Background Discussion

On August 25, 2026, the U.S. Department of Justice, Bureau of Justice Assistance (BJA), released the FY 2026 Edward Byrne Memorial Justice Assistance Grant (JAG) Program - Local Formula Notice of Funding Opportunity. Manatee County is identified as an eligible direct recipient under the FY 2026 Florida local allocation listing, with an allocation of \$120,475. No local match is required.

The County proposes to apply for the FY 2026 allocation to support eligible public safety needs of the Manatee County Sheriff's Office. The complete proposed application materials, including the MCSO project narrative and Budget Detail Worksheet, are included with this agenda item for the Board's review and are posted on the Public Safety Coordinating Council webpage for public review and comment.

JAG funds may be used for eligible criminal justice purposes, including law enforcement programs, equipment, supplies, technology, training, and contractual support. The proposed project is subject to all applicable federal requirements and restrictions.

The JAG statute requires that the proposed application be submitted to the governing body for review and made publicly available before submission to BJA. During review of the County's FY 2025 JAG application, BJA specifically advised that the governing body must review the actual application materials, including the proposed project and budget, rather than only a resolution authorizing staff to apply.

The Public Safety Coordinating Council is scheduled to consider the proposed FY 2026 JAG allocation at its September 16, 2026 meeting. Following PSCC action, the item will return to the Board on September 22, 2026, for final action, including authorization to submit and accept the award and execution of the required certifications and assurances.

The Grants.gov submission deadline is October 9, 2026, and the full application is due in JustGrants by October 16, 2026.

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. 1. Law enforcement programs.
2. Prosecution and court programs.
3. Prevention and education programs.
4. Corrections and community corrections programs.
5. Drug treatment and enforcement programs.
6. Planning, evaluation, and technology improvement programs.
7. Crime victim and witness programs (other than compensation).

2. ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply are:

Government Entities

- County governments
- City or township governments
- Special district governments
- Native American tribal governments (federally recognized)

Other

- Other units of local government

“Other” Entities Definition:

- By law, for purposes of the JAG Program, the term “units of local government” includes a town, township, village, parish, city, county, borough, or other general-purpose political subdivision of a state, or it may be a federally recognized American Indian tribal government that performs law enforcement functions (as determined by the Secretary of the Interior). A unit of local government also may be any law enforcement district or judicial enforcement district established under applicable state law with authority to independently establish a budget and impose taxes; for example, in Louisiana, a unit of local government means a district attorney or parish sheriff.

Prior to starting an application to this NOFO, all prospective unit of local government applicants should check the [JAG Allocations page](#) and the link to their relevant state to determine if they are eligible for a direct award from BJA.

- Only one eligible unit of local government that is a member of a disparate group may apply for funding as the fiscal agent for the other members of the group.
- Applications from ineligible units of local government (*i.e.*, not listed in the allocation charts) will not be accepted for funding.

Cost Sharing (Match) Requirement: This NOFO does **not** require cost sharing (match).

3. PROGRAM DESCRIPTION

Statutory Authority

Pub. L. No. 90-351, Title I, Part E, subpart 1 (codified at 34 U.S.C. 10151-10158); see also 28 U.S.C. 530C(a)

Agency Funding Priorities

In order to advance public safety and help meet its mission, OJP’s priorities include:

- Directly supporting law enforcement operations (including immigration law enforcement operations);
- Combatting violent crime;
- Supporting services to American citizens;
- Protecting American children; and
- Supporting American victims of trafficking and sexual assault.

Areas of Emphasis

BJA recognizes that many state and local criminal justice systems currently face challenging fiscal environments and that an important, cost-effective way to relieve those pressures is to share or leverage resources through cooperation among federal,

state, local, tribal, and territorial law enforcement. BJA encourages state and local recipients of FY 2026 JAG funding to join federal law enforcement agencies in addressing the following challenges.

Combating Violent Crime: JAG funds may be used to implement, enhance, or expand projects that combat violent crime. This should include directly supporting law enforcement operations.

