RE: Approval of Duette Fire and Rescue District's Certificate of Public Convenience and Necessity (COPCN) Application for Renewal Consideration

On August 25th, 2026, a duly noticed public hearing was held on Duette Fire and Rescue District's ("Duette") application for a Certificate of Public Convenience and Necessity ("COPCN") to provide Advanced Life Support Non-Transport services within Manatee County, Florida ("Application").

Pursuant to Section 2-13-55 of the Manatee County Code of Ordinances and the specific factors outlined therein, the Manatee County Board of Commissioners (the "Board") reviewed and considered Duette's COPCN Renewal Application and supporting documentation, the Public Safety Director's report and recommendation, and all testimony and information submitted at the public hearing. Accordingly, the Board finds that Duette satisfied its burden and that public convenience and necessity will be promoted with the approval of Duette's COPCN Renewal Application.

Therefore, this letter shall constitute written notice of the Board's approval of Duette's Renewal Application. The Public Safety Director shall issue Cedar Hammock its COPCN.

CHAPTER 2006-352

House Bill No. 1375

An act relating to Manatee County; creating the Duette Fire and Rescue District, an independent special district; creating a district charter; providing a short title; providing definitions; providing territorial boundaries of the district; providing purposes and intent; providing for a board of commissioners of the district; providing for qualification, election, membership, terms of office, and compensation of the board; providing for the filling of vacancies; providing for meetings; providing powers and duties of the board; providing for use of district funds; authorizing the district to issue bonds and levy ad valorem taxes, non-ad valorem assessments, impact fees, and user charges; providing for a 5-year plan; providing for modification of district boundaries; providing for merger with certain other districts under certain circumstances; providing for amendment of the charter by special act of the Legislature; providing requirements for merger or dissolution; providing severability; requiring a referendum; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. The Duette Fire and Rescue District, an independent special district in Manatee County, is created and established pursuant to chapters 189 and 191, Florida Statutes, and the charter for such district is created to read:

Section 1. Short title.—This act may be cited as the “Duette Fire and Rescue District Act.”

Section 2. Definitions.—Unless the context otherwise requires, the following terms shall have the following meanings ascribed to them:

(1) “Board” means the Board of Commissioners of the Duette Fire and Rescue District.

(2) “Commissioner” means a member of the Board of Commissioners of the district.

(3) “County” means Manatee County, Florida.

(4) “District” means the Duette Fire and Rescue District.

(5) “Elector” means a person who is a resident of the district and is qualified to vote in a general election in Manatee County.

(6) “Emergency medical service” means basic life support service and advanced life support service, as defined in section 401.23, Florida Statutes.

(7) “Governor” means the Governor of the State of Florida.

Section 3. Formation; boundaries.—For the purpose of providing fire prevention services pursuant to chapter 191, Florida Statutes, an independent

special district is hereby created and incorporated to be known as the Duette Fire and Rescue District, hereinafter the "district," in Manatee County and shall embrace and include the territory described as:

Sections 1, 2, 11, 12, 13, 14, 23, 24, 25, 26, 35 and 36, all lying in Township 33 South, Range 20 East; Sections 1 through 36, all lying in Township 33 South, Range 21 East; Sections 1 through 36, all lying in Township 33 South, Range 22 East; Sections 1, 2, 11, 12, 13, 14, 23, 24, 25, 26 and 27, all lying in Township 34 South, Range 20 East; Sections 1 through 30, all lying in Township 34 South, Range 21 East; Sections 1 through 30, all lying in Township 34 South, Range 22 East.

Section 4. Intent.—The purposes of this act are to:

(1) Provide standards, direction, and procedures concerning the operation and governance of the special fire control district known as the Duette Fire and Rescue District.

(2) Provide uniformity between the Duette Fire and Rescue District and other independent special fire control districts.

(3) Provide financing authority of the Duette Fire and Rescue District without hampering the efficiency and effectiveness of current authorized and implemented methods and procedures of raising revenues.

(4) Improve communication and coordination between the Duette Fire and Rescue District and other local governments with respect to short-range and long-range planning to meet the demands for service delivery while maintaining fiscal responsibility.

(5) Provide uniform procedures for electing members of the governing board of the Duette Fire and Rescue District to ensure greater accountability to the public.

Section 5. Board of Commissioners; officers; bond; compensation.—

(1) The business affairs of the district shall be conducted and administered, pursuant to chapter 191, Florida Statutes, by the Board of Commissioners of the Duette Fire and Rescue District, which is established as a board of five commissioners. Annually, within 60 days after newly elected members have taken office, the board shall organize by electing from its members a chair, a vice chair, a secretary, and a treasurer. The positions of secretary and treasurer may be held by one member. The office of each commissioner comprising the Board of Commissioners of the Duette Fire and Rescue District is hereby designated as being a seat on the commission, distinguished from each of the other seats by a numeral: 1, 2, 3, 4, or 5. The numerical seat designation does not designate a geographical subdistrict of the district.

(2) Each commissioner shall, upon assuming office, take and subscribe to the oath of office prescribed by section 5(b), Article II of the State Constitution and section 876.05, Florida Statutes. Each commissioner, upon taking office and in accordance with chapters 189 and 191, Florida Statutes,

shall execute to the Governor for the benefit of the district a bond conditioned upon the faithful performance of the duties of the commissioner's office. The premium for such bonds shall be paid from district funds.

(3) Members of the board may each be paid a salary or honorarium to be determined by at least a majority plus one vote of the board, which salary or honorarium may not exceed \$500 per month for each member. Special notice of any meeting at which the board will consider a salary change for a board member shall be published at least once, at least 14 days prior to the meeting, in a newspaper of general circulation in the county. Separate compensation for the board member serving as treasurer may be authorized by like vote so long as total compensation for the board member does not exceed \$500 per month. Members may be reimbursed for travel and per diem expenses, as provided in section 112.061, Florida Statutes.

(4) Members of the board shall comply with the financial disclosure, noticing, and reporting requirements of chapter 112, Florida Statutes, and any other applicable law or regulation.

Section 6. Board of Commissioners; terms; election, qualifications, certification of single candidate.—

(1) District elections and referenda shall be held in accordance with chapter 191, Florida Statutes.

(2) Except as provided in this subsection, each of the five commissioners shall hold his or her respective seat on the Board of Commissioners of the Duette Fire and Rescue District for a term of 4 years and shall be elected by majority vote of the electors of the district voting at a general election. In the first election following the effective date of this act, seats 1, 3, and 5 shall be designated for 4-year terms, and seats 2 and 4 shall be designated for 2-year terms. All commissioners must be qualified electors within the district and must reside within the district.

(3) Voting for commissioners shall be districtwide and nonpartisan.

(4) If a vacancy occurs on the board due to the resignation, death, or removal of a commissioner, or the failure of anyone to qualify for a board seat, the remaining members may appoint a qualified person to fill the seat until the next general election, at which time an election shall be held to fill the vacancy for the remaining term, if any. The board shall remove any member who has three consecutive, unexcused absences from regularly scheduled meetings. The board shall adopt policies by resolution defining excused and unexcused absences.

(5) Each commissioner, whenever elected, shall assume office 10 days following his or her election and shall serve until his or her successor is elected.

(6) All candidates shall qualify with the County Supervisor of Elections. All candidates may qualify by paying a filing fee of \$25 or by obtaining the signatures of at least 25 registered electors of the district on petition forms provided by the Supervisor of Elections, which petitions shall be submitted

and checked in the same manner as petitions filed by nonpartisan judicial candidates pursuant to section 105.035, Florida Statutes.

(7) The names of all candidates qualifying for election to a seat on the Board of Commissioners shall be included on the ballot or voting machines provided for use in the district, along with the candidates for county office at each regular county election, in such a way as to clearly indicate the respective seat for which each qualified candidate for district commissioner is running.

(8) Any expense of holding elections for commission seats at the regular county elections shall be paid out of the funds of the district, if required by proper authority.

(9) The board shall keep a permanent record book entitled "Record of Proceedings of Duette Fire and Rescue District" in which the minutes of all meetings, resolutions, proceedings, certificates, bonds given by commissioners, and corporate acts shall be recorded. The record book shall be open to inspection in the same manner as state, county, and municipal records are open under chapter 119, Florida Statutes, and section 24, Article I of the State Constitution. The record book shall be kept at the office or other regular place of business maintained by the board in the county or municipality in which the district is located.

(10) All meetings of the board shall be open to the public, consistent with chapter 286, Florida Statutes, section 189.417, Florida Statutes, and other applicable general laws.

Section 7. Powers; use of district funds.—

(1) The district shall have, and the board may exercise, all the powers and duties set forth in chapters 189 and 191, Florida Statutes, as they may be amended from time to time.

(2) No funds of the district shall be used for any purposes other than the administration of the affairs and business of the district; the construction, care, maintenance, upkeep, operation, and purchase of firefighting and rescue equipment or a fire station or stations; the payment of public utilities; and the payment of salaries of district personnel as the board may from time to time determine to be necessary for the operations and effectiveness of the district.

(3) The board is authorized and empowered to buy, own, lease, and maintain a fire department within the district and to purchase, acquire by gift, lease, own, and dispose of firefighting equipment and property, real and personal, that the board may from time to time deem necessary or needful to prevent and extinguish fires within the district.

Section 8. Taxes; non-ad valorem assessments; impact fees; user charges; bond issuance.—

(1) The district shall hold all powers, functions, and duties set forth in this act and chapters 189, 191, and 197, Florida Statutes, as amended from

time to time, including, but not limited to, ad valorem taxation, bond issuance, other revenue-raising capabilities, budget preparation and approval, liens and foreclosure of liens, and use of tax deeds and tax certificates as appropriate for non-ad valorem assessments and contractual agreements. The district may be financed by any method established in this act or chapter 189, chapter 191, or chapter 197, Florida Statutes, as amended from time to time.

(2)(a) The district shall be authorized to levy non-ad valorem assessments. The methods for assessing and collecting non-ad valorem assessments, fees, or service charges shall be as set forth in chapter 189, chapter 191, or chapter 197, Florida Statutes, as amended from time to time. Upon compliance with all applicable provisions of ss. 191.009, 197.3631, and 197.3632, Florida Statutes, the district shall be authorized to levy non-ad valorem assessments against all assessable real property located within the district. Proposed non-ad valorem assessment increases set by the board may not exceed the average annual growth rate in Florida personal income over the previous 5 years. Any increase that exceeds the average annual growth rate in Florida personal income over the previous 5 years must be approved by referendum of the electors of the district.

(b) The district is authorized to levy initial non-ad valorem assessments up to the following maximum amounts:

1. Vacant lots of 5 acres or less, \$20.
2. Vacant acreage over 5 acres, \$5 per acre, with a maximum per-vacant-parcel amount of \$1,000.
3. Vacant commercial and industrial parcels of 5 acres or less, \$20.
4. Vacant commercial and industrial parcels over 5 acres, \$5 per acre, with a maximum per-vacant-parcel amount of \$1,000.
5. A single-family residential parcel up to 1,000 square feet, \$150.
6. A single-family residential parcel over 1,000 square feet, \$150 plus \$0.10 per square foot for every square foot over 1,000 square feet.
7. A two-family residential parcel, \$150 per unit.
8. A multifamily residential parcel, \$150 per unit.
9. Condominiums, \$150 per unit.
10. Miscellaneous dwelling units, \$150 per unit.
11. Mobile homes, \$150 per unit.
12. Commercial and industrial parcels up to 1,000 square feet, \$250.
13. Commercial and industrial parcels over 1,000 square feet, \$250 plus \$0.20 per square foot for every square foot over 1,000 square feet.

