenge (SSRC), will share information and enthusiasm with children inspiring them to read and log at least 6 books at their appropriate reading level* between June 1, 2021 and August 6, 2021 (10 weeks) *Appropriate Reading Level: Remember the goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Goal: The County will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Grade 3. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Each location's Team Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Virtual Summer Reading Challenge virtual Blast Off event on May 22, 2021.

- This Blast Off is a blast! This event is open to **all** staff and volunteers from all participating summer locations. We encourage wide participation. The virtual Blast Off will include professional development, motivational information, 25 door prizes will be awarded during the event, and information about "THIS BOOK IS COOL!" programming available to summer programs.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

- The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don't forget to include your volunteers, the more you train...the stronger we'll be!

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer program.

All students who are participating virtually as part of the summer program's cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given a "Reading is the Key to Succeeding" face mask and a Brag Tag and chain. As children read more than 6 books, additional Brag Tags will be awarded, 1 Brag Tag for every 5 additional books.

- The awarding of bracelets, face masks and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn a "Reading is the Key to Succeeding" face mask and one Brag Tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled "THIS BOOK IS COOL!" Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why "THIS BOOK IS COOL", vocabulary words to add to the TBIC Word Bank, and a suggested activity that is connected to the book. Participating on-site summer programs will receive a "THIS BOOK IS COOL" activity guide with step by step instructions for all 100 suggested activities and special TBIC Word Bank activities along with up to two sets of the 100 featured books. All Summer Reading Challenge materials will be assembled in a tool-kit for each provider.

The "THIS BOOK IS COOL!" webisodes may be used as part of a summer program's in-person or virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond "THIS BOOK IS COOL!".

Stay connected throughout the summer. Team Leaders/Contact persons at each Summer program, on-site and virtual, will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week's reading activities. The Engagement Team Member will share what is working at other locations.

Keeping track - The Team Leader/Contact person for on-site summer programs with a virtual cohort, will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential? The County will plan at least two Summer reading activities each week in addition to the "THIS BOOK IS COOL!" webisodes and activities. A weekly list of actual activities will be in the site's weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families and will promote the 5 Family Engagement Nights offered by SCGLR during the summer.

Each summer program is encouraged to prioritize parent and family engagement throughout the summer. Keep parents and family members informed about daily activities and special events. When possible, invite their participation. Share their child's successes with them and find opportunities to praise positive behaviors.

The Suncoast Campaign for Grade-Level Reading will sponsor five Family Engagement events. All summer providers are encouraged to promote robust family attendance at these virtual events. Three prizes will be awarded after each event to the Summer providers with the highest number of families attending. (number of families attending compared to the number of children participating in SSRC). Each event will include ten opportunities for families to win \$100 gift cards provided by the generosity of The Patterson Foundation.

Tuesday, June 1 at 6:30 pm

Tuesday, June 29 at 6:30 pm – a special Fourth of July celebration

Tuesday, July 13 at 6:30 pm

Tuesday, July 27 at 6:30 pm

Give the students a shout-out! Students reaching 4 books read, 5 books read, 6 books read and beyond will be acknowledged in print at their summer location in at least one way. (For example: names and photos on a bulletin board, on a poster) Students reaching these goals who are participating in a virtual cohort will be recognized in a newsletter, in an electronic letter home, or acknowledged on a website.)

All locations will be encouraged to engage Parents, Board Members, Staff, and volunteers in the celebration of National Summer Learning Week, July 12 – 16. Photos and short videos of celebration events will be shared in the provider’s weekly reports to be shared by The Patterson Foundation both regionally and nationally.

The County agrees to encourage honesty in the accurate accounting of books read. The integrity pledge will be printed on each Suncoast Reading Challenge log:

I understand it is my responsibility to keep my brain, body, and character strong. I know that reading books over the summer is important for my brain and my future. I will keep a truthful record in this log of books I have read this summer. Watch as I build a better me!

The first time the students take the pledge they will receive a sticker with the pledge printed upon it. Students in virtual cohorts will be sent an electronic copy of the sticker. The integrity pledge is an opportunity for character building and may be combined with games and activities and recommended books.