Specific activities could include addressing human trafficking of American citizens; dismantling criminal gangs, street crews, and drug networks, including drug manufacturing, dealing, and trafficking; and cracking down on the open use of illegal drugs. State and local agencies are encouraged to coordinate with their United States Attorneys and Project Safe Neighborhoods grantees in order to leverage JAG funding for violent crime reduction projects, including the DOJ Operation Take Back America to eliminate cartels and transnational criminal organizations, and to coordinate their law enforcement activities with those of federal law enforcement agencies such as the Federal Bureau of Investigation (FBI); the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); the Drug Enforcement Administration; the United States Marshals Service; and the Department of Homeland Security. Further, state and local agencies may use JAG funds to protect the public, critical infrastructure, mass gathering events, and public facilities from threats posed by the careless or unlawful use of unmanned aircraft systems (UAS), as well as to interrupt drug cartels' use of UAS for smuggling and surveilling law enforcement, to include purchase of UAS (see BJA's [UAS page](#) for prior approval requirements before using JAG funds for UAS or counter-UAS) or equipment or services for the detection, tracking, or identification of drones and drone signals.

Immigration Enforcement: State and local agencies may use JAG funds to partner with federal law enforcement on immigration enforcement operations (e.g., information sharing, entering into and fully participating in a 287(g) partnership and/or a Homeland Security Task Force, honoring detainers, protecting critical infrastructures, and information/intelligence problems).

Safe Communities: State and local agencies may use JAG funds to support services to American citizens and American victims of crime to create safe communities. JAG funds can be used to collaborate with federal law enforcement and task forces to address endemic vagrancy and encampments that create safe havens for drugs, crime, and human trafficking. Additionally, state and local agencies may use JAG funds to focus on improving public order and quality of life through enforcement and prosecution of nuisance abatement and blight including, among other things, petty larceny and criminal damage to property, as well as utilization of maximally flexible civil commitment, institutional treatment, and step-down treatment standards to address untreated mental health and substance use disorders. JAG funds may also be used to support American victims of trafficking and sexual assault.

Safe Houses of Worship: State and local agencies may use JAG funds to respond to and deter threats to houses of worship and other religious institutions, including religious schools. Religious institutions have recently been targeted for acts of violence and desecration. These organizations typically lack sufficient security resources to respond to heightened threats. State and local law enforcement support to houses of worship, religious schools, and other religious institutions is an effective way to combat such threats.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.
2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes violations that (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.
3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply: (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Formula Allocations

The FY 2026 Local JAG Allocations are listed on the [JAG Allocations website](#), with separate lists for each state. According to the JAG Program statute, a “disparity” may exist between the funding eligibility of a county and its associated municipalities. See [34 U.S.C. § 10156\(d\)\(4\)](#). **Units of local government identified as disparate must select a fiscal agent that will submit an application for the total allocation that includes all disparate jurisdictions.** See the [JAG FAQs](#) for more information on the requirements for disparate groups.

The JAG statutory formula is fully described within the [JAG Technical Report](#).

Other JAG Statutory Requirements

Certification and Assurances: The JAG statute, at [34 U.S.C. § 10153 \(A\)\(1-5\)](#), details requirements related to governing body review and public comment of a JAG application, prohibition on supplanting, as well as other requirements for which JAG recipients must submit to BJA certification and assurances.

Prohibited Items: The JAG statute, at 34 U.S.C. § 10152, prohibits the use of JAG funds for certain items, and it prohibits the use of JAG funds for other items unless BJA grants a waiver. The [JAG Prohibited Expenditures Guidance](#) provides lists, details, definitions, and procedures for prohibited expenditures under the BJA JAG Program.

Administrative Costs: The JAG statute, at [34 U.S.C. § 10152](#), requires that not more than 10 percent of a JAG grant may be used for costs incurred to administer such grant.

Trust Fund: The JAG statute, at 34 U.S.C. § 10158, requires that a state or unit of local government that elects to draw down JAG funds in advance must establish a trust fund in which to deposit amounts. The trust fund must be in an interest-bearing account, unless one of the exceptions in [2 C.F.R. § 200.305\(b\)\(11\)](#) apply.

Goals and Objectives of This Funding Opportunity

Goal: Improve the administration of the criminal justice system.

- **Objective 1:** Provide units of local government with additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems.
- **Objective 2:** Assist units of local government with their criminal justice needs.

For a description of how awards under this NOFO will contribute to achieving these goals and objectives, see the [Performance Reports](#) section below.

Expected Outcomes

OJP expects recipients to submit deliverables and performance reports, as described below. Read the [Application Resource Guide](#) for more information. OJP will measure success by reviewing a recipient's submission of performance reports and data and the extent to which project implementation reflects progress toward the goals and objectives of this NOFO.

Deliverables

Recipients do not need to submit any deliverables other than the standard items in the [Post-Award Requirements and Administration](#) section.

Performance Reports

OJP requires recipients to submit regular performance reports that communicate progress toward achieving [Program Goals and Objectives](#). Read information on [performance reporting](#).