(3) Impact fees are hereby authorized. The impact fees collected by the district pursuant to this section shall be kept as a separate fund from other revenues of the district and shall be used exclusively for the acquisition, purchase, or construction of new facilities or portions thereof required to provide fire protection and emergency medical service to new construction. "New facilities" means land, buildings, and capital equipment, including, but not limited to, fire and emergency vehicles and radio telemetry equipment. The fees shall not be used for the acquisition, purchase, or construction of facilities that must be obtained in any event, regardless of growth within the district. The board of commissioners shall maintain adequate records to ensure that impact fees are expended only for permissible new facilities. The first-time levy of impact fees by the district must be approved by referendum of the electors of the district. The referendum on the first-time levy of an impact fee shall include a notice of the future impact fee rate increases permitted by this charter without a referendum.

Section 9. Five-year plan.—The district shall adopt a 5-year plan to identify the facilities, equipment, personnel, and revenue needed by the district during that 5-year period. The plan shall be updated in accordance with section 189.415, Florida Statutes, and shall satisfy the requirement for a public facilities report required by section 189.415(2), Florida Statutes.

Section 10. Boundaries and mergers.—

(1) The boundaries of the district may be modified, extended, or enlarged upon approval or ratification by the Legislature.

(2) The merger of the district with all, or portions of, other independent special districts or dependent fire control districts is effective only upon ratification by the Legislature. A district may not, solely by reason of a merger with another governmental entity, increase ad valorem taxes on property within the original limits of the district beyond the maximum established by the district's enabling legislation, unless approved by the electors of the district by referendum.

Section 11. Amendment of charter.—This charter may be amended only by special act of the Legislature.

Section 12. Merger or dissolution.—Merger or dissolution of the district shall occur as permitted by sections 189.4042 and 189.4045, Florida Statutes, as amended from time to time.

Section 13. Severability.—Should any provision of this act be held to be unconstitutional, inoperative, or void, such holding or invalidity shall not affect the remaining portions of this act.

Section 2. Referendum.—On or before December 30, 2006, the Board of County Commissioners of Manatee County shall call and the county supervisor of elections shall conduct a referendum of the qualified electors of the district on the question of whether the district shall be created by special act of the Legislature and authorized to levy non-ad valorem assessments, which shall not be increased by more than the average annual growth rate in Florida personal income over the previous 5 years without a referendum.

"Qualified elector" means a person who resides within the proposed boundaries of the district and is qualified to vote in a general election in Manatee County.

Section 3. This act shall take effect only upon its approval by a majority vote of those qualified electors of the district voting in a referendum election to be held by the Manatee County Supervisor of Elections and to be held on or before December 30, 2006, in accordance with the provisions of law relating to elections currently in force in the district, except that this section and section 2 shall take effect upon becoming a law.

Approved by the Governor June 23, 2006.

Filed in Office Secretary of State June 23, 2006.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Duette Fire and Rescue District, Florida (the District), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally

accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison information, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included with the basic financial statements. The other information comprises the schedule of fire assessment rates and the impact fee affidavit as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Duette Fire and Rescue District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2024.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$1,059,950 (*net position*).
- The District's total net position decreased by \$54,675.
- As of the close of the current fiscal year, the District's governmental fund (general fund) reported ending fund balances of \$65,037, which is a decrease of \$72,192. Of this total amount, \$54,296 is *available for spending* at the District's discretion (*unassigned fund balance*).
- The District has \$473,420 in debt obligations for the purchase of a fire engine during 2024.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Duette Fire and Rescue District's financial statements. The District's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets, deferred outflows, liabilities and deferred inflows, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by fire assessments (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The District is engaged in only governmental activities. The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District utilizes a general fund.

Governmental funds. Governmental funds focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the modified accrual method of accounting and the current financial resources focus. As a result, long-term assets and liabilities are not included. The District uses a General fund. The General Fund is the general operating fund. All general tax revenues are accounted for in this fund. From this fund all general operating expenditures and personal service expenditures, as well as budgeted capital outlay are paid.

A reconciliation to facilitate the comparison between the governmental fund financial statements and the government-wide financial statements is presented.

The District adopts an annual budget for its general fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 11 to 14 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 15 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Duette Fire and Rescue District, assets exceeded liabilities by \$1,059,950 at the close of the most recent fiscal year.

A significant portion of the District's net position, \$994,913, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide fire protection and emergency services to citizens within the boundaries of the District; consequently, these assets are *not* available for future spending. The District also had significant assets in cash and cash equivalents at year-end.

The following table presents a condensed statement of net position as of September 30, 2024, with comparable totals as of September 30, 2023.

Unrestricted net position of \$55,796 may be used to meet the District's ongoing obligations to citizens and creditors. Restricted net position is \$9,241 and is from impact fees.

The District's net position decreased by \$54,675 during the current fiscal year. Fire protection services were \$376,526. The District also incurred \$89,563 in depreciation expense. Significant revenues included fire assessments of \$359,217.

The following table presents the change in net position for the years ended September 30, 2024 and 2023.

Financial Analysis of the Government's Funds

The District utilizes only a Governmental Fund, which is the General Fund.

Governmental funds. The focus of the District's *governmental fund* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's general fund reported ending fund balances of \$65,037. Of this total, \$54,296 is *unassigned fund balance*, and is available for spending at the District's discretion. As a measure of the general fund's liquidity, it may be useful to compare *unassigned fund balance* to total general fund expenditures. *General fund balance* represents approximately 14 percent of total general fund expenditures.

The fund balance of the District's general fund decreased by \$72,192 during the current fiscal year. Current year revenues included fire assessments (non-ad valorem taxes) in the amount of \$359,217, capital grant and contribution revenue of \$74,248, and impact fees of \$2,000. Current year expenditures included personal service costs of \$99,467, operating costs of \$259,566, debt service cost of \$65,631, and capital outlay of \$82,993.

General Fund Budgetary Highlights

During the year, the General Fund budget was amended. Original and final budgeted revenues were \$370,409 and \$391,657, respectively. For the current fiscal year, budgeted revenues exceeded actual revenues by \$16,192. Original budgeted expenditures were \$416,910 and final budgeted expenditures were \$455,886. Actual expenditures were less than the final budget by \$8,229. Budget amendments were approved for repairs and capital items.

The General Fund budget is presented as required supplementary information on page 22.

Capital Assets

The District's investment in capital assets at year-end amounts to \$1,468,333 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. During the current year, the District's investment in capital assets decreased by \$24,063. This was comprised of capital asset additions, net of depreciation expense and loss on disposal of assets.

Capital Assets

	Governmental Activities 2024	Governmental Activities 2023
Land	\$ 24,718	\$ 24,718
Building and improvements	814,043	847,727
Machinery and equipment	629,572	619,951
Total (net of accumulated depreciation)	\$ 1,468,333	\$ 1,492,396

Additional information on the District's capital assets are included in the note B.

Long-Term Liabilities

Long-term liabilities include a note payable in the amount of \$473,420 for a fire engine.

During the current fiscal year, the District's total debt decreased by \$41,580 due to principal payments.

Additional information on the District's long-term liabilities are included in Note C.

Economic Factors and Next Year's Budgets

For fiscal year 2025, budgeted revenues are \$471,095. Budgeted expenditures are \$493,663. No other significant changes were made or are expected in fiscal year 2025.

NOTES TO FINANCIAL STATEMENTS**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the Duette Fire and Rescue District, Manatee County, Florida:

- (a) Reporting Entity - Duette Fire and Rescue District (the District) is a public municipal corporation in the State of Florida created by House Bill 1375 of the Legislature of the State of Florida on June 23, 2006. The District began operations effective October 1, 2008. The District is an independent special district. No component units exist.

Revenue is provided by special assessments against taxable real estate lying within the territorial bounds of the District as defined by the State of Florida. Disbursements are made for maintenance and upkeep of the fire station, purchase of firefighting and rescue equipment, payment of wages, employee benefits, and administrative expenses.

The State of Florida passed legislation, which took effect June 1985, and provides for the District to collect impact fees to defray the cost of improvements required to provide fire and emergency service to the new users of the District. Any impact fees collected are to be used exclusively for the acquisition, purchase or construction of new facilities and equipment required to provide these services to the new users in the District.

- (b) Basis of Presentation - The District's financial statements include Government-wide (which reports the District as a whole) and Fund financial statements (which report only on the General Fund). The financial statements present only governmental activities, as the District conducts no business type activities. The District does not have fiduciary funds.

Basis of Accounting: Financial Statements - Government Wide Statements- The Government-Wide Financial Statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. For the most part, interfund activity has been removed from these statements. The District's net position is reported in three parts (as applicable): net investment in capital assets, restricted net position, and unrestricted net position. The statement of activities reports direct expenses of the program offset by program revenues. Program revenues include capital and operating grants, contributions, and charges for services, as applicable. Taxes (fire assessments) and other items properly not included in program revenues are reported as general revenues.

Financial Statements - Fund Financial Statements - The District's accounts are organized on the basis of funds, which are a self-balancing set of accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures. The District utilizes governmental funds, which follow the modified accrual basis of accounting. Under this method, revenues are recorded when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

**DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Financial Statements – Fund Financial Statements – Continued

The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a fund liability is incurred. The District reports the following governmental fund, considered to be a major fund:

Governmental Funds

General Fund – The General Fund is the general operating fund of the District. All general tax revenues are accounted for in this fund. From the fund are paid the personal service and operating costs, as well as budgeted capital expenditures.

- (c) Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (d) Budgets and Budgetary Accounting – The District prepares an annual operating budget for the fiscal year commencing October 1. Prior to September 1 of each year, the Secretary/Treasurer of the District's Board of Commissioners prepares a proposed budget for the upcoming fiscal year. The budget is based on an analysis of prior year actual revenues and expenditures along with anticipated spending and revenue sources. Once the proposed budget is compiled, it is brought before the Board of Commissioners for approval.

Expenditures should not exceed total appropriations. Appropriations lapse at the end of the year.

- (e) Property Taxes – Property taxes become due and payable on November 1 of each year. The county tax collector remits the District's portion as such revenues are received. The District collects nearly all of its tax revenues during the period November 1 through April 1, at which time the taxes become delinquent. The maximum rates of tax are set by the Legislature of the State of Florida. Actual assessment amounts are based on the square footage of a structure and type of occupancy and is determined by the Board of Commissioners of the District.

The key dates in the property tax cycle are as follows:

Assessment roll validated	July 1
Beginning of fiscal year for which taxes have been levied	October 1
Tax bills rendered and due	November 1
Property taxes payable:	
Maximum discount	November 30
Delinquent	April 1

DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(e) Property Taxes – Continued

Tax certificates sold	May 31
Fiscal year begins	October 1
Fiscal year ends	September 30

Property taxes are recognized as revenue in the fiscal year for which the taxes have been levied to the extent they result in current receivables. Under the system outlined above, no material amount of taxes is receivable after the end of the fiscal year.