***Participating students – weekly reading progress must be reported.**

The support dollars given by The Patterson Foundation must be used to promote summer reading or summer learning. These funds may be used to compensate the Leader/Contact person, the person charged to collect and report data, approved Association of Florida Teaching Artists (AFTA) for instruction or special events, Van Wezel Performing Arts Hall educators for instruction or special events, authors, librarians, or dedicated reading staff/ remedial educators in addition, the support dollars may be used to fund activities.

Parks & Natural Resources at John H. Marble Park Responsibilities:

Goal: The County will partner with the Suncoast Campaign for Grade-Level Reading to battle the “Summer Slide”, the COVID Slide”, and the COVID Slowdown. “Summer Slide” is the tendency for students, especially those from asset-limited families, to lose as much of three months of the reading skill gains they made during the previous school year. “COVID Slide” is the learning loss experienced by children due to schools being closed and remote learning options. “COVID Slowdown” is students not reaching expected learning goals.

The County, as part of the Suncoast Summer Reading Challenge (SSRC), will share information and enthusiasm with children inspiring them to read and log at least 6 books at their appropriate reading level* between June 1, 2021 and July 30, 2021 (9 weeks) *Appropriate Reading Level: Remember the goal is to increase reading skills - we want students to select books at or slightly above their reading level.

Goal: The County will work collaboratively to strengthen existing Summer Learning opportunities for children from asset-limited families, aged four–Grade 3. This collaboration will allow for increased learning through shared knowledge and data, and will help develop a stronger more unified voice in support of our most vulnerable children.

Each location will have a designated Suncoast Summer Reading Challenge Team Leader/Contact person.

- This person will be responsible for communicating all Summer Learning plans and reporting data and pertinent information to The Patterson Foundation.

Each location’s Team Leader/Contact person and at least one other full-time staff person will attend the 90-minute Suncoast Virtual Summer Reading Challenge virtual Blast Off event on May 22, 2021.

- This Blast Off is a blast! This event is open to **all** staff and volunteers from all participating summer locations. We encourage wide participation. The virtual Blast Off will include professional development, motivational information, 25 door prizes will be

awarded during the event, and information about “THIS BOOK IS COOL!” programming available to summer programs.

All staff who will be interacting with the children participating in the Suncoast Summer Reading Challenge will view the Suncoast Summer Reading Challenge training video and participate in a virtual question and answer session.

- The Patterson Foundation will provide the Team Leader/Contact person from the County a link to the training video. After the staff has viewed the video, a virtual question and answer session will be scheduled. Don’t forget to include your volunteers, the more you train...the stronger we’ll be!

All on-site participating students will be provided with a physical official Suncoast Summer Reading Challenge Log to track their progress.

- The log may travel home with the students, or be kept by the summer ~~location~~ program.

All students who are participating virtually as part of the summer program’s cohort will be given an electronic Suncoast Summer Reading Challenge Log to complete weekly.

Each on-site summer program will award silicone bracelets, provided by the Suncoast Campaign for Grade-Level Reading, for the first 6 books read. When children reach the 6-book goal, they will be given an “Reading is the Key to Succeeding” face mask and a Brag Tag and chain. As children read more than 6 books, additional Brag Tags will be awarded, 1 Brag Tag for every 5 additional books.

- The awarding of bracelets, face masks and brag tags will take place at least once per week at each summer program. Students will receive a different color bracelet for each book read, up to 6 books. Children will earn a “Reading is the Key to Succeeding” face mask and one Brag Tag when they reach 6 books and can earn an additional Brag Tag every time they read 5 more books.

The Suncoast Campaign for Grade-Level Reading will provide a series of webcasts, entitled “THIS BOOK IS COOL!” Each week, two books per grade level for PreK, K, Grade 1, Grade 2, and Grade 3 will be featured. The webcast for each book will include a special guest sharing five reasons why “THIS BOOK IS COOL”, vocabulary words to add to the TBIC Word Bank, and a suggested activity that is connected to the book. Participating on-site summer programs will receive a “THIS BOOK IS COOL” activity guide with step by step instructions for all 100 suggested activities and special TBIC Word Bank activities along with up to two sets of the 100 featured books. All Summer Reading Challenge materials will be assembled in a tool-kit for each provider.