Award recipients will receive further guidance on post award reporting requirements.

1) Disparate jurisdictions are listed in shaded groups below, in alphabetic order by county. A single jurisdiction must serve as the fiscal agent on behalf of the group. BJA will only fund one award for the disparate group. Disparate jurisdictions are responsible for determining individual amounts within the Joint Allocation and for documenting allocations via a memorandum of understanding.

2) Jurisdictions eligible for a direct allocation (i.e., not part of a disparate group) are listed alphabetically below the shaded, disparate groupings.

For additional details on eligibility and disparate group requirements, refer to the JAG the Frequently Asked Questions here: <https://bja.ojp.gov/program/jag/frequently-asked-questions>. For additional details regarding the JAG formula and award calculation process, please refer to the JAG Technical report here: <https://bjs.ojp.gov/library/publications/justice-assistance-grant-jag-program-2024>.

2. ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply are:

Government Entities

- County governments
- City or township governments
- Special district governments
- Native American tribal governments (federally recognized)

Other

- Other units of local government

“Other” Entities Definition:

- By law, for purposes of the JAG Program, the term “units of local government” includes a town, township, village, parish, city, county, borough, or other general-purpose political subdivision of a state, or it may be a federally recognized American Indian tribal government that performs law enforcement functions (as determined by the Secretary of the Interior). A unit of local government also may be any law enforcement district or judicial enforcement district established under applicable state law with authority to independently establish a budget and impose taxes; for example, in Louisiana, a unit of local government means a district attorney or parish sheriff.

Prior to starting an application to this NOFO, all prospective unit of local government applicants should check the [JAG Allocations page](#) and the link to their relevant state to determine if they are eligible for a direct award from BJA.

- Only one eligible unit of local government that is a member of a disparate group may apply for funding as the fiscal agent for the other members of the group.
- Applications from ineligible units of local government (*i.e.*, not listed in the allocation charts) will not be accepted for funding.

Cost Sharing (Match) Requirement: This NOFO does **not** require cost sharing (match).

3. PROGRAM DESCRIPTION

Statutory Authority

Pub. L. No. 90-351, Title I, Part E, subpart 1 (codified at 34 U.S.C. 10151-10158); see also 28 U.S.C. 530C(a)

Agency Funding Priorities

In order to advance public safety and help meet its mission, OJP’s priorities include:

- Directly supporting law enforcement operations (including immigration law enforcement operations);
- Combatting violent crime;
- Supporting services to American citizens;
- Protecting American children; and
- Supporting American victims of trafficking and sexual assault.

Areas of Emphasis

BJA recognizes that many state and local criminal justice systems currently face challenging fiscal environments and that an important, cost-effective way to relieve those pressures is to share or leverage resources through cooperation among federal,

state, local, tribal, and territorial law enforcement. BJA encourages state and local recipients of FY 2026 JAG funding to join federal law enforcement agencies in addressing the following challenges.

Combating Violent Crime: JAG funds may be used to implement, enhance, or expand projects that combat violent crime. This should include directly supporting law enforcement operations.

Specific activities could include addressing human trafficking of American citizens; dismantling criminal gangs, street crews, and drug networks, including drug manufacturing, dealing, and trafficking; and cracking down on the open use of illegal drugs. State and local agencies are encouraged to coordinate with their United States Attorneys and Project Safe Neighborhoods grantees in order to leverage JAG funding for violent crime reduction projects, including the DOJ Operation Take Back America to eliminate cartels and transnational criminal organizations, and to coordinate their law enforcement activities with those of federal law enforcement agencies such as the Federal Bureau of Investigation (FBI); the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); the Drug Enforcement Administration; the United States Marshals Service; and the Department of Homeland Security. Further, state and local agencies may use JAG funds to protect the public, critical infrastructure, mass gathering events, and public facilities from threats posed by the careless or unlawful use of unmanned aircraft systems (UAS), as well as to interrupt drug cartels' use of UAS for smuggling and surveilling law enforcement, to include purchase of UAS (see BJA's [UAS page](#) for prior approval requirements before using JAG funds for UAS or counter-UAS) or equipment or services for the detection, tracking, or identification of drones and drone signals.

Immigration Enforcement: State and local agencies may use JAG funds to partner with federal law enforcement on immigration enforcement operations (e.g., information sharing, entering into and fully participating in a 287(g) partnership and/or a Homeland Security Task Force, honoring detainers, protecting critical infrastructures, and information/intelligence problems).