- (f) Net Position – Net position is reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.
- (g) Fund Balance – Governmental Accounting Standards Board (GASB) Statement No. 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54, are Nonspendable and Spendable. Spendable is then further classified as Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance.

In accordance with GASB Statement 54, the District classified governmental fund balance as follows:

Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

- **Restricted** – includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- **Committed** – includes amounts that can be spent only for specific purposes that are determined by a formal action of the Board of Commissioners through a resolution or the budget process.
- **Assigned** – includes amounts designated for a specific purpose by the Board of Commissioners through a resolution or the budget process, which are neither restricted or committed.

DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(g) Fund Balance – Continued

- Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts first when both restricted and unrestricted fund balance is available, unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

(h) Cash and Investments – Florida Statute 218.415 authorizes the District to invest in the following:

- (a) Local Government Surplus Funds Trust Fund or an intergovernmental investment pool authorized through the Florida Interlocal Cooperation Act.
- (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating company.
- (c) Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02 Florida Statutes.
- (d) Direct obligations of the U.S. Treasury.

At September 30, 2024, the District had demand deposits held in a qualified public depository. Deposits whose values exceeded federal depository insurance limits were entirely insured or collateralized pursuant to Chapter 280 of the Florida Statutes. At September 30, 2024, the carrying amount of the District's deposits was \$153,290 and the bank balance was \$166,160.

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, at September 30, 2024 the District only had a demand deposit account.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

- (i) Compensated Absences - The District does not have a policy for compensated absences. As a result, no liability has been established.
- (j) Capital Assets - Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$500 and an estimated useful life of longer than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repair and maintenance that do not add to the value of the asset or extend the useful life of the asset are expensed as incurred. The District does not have infrastructure assets.

Property, plant and equipment of the District are depreciated on a straight-line basis over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Building	20 - 39
Fire engines	10
Vehicles	5
Furniture, fixtures and equipment	3 - 7

- (k) Long-Term Obligations - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. In the fund financial statements, no long-term obligations are reported as they are not due to be paid from current financial resources.

Long-Term Liabilities	\$ 515,000	\$ –0–	\$ (41,580)	\$ 473,420	\$ 43,521

NOTE D – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There has been no significant reduction in coverage from the prior year. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NOTE E – SUBSEQUENT EVENTS

Subsequent to year end, the District entered into two financing arrangements for the purchase of a vehicle and rescue equipment. The vehicle was purchased in January of 2025 and includes annual principal and interest payments of \$18,154, and the note matures in 2030. The rescue equipment was purchased in November of 2024 and includes annual principal and interest payments of \$22,567, and the note matures in 2030.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Duette Fire and Rescue District, Florida, (District) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 20, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Duette Fire and Rescue District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

**Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida**

Report on the Financial Statements

We have audited the financial statements of Duette Fire and Rescue District, (the District) as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated June 20, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 20, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note A.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.566(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Duette Fire and Rescue District has met one or more of the conditions described in Section

218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the Duette Fire and Rescue District was not in a state of financial emergency as it did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Duette Fire and Rescue District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information for an Independent Special District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7., Rules of the Auditor General, the District reported:

- a. The total number of District employees compensated in the last pay period of the District's fiscal year was 2.
- b. The total number of independent contractors to whom non-employee compensation was paid in the last month of the District's fiscal year was 21.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency was \$48,000.
- d. All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency was \$74,418.
- e. Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project was \$0, as there were none.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes. The budget variance schedule is presented on page 22.

Specific Information for an Independent Special District that Imposes Non-Ad Valorem Special Assessments

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)9., Rules of the Auditor General, the District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District are presented on pages 23-25.
- b. The total amount of special assessments collected by or on behalf of the District was \$359,217.
- c. There were no bonds issued by the District, as such the outstanding amount is \$0, and there are no terms.

Additional Matters

Section 10.544(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT
ON COMPLIANCE

Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida

We have examined the Duette Fire and Rescue District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2024. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds for the year ended September 30, 2024.

This report is intended solely for the information and use of the District and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Duette Fire and Rescue District

Report on the Audit of the Financial Statements***Opinions***

We have audited the accompanying financial statements of the governmental activities and the major fund of Duette Fire and Rescue District, Florida (the District), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally

accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison information, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included with the basic financial statements. The other information comprises the schedule of fire assessment rates and the impact fee affidavit as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Duette Fire and Rescue District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2024.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$1,059,950 (*net position*).
- The District's total net position decreased by \$54,675.
- As of the close of the current fiscal year, the District's governmental fund (general fund) reported ending fund balances of \$65,037, which is a decrease of \$72,192. Of this total amount, \$54,296 is *available for spending* at the District's discretion (*unassigned fund balance*).
- The District has \$473,420 in debt obligations for the purchase of a fire engine during 2024.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Duette Fire and Rescue District's financial statements. The District's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets, deferred outflows, liabilities and deferred inflows, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by fire assessments (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The District is engaged in only governmental activities. The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District utilizes a general fund.

Governmental funds. Governmental funds focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the modified accrual method of accounting and the current financial resources focus. As a result, long-term assets and liabilities are not included. The District uses a General fund. The General Fund is the general operating fund. All general tax revenues are accounted for in this fund. From this fund all general operating expenditures and personal service expenditures, as well as budgeted capital outlay are paid.

A reconciliation to facilitate the comparison between the governmental fund financial statements and the government-wide financial statements is presented.

The District adopts an annual budget for its general fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 11 to 14 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 15 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Duette Fire and Rescue District, assets exceeded liabilities by \$1,059,950 at the close of the most recent fiscal year.

A significant portion of the District's net position, \$994,913, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide fire protection and emergency services to citizens within the boundaries of the District; consequently, these assets are *not* available for future spending. The District also had significant assets in cash and cash equivalents at year-end.

The following table presents a condensed statement of net position as of September 30, 2024, with comparable totals as of September 30, 2023.

Unrestricted net position of \$55,796 may be used to meet the District's ongoing obligations to citizens and creditors. Restricted net position is \$9,241 and is from impact fees.

The District's net position decreased by \$54,675 during the current fiscal year. Fire protection services were \$376,526. The District also incurred \$89,563 in depreciation expense. Significant revenues included fire assessments of \$359,217.

The following table presents the change in net position for the years ended September 30, 2024 and 2023.

Financial Analysis of the Government's Funds

The District utilizes only a Governmental Fund, which is the General Fund.

Governmental funds. The focus of the District's *governmental fund* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's general fund reported ending fund balances of \$65,037. Of this total, \$54,296 is *unassigned fund balance*, and is available for spending at the District's discretion. As a measure of the general fund's liquidity, it may be useful to compare *unassigned fund balance* to total general fund expenditures. *General fund balance* represents approximately 14 percent of total general fund expenditures.

The fund balance of the District's general fund decreased by \$72,192 during the current fiscal year. Current year revenues included fire assessments (non-ad valorem taxes) in the amount of \$359,217, capital grant and contribution revenue of \$74,248, and impact fees of \$2,000. Current year expenditures included personal service costs of \$99,467, operating costs of \$259,566, debt service cost of \$65,631, and capital outlay of \$82,993.

General Fund Budgetary Highlights

During the year, the General Fund budget was amended. Original and final budgeted revenues were \$370,409 and \$391,657, respectively. For the current fiscal year, budgeted revenues exceeded actual revenues by \$16,192. Original budgeted expenditures were \$416,910 and final budgeted expenditures were \$455,886. Actual expenditures were less than the final budget by \$8,229. Budget amendments were approved for repairs and capital items.

The General Fund budget is presented as required supplementary information on page 22.

Capital Assets

The District's investment in capital assets at year-end amounts to \$1,468,333 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. During the current year, the District's investment in capital assets decreased by \$24,063. This was comprised of capital asset additions, net of depreciation expense and loss on disposal of assets.

Capital Assets

	Governmental Activities 2024	Governmental Activities 2023
Land	\$ 24,718	\$ 24,718
Building and improvements	814,043	847,727
Machinery and equipment	629,572	619,951
Total (net of accumulated depreciation)	<u>\$ 1,468,333</u>	<u>\$ 1,492,396</u>

Additional information on the District's capital assets are included in the note B.

Long-Term Liabilities

Long-term liabilities include a note payable in the amount of \$473,420 for a fire engine.

During the current fiscal year, the District's total debt decreased by \$41,580 due to principal payments.

Additional information on the District's long-term liabilities are included in Note C.

Economic Factors and Next Year's Budgets

For fiscal year 2025, budgeted revenues are \$471,095. Budgeted expenditures are \$493,663. No other significant changes were made or are expected in fiscal year 2025.

Requests for Information

This financial report is designed to provide a general overview of the Duette Fire and Rescue District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District at, Duette Fire and Rescue District, 35800 S.R. 62 E., Duette, Florida 34219.

NOTES TO FINANCIAL STATEMENTS**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the Duette Fire and Rescue District, Manatee County, Florida:

- (a) Reporting Entity – Duette Fire and Rescue District (the District) is a public municipal corporation in the State of Florida created by House Bill 1375 of the Legislature of the State of Florida on June 23, 2006. The District began operations effective October 1, 2008. The District is an independent special district. No component units exist.

Revenue is provided by special assessments against taxable real estate lying within the territorial bounds of the District as defined by the State of Florida. Disbursements are made for maintenance and upkeep of the fire station, purchase of firefighting and rescue equipment, payment of wages, employee benefits, and administrative expenses.

The State of Florida passed legislation, which took effect June 1985, and provides for the District to collect impact fees to defray the cost of improvements required to provide fire and emergency service to the new users of the District. Any impact fees collected are to be used exclusively for the acquisition, purchase or construction of new facilities and equipment required to provide these services to the new users in the District.

- (b) Basis of Presentation – The District's financial statements include Government-wide (which reports the District as a whole) and Fund financial statements (which report only on the General Fund). The financial statements present only governmental activities, as the District conducts no business type activities. The District does not have fiduciary funds.

Basis of Accounting: Financial Statements – Government Wide Statements– The Government-Wide Financial Statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. For the most part, interfund activity has been removed from these statements. The District's net position is reported in three parts (as applicable): net investment in capital assets, restricted net position, and unrestricted net position. The statement of activities reports direct expenses of the program offset by program revenues. Program revenues include capital and operating grants, contributions, and charges for services, as applicable. Taxes (fire assessments) and other items properly not included in program revenues are reported as general revenues.

Financial Statements – Fund Financial Statements – The District's accounts are organized on the basis of funds, which are a self-balancing set of accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures. The District utilizes governmental funds, which follow the modified accrual basis of accounting. Under this method, revenues are recorded when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Financial Statements – Fund Financial Statements – Continued

The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a fund liability is incurred. The District reports the following governmental fund, considered to be a major fund:

Governmental Funds

General Fund – The General Fund is the general operating fund of the District. All general tax revenues are accounted for in this fund. From the fund are paid the personal service and operating costs, as well as budgeted capital expenditures.