The “THIS BOOK IS COOL!” webisodes may be used as part of a summer program’s in-person or virtual offerings. In order to qualify for funding support, the summer program must offer activities and opportunities for engagement beyond “THIS BOOK IS COOL!”.

Stay connected throughout the summer. Team Leaders/Contact persons at each Summer program, on-site and virtual, will connect with a Suncoast Campaign for Grade-Level Reading Engagement Team Member at least once a week for a brief learning and sharing session. This session may include photos and anecdotes from the week's reading activities. The Engagement Team Member will share what is working at other locations.

Keeping track - The Team Leader/Contact person for on-site summer programs with a virtual cohort, will keep a record of all participating children participating in the SSRC in-person or virtually as part of their cohort, and the number of books they have read each week. Unique identifier numbers or full name, birthdate, and most recent school attended will be provided for each child. This information will be reported within two weeks of the start date of the summer programming as listed in the Agreement for Charitable Contributions. This record will be shared electronically with The Patterson Foundation by noon on Mondays following each week of the program. Missing a reporting period may result in a loss of funding.

How are you making reading fun and essential? The County will plan at least two Summer reading activities each week in addition to the "THIS BOOK IS COOL!" webisodes and activities. A weekly list of actual activities will be in the site's weekly report.

All participating on-site and virtual programs will be given Suncoast Summer Reading Challenge Parent Guides to share with their families and will promote the 5 Family Engagement Nights offered by SCGLR during the summer.

Each summer program is encouraged to prioritize parent and family engagement throughout the summer. Keep parents and family members informed about daily activities and special events. When possible, invite their participation. Share their child's successes with them and find opportunities to praise positive behaviors.

The Suncoast Campaign for Grade-Level Reading will sponsor five Family Engagement events. All summer providers are encouraged to promote robust family attendance at these virtual events. Three prizes will be awarded after each event to the Summer providers with the highest number of families attending. (number of families attending compared to the number of children participating in SSRC). Each event will include ten opportunities for families to win \$100 gift cards provided by the generosity of The Patterson Foundation.

Tuesday, June 1 at 6:30 pm

Tuesday, June 15 at 6:30 pm – a special Father's Day celebration

Tuesday, June 29 at 6:30 pm – a special Fourth of July celebration

Tuesday, July 13 at 6:30 pm

Tuesday, July 27 at 6:30 pm

Give the students a shout-out! Students reaching 4 books read, 5 books read, 6 books read and beyond will be acknowledged in print at their summer location in at least one way. (For example: names and photos on a bulletin board, on a poster) Students reaching these goals who are participating in a virtual cohort will be recognized in a newsletter, in an electronic letter home, or acknowledged on a website.)

All locations will be encouraged to engage Parents, Board Members, Staff, and volunteers in the celebration of National Summer Learning Week, July 12 – 16. Photos and short videos of celebration events will be shared in the providers weekly reports to be shared by The Patterson Foundation both regionally and nationally.

The County agrees to encourage honesty in the accurate accounting of books read. The integrity pledge will be printed on each Suncoast Reading Challenge log:

I understand it is my responsibility to keep my brain, body, and character strong. I know that reading books over the summer is important for my brain and my future. I will keep a truthful record in this log of books I have read this summer. Watch as I build a better me!

The first time the students take the pledge they will receive a sticker with the pledge printed upon it. Students in virtual cohorts will be sent an electronic copy of the sticker. The integrity pledge is an opportunity for character building and may be combined with games and activities and recommended books.

*Participating students – weekly reading progress must be reported.

The support dollars given by The Patterson Foundation must be used to promote summer reading or summer learning. These funds may be used to compensate the Leader/Contact person, the person charged to collect and report data, approved Association of Florida Teaching Artists (AFTA) for instruction or special events, Van Wezel Performing Arts Hall educators for instruction or special events, authors, librarians, or dedicated reading staff/ remedial educators in addition, the support dollars may be used to fund activities.