- (c) Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (d) Budgets and Budgetary Accounting – The District prepares an annual operating budget for the fiscal year commencing October 1. Prior to September 1 of each year, the Secretary/Treasurer of the District's Board of Commissioners prepares a proposed budget for the upcoming fiscal year. The budget is based on an analysis of prior year actual revenues and expenditures along with anticipated spending and revenue sources. Once the proposed budget is compiled, it is brought before the Board of Commissioners for approval.

Expenditures should not exceed total appropriations. Appropriations lapse at the end of the year.

- (e) Property Taxes – Property taxes become due and payable on November 1 of each year. The county tax collector remits the District's portion as such revenues are received. The District collects nearly all of its tax revenues during the period November 1 through April 1, at which time the taxes become delinquent. The maximum rates of tax are set by the Legislature of the State of Florida. Actual assessment amounts are based on the square footage of a structure and type of occupancy and is determined by the Board of Commissioners of the District.

The key dates in the property tax cycle are as follows:

Assessment roll validated	July 1
Beginning of fiscal year for which taxes have been levied	October 1
Tax bills rendered and due	November 1
Property taxes payable:	
Maximum discount	November 30
Delinquent	April 1

DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(e) Property Taxes – Continued

Tax certificates sold	May 31
Fiscal year begins	October 1
Fiscal year ends	September 30

Property taxes are recognized as revenue in the fiscal year for which the taxes have been levied to the extent they result in current receivables. Under the system outlined above, no material amount of taxes is receivable after the end of the fiscal year.

- (f) Net Position – Net position is reported in three parts as applicable: net investment in capital assets, restricted and unrestricted. When both restricted and unrestricted resources are available, restricted resources are used first, and then unrestricted resources, as they are needed.
- (g) Fund Balance – Governmental Accounting Standards Board (GASB) Statement No. 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54, are Nonspendable and Spendable. Spendable is then further classified as Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance.

In accordance with GASB Statement 54, the District classified governmental fund balance as follows:

Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

Spendable Fund Balance:

- **Restricted** – includes amounts that can be spent only for specific purposes because of State or Federal laws or enabling legislation, or which are externally restricted by providers, such as creditors or grantors.
- **Committed** – includes amounts that can be spent only for specific purposes that are determined by a formal action of the Board of Commissioners through a resolution or the budget process.
- **Assigned** – includes amounts designated for a specific purpose by the Board of Commissioners through a resolution or the budget process, which are neither restricted or committed.

DUETTE FIRE AND RESCUE DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

(g) Fund Balance – Continued

- Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts first when both restricted and unrestricted fund balance is available, unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

	<u>General Fund</u>
<u>Non-Spendable:</u>	
Prepaid items	\$ 1,500
<u>Spendable:</u>	
Restricted	9,241
Unassigned	<u>54,296</u>
Total Fund Balances	<u>\$ 65,037</u>

(h) Cash and Investments – Florida Statute 218.415 authorizes the District to invest in the following:

- (a) Local Government Surplus Funds Trust Fund or an intergovernmental investment pool authorized through the Florida Interlocal Cooperation Act.
- (b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating company.
- (c) Interest bearing time deposits or savings accounts in state-certified Qualified Public Depositories as defined in Section 280.02 Florida Statutes.
- (d) Direct obligations of the U.S. Treasury.

At September 30, 2024, the District had demand deposits held in a qualified public depository. Deposits whose values exceeded federal depository insurance limits were entirely insured or collateralized pursuant to Chapter 280 of the Florida Statutes. At September 30, 2024, the carrying amount of the District's deposits was \$153,290 and the bank balance was \$166,160.

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, at September 30, 2024 the District only had a demand deposit account.

NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

- (i) Compensated Absences – The District does not have a policy for compensated absences. As a result, no liability has been established.
- (j) Capital Assets – Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$500 and an estimated useful life of longer than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repair and maintenance that do not add to the value of the asset or extend the useful life of the asset are expensed as incurred. The District does not have infrastructure assets.

Property, plant and equipment of the District are depreciated on a straight-line basis over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Building	20 – 39
Fire engines	10
Vehicles	5
Furniture, fixtures and equipment	3 – 7

- (k) Long-Term Obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. In the fund financial statements, no long-term obligations are reported as they are not due to be paid from current financial resources.

NOTE D – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There has been no significant reduction in coverage from the prior year. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NOTE E – SUBSEQUENT EVENTS

Subsequent to year end, the District entered into two financing arrangements for the purchase of a vehicle and rescue equipment. The vehicle was purchased in January of 2025 and includes annual principal and interest payments of \$18,154, and the note matures in 2030. The rescue equipment was purchased in November of 2024 and includes annual principal and interest payments of \$22,567, and the note matures in 2030.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Duette Fire and Rescue District, Florida, (District) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 20, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Duette Fire and Rescue District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida

Report on the Financial Statements

We have audited the financial statements of Duette Fire and Rescue District, (the District) as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated June 20, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 20, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note A.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.566(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Duette Fire and Rescue District has met one or more of the conditions described in Section

218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the Duette Fire and Rescue District was not in a state of financial emergency as it did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Duette Fire and Rescue District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information for an Independent Special District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7., Rules of the Auditor General, the District reported:

- a. The total number of District employees compensated in the last pay period of the District's fiscal year was 2.
- b. The total number of independent contractors to whom non-employee compensation was paid in the last month of the District's fiscal year was 21.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency was \$48,000.
- d. All compensation earned by or awarded to non-employee independent contractors, whether paid or accrued, regardless of contingency was \$74,418.
- e. Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project was \$0, as there were none.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes. The budget variance schedule is presented on page 22.

Specific Information for an Independent Special District that Imposes Non-Ad Valorem Special Assessments

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)9., Rules of the Auditor General, the District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District are presented on pages 23-25.
- b. The total amount of special assessments collected by or on behalf of the District was \$359,217.
- c. There were no bonds issued by the District, as such the outstanding amount is \$0, and there are no terms.

Additional Matters

Section 10.544(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT
ON COMPLIANCE

Board of Commissioners
Duette Fire and Rescue District
Manatee County, Florida

We have examined the Duette Fire and Rescue District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2024. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds for the year ended September 30, 2024.

This report is intended solely for the information and use of the District and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

Application Form Instructions for 2024-2025 Matching Grant Requests

Optional: In your application package cover letter, you may request to be, or recommend a person to be, a reviewer of matching grant applications during this grant cycle. If selected, reviewers will only evaluate applications that are not associated with them.

Request for Grant Fund Distribution: This form is page 9 of the application. A staff member of your organization who handles financial transactions with the state must complete the top part of the form. The address must match the address in the state financial system for your organization's corresponding nine-digit ID code and the additional three-digit sequence code of the address for any funds to be provided. State EMS staff will complete the bottom part, as indicated on the form. This form must be completed for distribution of awarded state funds.

Number of Pages: Each application cannot exceed more than 15 one-sided pages, including the form and all content. Reviewers may not read any pages beyond 15 one-sided pages. However, the applicant may submit a one-page cover letter and letters of recommendation, which do not count against the 15 one-sided page limit.

Note: These instructions are for informational purposes only and are not part of form DH 1767.

If your activity is a research or evaluation project, omit items 10, 11, 12, 13, and skip to item Number 14. Otherwise, proceed to item 10 and the following items.

10. Justification Summary: Provide on no more than three one sided, double spaced pages a summary addressing this project, covering each topic listed below.

- A) Problem description (Provide a narrative of the problem or need).
- B) Present situation (Describe how the situation is being handled now).
- C) The proposed solution (Present your proposed solution).
- D) Consequences if not funded (Explain what will happen if this project is not funded).
- E) The geographic area to be addressed (Provide a narrative description of the geographic area).
- F) The proposed time frames (Provide a list of the time frame(s) for completing this project).
- G) Data Sources (Provide a complete description of data source(s) you cite).
- H) Statement attesting that the proposal is not a duplication of a previous effort (State that this project doesn't duplicate what you've done on other grant projects under this grant program).

Next, **only complete one of the following:** Items 11, 12, 13 or 14. Read all four and then select and complete the one that pertains the most to the preceding Justification Summary. Note that on all, that credible before-after differences for emergency victim data are the highest scoring items on the Matching Grants Evaluation Worksheet used by reviewers to evaluate your application form.

11. Outcome For Projects That Provide or Effect Direct Services To Emergency Victims. This may include vehicles, medical and rescue equipment, communications, navigation, dispatch, and all other things that impact upon on-site treatment, rescue, and benefit of emergency victims at the emergency scene. Use no more than two additional one-sided, double-spaced pages for your response. Include the following.

- A) Quantify what the situation has been in the most recent 12 months for which you have data (include the dates). The strongest data will include numbers of deaths and injuries during this time.
- B) In the 12 months after this project's resources are on-line, estimate what the numbers you provided under the preceding "(A)" should become.
- C) Justify and explain how you derived the numbers in (A) and (B), above.
- D) What other outcome of this project do you expect? Be quantitative and explain the derivation of your figures.
- E) How does this integrate into your agency's five-year plan?

12. Outcome For Training Projects: This includes training of all types for the public, first responders, law enforcement personnel, EMS, and other healthcare staff. Use no more than two additional one-sided, double-spaced pages for your response. Include the following:

- A) How many people received the training this project proposes in the most recent 12-month time period for which you have data (include the dates).
- B) How many people do you estimate will successfully complete this training in the 12 months after training begins?
- C) If this training is designed to have an impact on injuries, deaths, or other emergency victim data, provide the impact data for the 12 months before the training and project what the data should be in the 12 months after the training.
- D) Explain the derivation of all figures.
- E) How does this integrate into your agency's five-year plan?

13. Outcome For Other Projects: This includes quality assurance, management, administrative, and other. Provide numeric data in your responses, if possible, that bear directly upon the project and emergency victim deaths, injuries, and/or other data. Use no more than two additional one-sided, double-spaced pages for your response. Include the following.

- A) What has the situation been in the most recent 12 months for which you have data (include the dates)?
- B) What will the situation be in the 12 months after the project services are on-line?
- C) If this project is designed to have an impact on injuries, deaths, or other emergency victim data, provide the impact data for the 12 months before the project and what the data should be in the 12 months after the project.
- D) Explain the derivation of all numbers.
- E) How does this integrate into your agency's five-year plan?

Skip Item 14 and go to Item 15, unless your project is research and evaluation and you have not completed the preceding Justification Summary and one outcome item.

14 Research and Evaluation Justification Summary, and Outcome: You may use no more than three additional one-sided, double spaced pages for this item.

- A) Justify the need for this project as it relates to EMS.
- B) Identify (1) location and (2) population to which this research pertains.
- C) Among population identified in 14(B) above, specify a past time frame, and provide the number of deaths, injuries, or other adverse conditions during this time that you estimate the practical application of this research will reduce (or positive effect that it will increase).
- D) (1) Provide the expected numeric change when the anticipated findings of this project are placed into practical use.
(2) Explain the basis for your estimates.
- E) State your hypothesis.
- F) Provide the method and design for this project.
- G) Attach any questionnaires or involved documents that will be used.
- H) If human or other living subjects are involved in this research, provide documentation that you will comply with all applicable federal and state laws regarding research subjects.
- I) Describe how you will collect and analyze the data.

ALL APPLICANTS MUST COMPLETE ITEM 15

15 Statutory Considerations and Criteria: The following are based on s. 401.113(2)(b) and 401.117, F.S. Use no more than one additional double-spaced page to complete this item. Write N/A for those things in this section that do not pertain to this project. Respond to all others.

Justify that this project will:

- A) Serve the requirements of the population upon which it will impact.
- B) Enable emergency vehicles and their staff to conform to state standards established by law or rule of the department.
- C) Enable the vehicles of your organization to contain at least the minimum equipment and supplies as required by law, rule, or regulation of the department.
- D) Enable the vehicles of your organization to have, at a minimum, a direct communications linkup with the operating base and hospital designated as the primary receiving facility.
- E) Enable your organization to improve or expand the provision of:
 - 1) EMS services on a county, multi county, or area wide basis.
 - 2) Single EMS provider or coordinated methods of delivering services.
 - 3) Coordination of all EMS communication links, with police, fire, emergency vehicles, and other related services.

16 Work activities and time frames Indicate the major activities for completing the project (use only the space provided) Be reasonable, most projects cannot be completed in less than six months and if it is a communications project, it will take about a year Also, if you are purchasing certain makes of ambulances it takes at least nine months for them to be delivered after the bid is let

Rural EMS Grant Justification Summary

The Duette Fire and Rescue District is requesting two refurbished Lifepak 15 monitors and one refurbished automated CPR device as a newly licensed non-transport rural volunteer EMS provider for Northeast Manatee County Florida.

The "District" currently operates 2 Lifepak 15 monitors, one located on the rescue and one on an administrative vehicle. We have no spare monitor without taking one of our ALS non-transport units out of service. The "District" also is required to perform CPR with a minimum 2 volunteer firefighters many times up to 40 minutes prior to the arrival of the county EMS service with less-than-optimal CPR due to long response times.

The "District" is proposing the addition of 2 refurbished Lifepak 15 Version 4 and one refurbished automated CPR device through the Florida Department of Health rural matching grant. One Lifepak would be placed on our fire-engine and the second would be held as a backup to the other monitors. The CPR device would be placed on our ALS non-transport rescue for cardiac arrest patients.

If the project is not funded the "District" would need to place one of our ALS non-transport units out of service to keep one unit responding with a Lifepak 15 if there were an issue with a current lifepak 15 that we operate. The "District" would also continue to operate with limited resources and less than optimal CPR with lower outcomes for survival without an automated CPR device.

The "District" covers 200 square miles of rural northeast Manatee County Florida as a volunteer fire department. The area with a population of about 1500 includes agriculture, Mosaic mining, a Waste Management facility, several farming distribution centers, and metal fabrication tank manufacturers. These industries bring an additional three thousand workers into our area on

any given day. The closest county ambulance if available is 23 miles away in Parrish Florida with response times of 20 to 40 minutes. The next due firehouses are both Parrish 23 miles and Myakka City 25 miles from Duette, any delay in our rural area will likely lead to catastrophic outcomes.

On March 23rd, 2024, DFR was on-scene of a cardiac arrest within 6 minutes and the ambulance arrived in 36 minutes resulting in the death of the individual without ALS care. Our rural area is an island separated by land and this is why we fought Manatee County so hard to obtain a COPCN for ALS non-transport as a volunteer fire department. Advanced life support and the proper equipment will save lives.

The "District" has a quote for 2 refurbished Lifepak 15 Version 4 of \$38,705.80 and a Defibtech Lifeline Arm XR for \$14,999.00 for a total project cost of \$53,704.80 both items are in stock as refurbished units and available for immediate purchase upon the receipt of grant funding.

In the Journal of Clinical Medicine June 30th, 2023, the Data was mixed on the effectiveness of automated CPR devices as other studies have shown but the data does provide evidence that automated CPR devices could increase the rate of ROSC especially in the cases of prolonged resuscitation. (J Clin Med. 2023 Jun 30;12(13):4429. doi: 10.3390/jcm12134429)

The Duette Fire and Rescue District has not duplicated this grant project under the Florida Department of Health EMS grant program or any other grant program available. We appreciate your consideration.

Outcomes For This Project

We are a small rural volunteer fire district with little data related to many measurable outcomes. In the past 12 months according to our ESO data our rural volunteer agency has responded to 235 incidents with 4 traffic related deaths, 9 critically injured who were flown out, and 1 cardiac arrest resulting in death of a local resident. During this 12-month period 24 incidents resulted in multiple patients requiring 2 clinicians with more than one monitor. The 1 cardiac arrest incident resulted in clinicians performing CPR for 36 minutes until EMS arrived.

The Duette Fire and Rescue District only became ALS non-transport licensed in November of 2024 and actively in-service ALS on January 28th 2025. The intention of this project is to shore up potential deficiencies in planning to not have a catastrophic outcome or limit the Swiss cheese model to avoid accidental bad outcomes. The one cardiac arrest we had on March 23rd, 2024, would result in high quality CPR for long periods of time waiting for county EMS.

These numbers came from our ESO database from the 2024 statistical data. In the budget year 23/24 our agency had a total budget of \$370,409.00, and in 24/25 our agency budget increased to \$471,000.00 because of solar. The "District" was approved for Ad Valorem in August 2024 for the 25/26 budget year. As a part of the five-year plan with the addition of a Lifepak 15 for our fire-engine, our plan includes hiring part-time firefighter paramedics to cover our district and add the engine as a permitted vehicle. Increasing the level of service is the goal as we continue to work on our five-year plan.

Statutory Considerations

The five-year plan for the Duette Fire and Rescue District includes the addition of part-time firefighter paramedics and our fire-engine becoming permitted ALS non-transport in the future. To be ALS non-transport the Florida Department of Health 64j rules require a patient defibrillator monitor to provide ALS care. The lack of a back-up monitor puts our fire district in a position to downgrade one ALS non-transport unit to BLS for that duration of time the monitor is out of service.

Having a backup Lifepak 15 will allow the Duette Fire and Rescue District to comply with Florida DOH rule 64j for required equipment on an ALS permitted vehicle and continue to serve our community for its intended use with the minimum required equipment established by rule and department regulations. In the August 2024 primary election our community voted for ALS with the addition of Ad Valorem taxes. The Duette Fire and Rescue District is fulfilling the will of our voters with expansion to ALS non-transport services improving the level of service we provide area wide to our community.

Mr. Ceburn Parker, Fire Chief
Duette Fire and Rescue District
35800 Florida 62
Duette, FL 34219

Dear Chief Parker:

The Florida Department of Health (Department), Division of Emergency Preparedness and Community Support is pleased to award the Emergency Medical Services (EMS) Matching Grant, M2510, in the amount of \$25,747.05 to Duette Fire and Rescue District. This award is subject to appropriation and availability of funds.

The purpose of this grant is to provide funds for the expansion and/or improvement of prehospital EMS by assisting your organization with the purchase of Defibrillators and LUCAS Device. Section 401.113(2)(b), Florida Statutes (F.S.), provides authority to dispense funds annually from the EMS Trust Fund; no federal funding was utilized for this grant.

The grant cycle begins on the date the Memorandum of Agreement (MOA) associated with this award is executed and ends one calendar year from the date of execution. Your required local cash match is \$8,582.35 with a total budget of \$34,329.40. Pursuant to section 401.113(2)(b), F.S., and in compliance with the Florida Catalog of State Financial Assistance Number 64.003, agencies are required to report grant activities and purchases to the Department. Grant reports are due within 30 days of the end of each fiscal quarter.

You will receive the MOA for your review and signature at a later date. Funds will not be released until after the agreement is fully executed. A copy of the executed MOA, with my signature, will be provided for your records.

Thank you for your participation in the Florida Department of Health, Bureau of Emergency Medical Oversight's EMS Matching Grant program. If you need assistance, please contact our staff at EMSGrants@FLHealth.gov.

Sincerely,

A handwritten signature in blue ink that reads "Douglas H. Woodlief".

ORDINANCE NO. 17-041

AN ORDINANCE OF MANATEE COUNTY, FLORIDA, REGARDING THE AUTHORIZATION OF LIFE SUPPORT TRANSPORT AND NON-TRANSPORT SERVICES WITHIN THE COUNTY; AMENDING AND RESTATING ARTICLE II OF CHAPTER 2-13 OF THE MANATEE COUNTY CODE OF ORDINANCES; MAKING RELATED FINDINGS; DEFINING CERTAIN TERMS; REQUIRING CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY FOR LIFE SUPPORT TRANSPORT AND NON-TRANSPORT SERVICES; PROVIDING EXEMPTIONS; ESTABLISHING THE AUTHORITY OF THE COUNTY EMS MEDICAL DIRECTOR; ESTABLISHING STANDARDS FOR APPLICATIONS, RENEWALS AND AMENDMENTS OF CERTIFICATES; PREVENTING DISCONTINUATION OR INTERRUPTION OF LIFE SUPPORT TRANSPORT AND NON-TRANSPORT SERVICES; PROVIDING FOR INSURANCE REQUIREMENTS; REGULATING RATES; ESTABLISHING RIGHTS AND DUTIES GRANTED BY CERTIFICATION; REQUIRING VEHICLE PERMITS FOR AMBULANCES AND AIR AMBULANCES; ESTABLISHING CONDITIONS OF VEHICLE OPERATING PERMITS FOR AMBULANCES AND AIR AMBULANCES; PROVIDING FOR RESPONSE IN A STATE OF EMERGENCY OR DISASTER; PROVIDING FOR VIOLATIONS, PROVIDING FOR ENFORCEMENT AND PENALTIES; PROVIDING FOR APPEALS; PROVIDING FOR CODIFICATION; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, it is the intent of the Board of County Commissioners ("Board") to promote the health, safety and welfare of its citizens, residents and visitors, by providing for the regulation of life support services thereby promoting the development and maintenance of safe, healthy, efficient and service-oriented life support transport and non-transport services for Manatee County ("County"); and

WHEREAS, the County has established rules and regulations for the provision of life support transport and non-transport services, set forth as Article II of Chapter 2-13 of the County Code of Ordinances ("Code"); and

WHEREAS, the Board finds that due to the Town of Longboat Key's unique location in both Manatee and Sarasota County, that Longboat Key Fire Rescue has been providing advanced life support transport services to the County for over thirty years pursuant to a longstanding County certificate of public convenience and necessity ("certificate"), and that Longboat Key Fire Rescue is subject to regulation by Sarasota County for these same services, the Board finds that it is reasonable and appropriate that the certificate granted to the Town of Longboat Key prior to the adoption of this Ordinance shall be exempt from the requirements of Article II of Chapter 2-13; and

WHEREAS, the Board finds that it is in the best interests of protecting the health, safety and welfare of the citizens of the County and its visitors to amend and restate Article II of Chapter 2-13 of the Code as provided herein.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA:

Section 1. Purpose and Intent. This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set forth in Chapter 401, Florida Statutes, as amended.

Section 2. Findings. The Board relies upon the following findings in the adoption of this Ordinance:

- A. Pursuant to Section 401.25, Florida Statutes, the Board is authorized to establish and enforce reasonable rules and regulations for providers applying for and maintaining a Certificate of Public Convenience and Necessity ("certificate") from the County.
- B. Chapter 2-13 of the Code sets forth the policies and rules regarding the regulations for providers applying for and maintaining a certificate.
- C. It is in the interest of the public health, safety and welfare to amend and restate Chapter 2-13 of the Code, as set forth in this Ordinance for the purposes of prescribing and enforcing reasonable rules and regulations for the issuance of a certificate.

Section 3. Article II of Chapter 2-13 of the Code is hereby amended and restated to read in its entirety as follows:

ARTICLE IV. - LIFE SUPPORT TRANSPORT AND NON-TRANSPORT SERVICES

Sec. 2-13-50. - Definitions.

Sec. 2-13-51. - Certificates of public convenience and necessity.

- (a) Every person, non-governmental entity, or governmental entity owning or acting as an agent for the owner of any business or service which furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in any of the business or services described in this article shall first obtain a certificate from the county, except for the provision of basic life support non-transport services by a governmental entity.
- (b) Providers of ambulance service having no headquarters or other facilities within the county shall be required to obtain a certificate from the county and to otherwise comply with this article if they provided intra-county ambulance service within the county at least twice in any prior twelve-month period.

Sec. 2-13-52. - Classifications of certificates.

- (a) The classification of certificates are as follows:
 - (1) *Basic Life Support (BLS), Interfacility Transfer;*
 - (2) *Advanced Life Support (ALS) Non-Transport Services;*
 - (3) *Advanced Life Support (ALS) Transport Services;*
 - (4) *Advanced Life Support (ALS) Interfacility Transfer; and*
 - (5) *Advanced Life Support (ALS) Air Ambulance Services (rotor and fixed).*

- (b) Providers of services granted a certificate(s) in accordance with this article are limited to providing the level of service indicated on each certificate issued by the county to the provider. Applicants may apply for more than one classification at the same time, but must provide the information and application responses required of each certificate sought.

Sec. 2-13-53. - Exemptions.

- (a) Per Section 401.33, Florida Statutes, as amended, the following are exempt from the provisions of this article:
 - (1) Fixed wing air ambulances used or intended to be used for air transportation of sick or injured persons who may need medical attention during transport;
 - (2) Any ambulance owned and operated by the federal government or sovereign Indian tribe;
 - (3) Vehicles used for transporting a patient pursuant to Section 768.13, Florida Statutes, known as the Good Samaritan Act;
 - (4) A vehicle used to transport patients in the event of a major catastrophe or local or state declared emergency when ambulances with current certificates and state licenses are insufficient in number to render the services needed as determined by the Public Safety Director or designee;
 - (5) A privately-owned vehicle not ordinarily used in the business of transporting persons who are sick, injured, wounded, incapacitated, or helpless; and
 - (6) Any state licensed hospital utilizing its own vehicles in transporting, to or from a hospital or a medical facility, nonemergency patients whose medical condition is such that they are confined to a wheelchair or to a stretcher but who do not need, nor are likely to need, medical attention during transport if the hospital does not charge a fee for this service.
- (b) The Town of Longboat Key shall be exempt from the provisions of this article so long as it is operating under a certificate issued prior to April 25, 2017 (the date of the amendment and restatement of this article via Ordinance 17-041) and its Sarasota County certificate for these services is valid.

Sec. 2-13-54. – County EMS Medical Director.

In addition to the authority and responsibilities provided for in Section 401.265, Florida Statutes, and Section 64J-1.004, Florida Administrative Code, the county EMS medical director shall have the ultimate decision-making authority for any paramedics and EMTs that practice under his or her supervision. The county EMS medical director has the right to suspend the practicing privileges of any paramedic or EMT operating under his or her supervision.

Sec. 2-13-55. - Applications for certificates, renewals and amendments.

(a) *Application.* Every application for a certificate, renewal of a certificate or an amendment to a certificate shall be filed with the county's Public Safety Department, on a form approved by the county and include all the required supporting information identified in the application. The application shall include the requisite nonrefundable application fee as set by resolution. Upon the complete filing of an application, a notice of the application shall be transmitted by the county to all current certificate holders in Manatee County.

(b) *Administrative review of application.* The Public Safety Director shall review the application and the attached documents.

(1) The investigation and review of the application for a non-governmental entity shall include the following:

- a. The financial responsibility of the applicant;
- b. The applicant's past performance and service record, if any, in providing services within Manatee County;
- c. Local and state criminal records;
- d. Except for applications for ALS non-transport services, a current version of the certificate holder's Medical and Trauma Transport Protocols;
- e. Except for applications for ALS non-transport services, documentation of academic credentials, the most current medical director contract, medical director's current Florida license, and a Drug Enforcement Agency certification; and
- f. Any other facts the applicant has submitted for consideration.

(2) The investigation and review of the application for a governmental entity shall include the following:

- a. A copy of the applicant's most recent Comprehensive Annual Financial Report (CAFR);
- b. Except for applications for ALS non-transport services, a current version of the certificate holder's Medical and Trauma Transport Protocols;
- c. Except for applications for ALS non-transport services, documentation of academic credentials, the most current medical director contract, medical director's current Florida license, and a Drug Enforcement Agency certification; and
- d. Any other facts the applicant has submitted for consideration.

If the application is missing information, the information or supporting documentation is untrue or falsified, the applicant failed to include all required supporting information, or if the required fees have not been paid, the Public Safety Director may reject the application.

(c) *Board consideration of applications.* Complete applications shall be reviewed by the Board of County Commissioners ("Board") at a duly noticed public hearing. At the hearing, the Board shall consider the application, the Public Safety Director's report on the factors referenced in Section 2-13-55(b) and recommendation, and all matters presented at the public hearing. These factors shall include the following criteria:

- (1) For an applicant that is a non-governmental entity:
- a. The financial responsibility of the applicant to maintain safe, comfortable services, maintain or replace medical equipment, and maintain all insurance coverage required under this article based on the following criteria:
 - 1. Audited financial statements or federal tax returns or, for newly formed corporations, personal audited financial statements from the principal(s);
 - 2. Pro forma statements;
 - 3. Credit and bank references;
 - 4. A current official credit report; and
 - 5. Disclosure of all pending liabilities;
 - b. The adequacy of the standard operating procedures of the applicant;
 - c. The past performance and service record of the applicant;
 - d. The number and type(s) of service(s) currently being provided to the area;
 - e. The effect of the proposed services on the quality of existing life support transport or non-transport services;
 - f. The effect of the proposed service on the overall cost of life support transport and non-transport services to the County;
 - g. The community's need for the proposed service. The applicant shall bear the burden of proving there is a need for the proposed service. The basis for determination shall include:
 - 1. A computation of the ratio of estimated annual requests for service in the certificate category, to the current number of ambulances satisfying requests;
 - 2. A computation of the ratio of ambulances per 1,000 population; and
 - 3. A benchmark comparison with other entities of similar size and geography providing emergency medical services;
 - h. The extent to which the applicant and all proposed equipment and personnel conform to the requirements of Chapter 401, Florida Statutes, any amendments thereto, and any rules promulgated thereunder; and
 - i. Any other facts the applicant submitted for consideration.
- (2) For an applicant that is a governmental entity, the Board shall approve the application for

a certificate upon the applicant's complete submittal of the following information:

- a. A completed form application and documentation submitted in support of the application;
- b. The application fee, if applicable;
- c. EMS policy and procedures as approved by the County EMS medical director; and
- d. An annual report of its services, to include information as to the ALS and BLS service time per permitted vehicle.

(d) *Issuance of certificate.* After consideration of the criteria set forth in subsection (c) of this article, if the Board finds that public convenience and necessity will be promoted by the approval of the application, then the application shall be approved, subject to any limitations or restrictions reasonably required by the Board.

(1) Following Board approval, the Public Safety Director shall issue the applicant a certificate. Services approved by the Board shall not begin until the county's receipt of the following from the certificate holder:

- a. Documentation of operational approval by all appropriate state agencies;
- b. An estimated number of drivers, emergency medical technicians, and paramedics;
- c. A list of all permitted vehicles by the Department of Health;
- d. Documentation that the insurance required by this article is current;
- e. Documentation that the certificate holder has passed all the inspections required by Chapter 401, Florida Statutes;
- f. Documentation that the certificate holder has passed county inspection of ambulances and air ambulances; and
- g. Documentation that the certificate holder has received vehicle operating permits as required by Section 2-13-60 for its ambulance and air ambulances authorized by the certificate (if applicable).

(2) A certificate holder may elect to phase in the operation of the total number of authorized ambulances so long as no less than two (2) ambulances are active at all times. If a certificate holder elects to phase into operation the number of ambulances approved by the Board, the certificate holder is required to have county vehicle operating permits on all Board-approved active and reserve ambulances, on or before two (2) years following the date of approval of the certificate.

(3) If the applicant fails to comply with the requirements of this subsection within one hundred twenty (120) days after notification of Board approval, such approval shall be automatically revoked and a certificate shall not be issued. For good cause shown, the Public Safety Director may extend this time frame so long as the total time period does not exceed one hundred and eighty (180) days.

(4) Certificates shall be issued for a term not to exceed two (2) years. The two (2) year term shall begin to run on the date of receipt of the items specified in (d)(1) of this section.

(e) *Certificate forms.* Each certificate shall contain, at minimum:

- (1) The name and address of the applicant;
- (2) The maximum number of active ambulances authorized to operate;
- (3) The maximum number of reserve ambulances or air ambulances permitted to serve as temporary replacement for active vehicles;
- (4) The date on which the certificate expires;
- (5) The boundaries of the territory to be served, and if the certificate holder is a governmental entity, such certificate shall include the governmental entity's jurisdiction and any areas in which the governmental entity has an automatic aid or mutual aid agreement for fire and emergency medical services or in accordance with a closest unit response agreement; and
- (6) Such additional terms, conditions, provisions, and limitations as were authorized in the approval process.

The certificate holder must recognize that a permitted ALS non-transport vehicle may operate as a BLS vehicle when the vehicle is not staffed by a certified paramedic or licensed physician in accordance with Rule 64J-1.003, Florida Administrative Code, as amended, provided the vehicle service time is 70% ALS non-transport services annually.

(f) *Renewal of certificates.* The renewal of certificates shall follow the same process as set forth in this section, using such renewal application forms as may be promulgated by the county Public Safety Director.

- (1) Application for renewals shall be submitted no later than ninety (90) days prior to the expiration of the current certificate(s), and shall be accompanied by the applicable fee.
- (2) No formal application for renewal shall be required for governmental entities that have been granted a certificate prior to the adoption of this Ordinance. The certificate issued shall stay in effect throughout the governmental entity's licensure period, including all renewals.

(g) *Amendment of certificates.* Following a minimum of six (6) months in operation, a non-governmental entity certificate holder may submit the county's ambulances addition form and a letter to the Public Safety Director stating the need and reason for the increase in active ambulances.

- (1) An increase shall not be authorized unless the certificate holder submits verifiable documentation which demonstrates that the certificate holder's trips-to-car ratio is equivalent to or exceeds five (5) trips per active vehicle, per average weekday, for the sixty (60) consecutive weekdays (Monday through Friday) preceding the date of application. The 5:1 trips-to-car ratio shall be calculated as follows: total number of trips where a patient is transported for the sixty (60) weekdays, divided by sixty (60) weekdays, divided by the number of authorized ambulances.

- (2) The Public Safety Director shall only authorize the number of additional active ambulances necessary to lower the applicant's average weekday trips per active ambulances vehicle ratio below the 5:1 threshold.
- (3) All increases in the number of active ambulances shall be reported to the Public Safety Director on a semiannual basis. The applicant may also request a proportional increase in reserve ambulances or air ambulances in accordance with the provisions of this article.

Sec. 2-13-56. - Preventing discontinuation or interruption of life support services.

- (a) A certificate holder shall not discontinue or interrupt service in any part of the county or during any part of the certificate holder's term without express prior written approval of the Public Safety Director for good cause shown. If a certificate holder has knowledge that discontinuation or interruption of service may occur, the certificate holder shall immediately provide the Public Safety Director with written notice of such occurrence.
- (b) Where there is an actual or threatened discontinuation or interruption of life support services, the Public Safety Director may take the following action:
 - (1) Authorize another certificate holder or any other qualified person or entity to provide temporary life support services;
 - (2) Initiate proceedings to terminate the certificate of the certificate holder that failed to provide service;
 - (3) Advertise for a new certificate holder; and
 - (4) Take such other actions as may be necessary to protect the health, safety or welfare of the county and ensure the continuation of service.

Sec. 2-13-57. - Insurance requirements.

- (a) A certificate holder shall carry insurance as set forth in this section to secure payment for any loss or damage resulting from any occurrence arising out of or caused by the operation or use of any of the certificate holder's ambulances, air ambulances or vehicles. Every insurance policy or contract for such insurance shall provide for the payment and satisfaction of any financial judgment entered against the certificate holder or any person operating an ambulance, air ambulance or vehicle on behalf of the certificate holder.
- (b) Prior to commencing operations within the county, the certificate holder shall furnish to the county certificate(s) of insurance, or at the request of the county, full certified copies of required insurance policies, which shall indicate that insurance coverage has been obtained which meets the requirements set forth in this section.
- (c) Non-governmental entity certificate holders—Ambulances and air ambulances:
 - (1) Each ambulance or air ambulance shall be insured in an amount not less than one million dollars (\$1,000,000.00) per occurrence combined single limit for bodily injury and property damage.

- (2) Each certificate holder shall maintain medical malpractice insurance in an amount not less than one million dollars (\$1,000,000.00) per occurrence.
- (d) Insurance certificates shall be endorsed to provide for no modification or material change, cancellation, or expiration without thirty (30) days written notice by registered mail to the county. No policy shall be accepted for a shorter period than six (6) months.
- (e) All insurance policies required in this section shall be issued by companies authorized to do business in Florida, with a management and financial strength rating approved by the county's risk manager.

Sec. 2-13-58. - Rates.

- (a) *Disclosure and assessment of rates.* Rates charged by certificate holders shall be assessed in a uniform manner throughout the incorporated and unincorporated parts of the county. Each certificate holder shall maintain an internet website containing a listing of its rates within the county and each ambulance and air ambulance shall have a rate schedule posted in a place that is readily visible to patients. It shall be unlawful for any certificate holder to charge, demand, request, or accept any rate for services unless that rate has been established pursuant to the following:
 - (1) Federal or state law;
 - (2) Countywide emergency and non-emergency ambulance service and non-emergency medical transportation vehicle service contracts between one or more private ambulance providers and the county; or
 - (3) A lower uniform rate to provide private inter-facility transfer of indigent or Medicaid patients to or from a state-designated and licensed rural hospital, as defined in Section 395.602, Florida Statutes, as amended, where said rate has been negotiated by the hospital and a private certificate holder.
- (b) *Ambulance rates charged by county.* Notwithstanding the foregoing, all ambulance rates charged by the county's EMS service shall be set by resolution.

Sec. 2-13-59. – Rights and duties granted by certification.

All certificate holders operating within the county shall comply with the following operating standards as applicable to the issued certificate:

- (a) Operate in conformance with this article, all federal and state laws, as well as applicable administrative codes;
- (b) No certificate issued pursuant to this article shall be assignable or transferable, except upon approval by the Board in the same manner and subject to the same application process, applicable fee(s) and public hearing(s) for an original application for a certificate. For non-governmental entities, any majority transfer of shares of stock or interest of any person or operator that causes a change in the directors, officers, majority shareholders or managers of such person or operator shall be deemed a transfer or assignment as contemplated in this article;

- (c) Obtain and maintain a valid license with the Florida Department of Health for the classification of certificate issued by the county;
- (d) Keep such records as may be required by the federal or state government or by the Board and make such records available to the Public Safety Director for inspection recognizing that information that is protected by the Health Insurance Portability and Accountability Act (HIPAA) and Florida Information Protection Act (FIPA), as amended, may not be disclosed to the County unless an agreement addressing HIPAA and FIPA has been executed between the certificate holder and county. Operational and financial records shall be maintained for up to two (2) years beyond the end of a certificate holder's fiscal year
- (e) Submit electronic patient care report (ePCR) data to Florida's Prehospital Emergency Medical Services Tracking and Reporting System;
- (f) Maintain a central place of business in the county where all records related to the certificate holder's operations within the county shall be available for inspection or audit by the county during normal business office hours recognizing that information that is protected by HIPAA and FIPA, as amended, may not be disclosed to the County unless an agreement addressing HIPAA and FIPA has been executed between the certificate holder and county;
- (g) Provide the Public Safety Director with a current list of telephone numbers and addresses of responsible management personnel to be contacted in the event of emergencies;
- (h) Provide continuous, prompt and uninterrupted services to the extent authorized by the certificate(s);
- (i) Each permitted ambulance or air ambulance shall respond to all calls for service, as indicated by the Medical Priority Dispatching Software;
- (j) A certificate holder shall not self-dispatch to medical calls;
- (k) When present, Manatee County Emergency Medical Services (MCEMS) shall maintain medical authority on all medical and trauma scenes;
- (l) Providers of transport services shall load and transport patients without being subject to unreasonable delays and without regard to a patient's financial ability to pay;
- (m) Maintain a twenty-four-hour public access telephone number for receiving calls for service;
- (n) The transportation of more than one patient in one ambulance shall be prohibited, with the exception of transportation terms pursuant to a contract between a certificate holder and the county;

- (g) Permits issued hereunder shall not be transferable or assignable.

Sec. 2-13-61. - Conditions of vehicle operating permit for ambulances and air ambulances.

- (a) All ambulances must remain compliant with Chapter 64J, Florida Administrative Code, as amended.

- (b) Certificate holders shall have each ambulance annually inspected by the county for compliance with safety and sanitation requirements pursuant to Florida Statutes. A provider of air ambulance services shall comply with the inspection requirements of the state. Within thirty (30) days of a state inspection, air ambulance certificate holders shall provide a copy of the most recent state inspection report form and any other inspection-related documentation to the county.
- (c) Permitted ambulances are subject to random inspections by the Public Safety Director. Ambulances and air ambulances shall be inspected for compliance in accordance with the applicable provisions of the Florida Administrative Code.
- (d) A certificate holder's ambulances and air ambulances must meet the following criteria/standards:
 - (1) All ambulances used in the transportation of patients must be equipped with all items required by the Florida Department of Health, Division of Emergency Medical Operations;
 - (2) Any ambulance used by the certificate holder for transporting patients shall conform to all standards as promulgated and defined by the county EMS medical director, and all rules and regulations promulgated and set forth in any state and local ordinance; and
 - (3) Each ambulance must permanently display the name of or other suitable corporate identification number.
- (e) A certificate holder shall not operate more than the specified number of authorized ambulances and air ambulances.

Sec. 2-13-62. - State of emergency or disaster.

- (a) Where a state of emergency has been declared, the county administrator is authorized to suspend any of the provisions of this article.
- (b) Each certificate holder shall make available ambulance resources to the county during periods of abnormal ALS call activity periods of peak call volume when county resources are depleted.

Sec. 2-13-63. - Violations, enforcement and penalties.

- (a) It shall be unlawful for any governmental or non-governmental entity to violate any provision of this article or certificate issued hereunder, or to provide or hold itself out as providing ambulance services within the county without a current certificate of public necessity.
- (b) *Grounds for probation, suspension or revocation.* Any certificate issued under this article may be subject to probation, suspension or revocation if the following occurs:
 - (1) The certificate holder has failed to render services as required by the certificate, this article, Chapters 316, 322, 395, 401, Florida Statutes, as amended, or Chapter 64J, Florida Administrative Code, as amended;

- (2) The certificate holder has failed to comply with the requirements of state law regarding the standards for ambulances, air ambulances, vehicles, equipment, and personnel as provided for in Chapters 316, 322, 395, 401, Florida Statutes, as amended, or Chapter 64J, Florida Administrative Code, as amended;
 - (3) The certificate holder has been found guilty of or entered a plea to a felony charge;
 - (4) The certificate was obtained by an application in which any material fact was omitted or stated falsely;
 - (5) The certificate holder has demanded money or compensation other than that established in accordance with this article or established by separate resolution;
 - (6) The certificate holder has failed to load and promptly transport patients with a medical emergency regardless of ability to pay; or
 - (7) The certificate holder or any of its employees has induced or sought to induce a change of destination to or from a hospital or another facility other than the destination specified by the patient unless specifically warranted by protocol or the patient's medical condition.
- (c) *Probation.* The Public Safety Director has the authority to place a certificate holder on probation if he or she has reasonable cause to believe that a violation of any of the conditions listed in subsection 2-13-63(b) has occurred.
- (1) The certificate holder shall be served a copy of the probation notice by certified mail with the violation(s), the probation period, and corrective action, if any, specified in the notice.
 - (2) The probation period shall not exceed 120 days.
 - (3) If the certificate holder corrects all or some of the violation(s) identified in the notice of probation prior to the expiration of the probationary period and notifies the Public Safety Director of such corrective action, the Public Safety Director may terminate the probation at any time or proceed with other enforcement action as provided in this section.
 - (4) If the certificate holder fails to correct the violation(s) identified in the notice of probation prior to the expiration of the probationary period, or fails to notify the Public Safety Director of such corrective action, the Public Safety Director may proceed with the applicable enforcement actions provided in this section.
- (d) *Suspension.* For a substantial violation or a repeat violation, the Public Safety Director has the authority to immediately suspend a certificate if he or she has reasonable cause to believe that a violation of any of the conditions listed in subsection 2-13-63(b) has occurred.
- (1) The certificate holder shall be served a copy of the suspension notice with the violation(s), the period of the suspension, and corrective action, if any, specified by certified mail at least ten (10) days before the effective suspension period.
 - (2) If the certificate holder corrects the violation(s) identified in the notice of suspension prior to the expiration of the time period provided therein and notifies the Public Safety Director of such corrective action, the Public Safety Director may reinstate the certificate.

- (3) If the certificate holder fails to correct the violation(s) identified in the notice of suspension within the time period provided therein or fails to notify the Public Safety Director of such corrective action, the Public Safety Director may extend the period of suspension and proceed with the applicable enforcement actions provided in this section.
- (e) *Revocation.* For repeat violations of subsection 2-13-63(b) or a certificate holder that fails to correct the violations identified in the probation or suspension notice in the time frame specified therein, a certificate may be subject to revocation or amendment. If the Public Safety Director determines that revocation or amendment of any certificate is warranted, notice shall be sent to the certificate holder by certified mail of such findings and of the date of the public hearing on the matter, not less than ten (10) days prior to the hearing. The Board shall thereupon consider the issues identified in the notice and either revoke, suspend or amend the certificate or dismiss the complaint. The Board shall provide notice of revocation or alteration to the violator by certified mail, at least ten (10) days before the violator must comply with the Board's decision.
- (f) Additional enforcement remedies. In addition to probation, suspension or revocation of a certificate, this article may be enforced as provided by Section 125.69, Florida Statutes, as amended, or by an action in equity, including injunctive or declaratory relief, in a court of competent jurisdiction, in order to prevent or abate violations of this article.

Sec. 2-13-64. Appeal

- (a) All decisions rendered by the Public Safety Director shall be appealable by requesting a hearing before a special magistrate.
 - (1) The hearing shall be requested within fifteen (15) days of the date of the decision to be challenged.
 - (2) A hearing date shall not be postponed or continued unless a request for continuance is received in writing by the hearing officer at least ten (10) calendar days prior to the date set for the hearing. No additional continuances shall be granted without concurrence of the Public Safety Director.
 - (3) The fact-finding determination of the special magistrate shall be limited to whether the alleged violation occurred or whether competent, substantial evidence supports the Public Safety Director's decision. Based upon this fact-finding determination, the special magistrate shall either affirm or reverse the decision of the Public Safety Director. If the special magistrate affirms the decision of the Public Safety Director, the named party shall have fifteen (15) days from the date of the decision of the special magistrate to comply with the decision of the Public Safety Director unless some other period is agreed to by the county.
- (b) All decisions rendered by the Board or a special magistrate shall be appealable as permitted by Florida Rules of Appellate Procedure, as amended, or Section 162.11, Florida Statutes, as amended.

Section 4. The publisher of this County's Code, the Municipal Code Corporation, is directed to incorporate the amendments in Section 3 into the Code.

Section 5. If any clause, phrase, provision, section or sentence of this Ordinance is held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not be construed as to render invalid or unconstitutional the remaining provisions of this Ordinance.

Section 6. This Ordinance shall take effect immediately upon filing with the Department of State.

DULY ADOPTED, with a quorum present and voting, this 25th day of April, 2017.

**PUBLIC SAFETY DIRECTOR'S REPORT AND RECOMMENDATION DUETTE FIRE
DISTRICT RENEWAL COPCN APPLICATION**

EXECUTIVE SUMMARY

The matter before the Board of County Commissioners (the "Board") is Duette Fire and Rescue District's ("Duette") application for renewal of its Certificate of Public Convenience and Necessity (COPCN) to provide Advanced Life Support (ALS) Non-Transport service within Manatee County.

Pursuant to Section 2-13-55 of the Manatee County Code of Ordinances (the "Code"), upon receipt of a COPCN application and all required supporting information and documentation, the Board shall consider the application and the Public Safety Director's report and recommendation regarding the same at a duly noticed public hearing.

The Manatee County Department of Public Safety recommends that the Board approve Duette's renewal application for a COPCN to provide ALS Non-Transport service within Manatee County. This recommendation is based on the current renewal application, supporting documentation, and the Department's independent verification regarding the applicant's financial readiness, staffing capabilities, and compliance with County Ordinances, as outlined herein.

BACKGROUND

A COPCN is a certification issued by a local government authority that authorizes an emergency medical service provider to operate within a specific jurisdiction. This requirement is established in Florida Administrative Code 64E-2.032, which empowers counties to issue COPCNs to ambulance services proposing to operate within their boundaries, in accordance with Section 401.25(2)(d) and (6), Florida Statutes.

The Florida Department of Health (the "Department") licenses ambulance services, including non-transport and transport, however, a service must first obtain a COPCN from each County where it provides or plans to provide pre-hospital ALS (Advanced Life Support) or BLS (Basic Life Support) transportation services, as well as intra-county and interfacility services. Licenses issued by the Department are for ALS, BLS transport, and ALS non-transport, or air ambulance service, consistent with the services authorized by the COPCN. The Department will license an ambulance service in counties that don't require a COPCN, provided the service meets other requirements. Licensed ambulance transport and non-transport services may operate without a COPCN in certain circumstances, such as under mutual aid agreements or in response to disasters or mass casualty incidents.

ALS non-transport services are defined as advanced life support vehicles that provide emergency treatment or care without transporting patients for further care and are more specifically defined by FAC 64J-1.003 To provide this service, the servicer must be staffed with at least one certified paramedic or licensed physician, carry specified minimum equipment, operate in accordance with a certificate of public convenience and necessity (COPCN) from the local government authority in which the servicer intends to provide the service (in certain cases) and obtain a state license from the Department F.A.C. 64J-1.003.

Duette Fire and Rescue District ("Duette") is a governmental entity established in 1982 that has operated as an independent special district in Manatee County since 2006, under Chapters 189 and 191 of the Florida Statutes. Duette currently provides ALS Non-Transport and BLS (Basic Life Support) Non-Transport first response services within the County, specifically within Duette Fire and Rescue District service area.

On or about June 12th, 2026 Chief Ceburn (Rocky) Parker, on behalf of Duette, submitted a renewal COPCN application and associated fee in compliance with the 90-day advance submission requirement of Section 2-13-55(f)(1) of the Manatee County Code to provide ALS non-transport services within the County, specifically within Duette Fire and Rescue service area. A copy of Duette's renewal application and supporting documentation is attached hereto as **Exhibit "A."**

Following the initial submission, County staff requested additional supporting documentation necessary to complete the review. Duette provided the requested materials, and the Department determined the renewal application was complete on July 29th, 2026. The application is now ready for the Board's consideration.

LEGAL AUTHORITY AND STANDARD OF REVIEW

The State of Florida delegates authority to counties to approve or deny Certificates of Public Convenience and Necessity for emergency medical services providers through the "Emergency Medical Services Act" in Chapter 401, Part III of the Florida Statutes. Specifically:

Section 401.25(2)(d), Florida Statutes, generally requires an applicant for state licensure to obtain a COPCN from each county in which it will operate. Section 401.25(7)(a), Florida Statutes, authorizes county governing bodies to adopt ordinances establishing reasonable standards for COPCNs for basic life support, advanced life support, and air ambulance services.

Accordingly, Manatee County enacted Ordinance No. 17-041 pursuant to the authority provided in Chapter 401. A copy of this Ordinance is attached hereto as Exhibit "B." Ordinance No. 17-041 outlines the requirements for obtaining a COPCN for ALS Non-Transport services within the County, and establishes standards for applications, renewals, staffing, vehicle permitting, and other operational criteria that providers must meet.

Standard of Review:

Pursuant to Code Section 2-13-55(c)(2)-(d), the Board shall consider the following:

- This Report;
- Duette's completed renewal application and any documentation and information submitted in support of the application;

DUETTE FIRE AND RESCUE COPCN APPLICATION

A copy of Duette's complete COPCN renewal application and supporting documentation is attached hereto as **Exhibit A**.

Financial Information:

Duette submitted audited financial statements for the fiscal year ended September 30, 2024. The Department reviewed these statements to assess Duette's financial conditions and ability to continue providing ALS non-transport services within its authorized service area.

As of September 30, 2024:

- Total assets were \$1,623,123, including \$1,468,333 in capital assets, net of depreciation.
- Total liabilities were \$563,173.
- Total net position was \$1,059,950, consisting of:
 - \$994,913 invested in capital assets;
 - \$9,241 restricted for impact fees; and
 - \$55,796 in unrestricted net position.
- Total revenues were \$435,465, consisting of:
 - \$359,217 in fire assessments;
 - \$74,248 in capital grants and contributions; and
 - \$2,000 in impact fees.
- Total expenses were \$490,140, consisting of:
 - \$376,526 for fire protection services;
 - \$89,563 in depreciation; and
 - \$24,051 in interest on long-term debt.
- The District's net position decreased by \$54,675 during FY 2024.
- The General Fund had an ending fund balance of \$65,037, a decrease of \$72,192 from the prior year. Of that amount, \$54,296 was unassigned and available for general purposes.
- The District had \$473,420 in outstanding long-term debt associated with the purchase of a fire engine.

The independent auditor did not identify any internal-control deficiencies considered to be material weaknesses. The auditor's testing also disclosed no instances of noncompliance or other matters required to be reported under Government Auditing Standards. The auditor determined that Duette did not meet any of the financial-emergency conditions described in section 218.503(1), Florida Statutes.

Although the FY 2024 statements reflect a positive net position, approximately \$994,913 of that amount was invested in capital assets, while unrestricted net position was \$55,796. Additionally, the General Fund balance declined by approximately 53% during FY 2024.

Insurance Information:

Duette Fire Rescue submitted documentation showing general liability coverage through VFIS or the policy period October 1, 2025, through October 1, 2026. The submitted policy

summary reflects limits of \$1,000,000 per occurrence or medical incident and a \$2,000,000 general aggregate limit.

Vehicle Information:

1 ALS Rescue Squad and 1 ALS Pickup are listed on their vehicle report.

Personnel Information

Based on the personnel roster, certification verification, and documented staffing schedule, the Department determined that Duette has sufficient qualified personnel to staff its permitted ALS non-transport vehicle or vehicles in accordance with County requirements.

Annual Report, including ALS service time per vehicle:

Duette provided an annual report reflecting the volume of EMS-related events by for the applicable reporting periods.

A review of Duette's response activity and unit availability was completed through an audit of dispatch records provided by Manatee County's Emergency Communications Center. The audit reflects the following call volume for RS918 Duette's ALS Rescue Squad:

- 2024 (August 12–December 31): 31 calls
- 2025 (full year): 99 calls
- 2026 (year-to-date through July 24): 82 calls

RS918 experienced one out-of-service event on February 3, 2026, beginning at 7:51 a.m. and returning to service at 1:27 p.m., for a total of approximately five hours and thirty-six minutes due to mechanical issues.

Local State or Federal Grant Funds associated with the service:

The application includes a May 5, 2025, Florida Department of Health award letter for EMS Matching Grant M2510. The letter identifies a state grant award of \$25,747.05, requires a local cash match of \$8,582.35, and reflects a total project budget of \$34,329.40. Duette's grant application proposed using the funding for ALS equipment, including refurbished patient monitors and an automated CPR device.

The award letter states that funding is subject to appropriation and availability and that funds will not be released until the associated Memorandum of Agreement is fully executed. County staff confirmed whether the agreement was executed, the local match was provided, or the grant funds were received and expended.

RECOMMENDATION

Based on the Department of Public Safety's review and investigation of Duette's COPCN application and supporting documentation and information, as outlined herein, **the Public Safety Director finds that Duette's ALS non-transport services will promote public convenience and necessity within Manatee County, and thus recommends Duette's renewal application be approved.**