Safe Communities: State and local agencies may use JAG funds to support services to American citizens and American victims of crime to create safe communities. JAG funds can be used to collaborate with federal law enforcement and task forces to address endemic vagrancy and encampments that create safe havens for drugs, crime, and human trafficking. Additionally, state and local agencies may use JAG funds to focus on improving public order and quality of life through enforcement and prosecution of nuisance abatement and blight including, among other things, petty larceny and criminal damage to property, as well as utilization of maximally flexible civil commitment, institutional treatment, and step-down treatment standards to address untreated mental health and substance use disorders. JAG funds may also be used to support American victims of trafficking and sexual assault.

Safe Houses of Worship: State and local agencies may use JAG funds to respond to and deter threats to houses of worship and other religious institutions, including religious schools. Religious institutions have recently been targeted for acts of violence and desecration. These organizations typically lack sufficient security resources to respond to heightened threats. State and local law enforcement support to houses of worship, religious schools, and other religious institutions is an effective way to combat such threats.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.
2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes violations that (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.
3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply: (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Formula Allocations

The FY 2026 Local JAG Allocations are listed on the [JAG Allocations website](#), with separate lists for each state. According to the JAG Program statute, a “disparity” may exist between the funding eligibility of a county and its associated municipalities. See [34 U.S.C. § 10156\(d\)\(4\)](#). **Units of local government identified as disparate must select a fiscal agent that will submit an application for the total allocation that includes all disparate jurisdictions.** See the [JAG FAQs](#) for more information on the requirements for disparate groups.

The JAG statutory formula is fully described within the [JAG Technical Report](#).

Other JAG Statutory Requirements

Certification and Assurances: The JAG statute, at [34 U.S.C. § 10153 \(A\)\(1-5\)](#), details requirements related to governing body review and public comment of a JAG application, prohibition on supplanting, as well as other requirements for which JAG recipients must submit to BJA certification and assurances.

Prohibited Items: The JAG statute, at 34 U.S.C. § 10152, prohibits the use of JAG funds for certain items, and it prohibits the use of JAG funds for other items unless BJA grants a waiver. The [JAG Prohibited Expenditures Guidance](#) provides lists, details, definitions, and procedures for prohibited expenditures under the BJA JAG Program.

Administrative Costs: The JAG statute, at [34 U.S.C. § 10152](#), requires that not more than 10 percent of a JAG grant may be used for costs incurred to administer such grant.

Trust Fund: The JAG statute, at 34 U.S.C. § 10158, requires that a state or unit of local government that elects to draw down JAG funds in advance must establish a trust fund in which to deposit amounts. The trust fund must be in an interest-bearing account, unless one of the exceptions in [2 C.F.R. § 200.305\(b\)\(11\)](#) apply.

Goals and Objectives of This Funding Opportunity

Goal: Improve the administration of the criminal justice system.

- **Objective 1:** Provide units of local government with additional personnel, equipment, supplies, contractual support, training, technical assistance, and information systems.
- **Objective 2:** Assist units of local government with their criminal justice needs.

For a description of how awards under this NOFO will contribute to achieving these goals and objectives, see the [Performance Reports](#) section below.

Expected Outcomes

OJP expects recipients to submit deliverables and performance reports, as described below. Read the [Application Resource Guide](#) for more information. OJP will measure success by reviewing a recipient's submission of performance reports and data and the extent to which project implementation reflects progress toward the goals and objectives of this NOFO.

Deliverables

Recipients do not need to submit any deliverables other than the standard items in the [Post-Award Requirements and Administration](#) section.

Performance Reports

OJP requires recipients to submit regular performance reports that communicate progress toward achieving [Program Goals and Objectives](#). Read information on [performance reporting](#).

Award recipients will receive further guidance on post award reporting requirements.

Budget and Associated Documentation

Budget

Use the Budget Detail Separate Attachment (attach file in JustGrants) to submit the budget. Read information on [budget preparation](#) and [JustGrants Application Submission Training](#).

- List each cost needed to implement the project under the appropriate cost category.

- Clearly name and describe each cost.
- Show the computation of each cost (e.g., cost per unit, number of units, and total cost).
- Enter narrative, as needed, to explain the cost calculations and connection to your project goals, objectives, and activities.
- Include only costs that are reasonable, allocable, and necessary to implement the project. They must be allowable under the funding statute and agency requirements.¹

The following information specific to this funding opportunity will help you develop your project budget:

- In addition to the instructions above, Local JAG applicants must include in the budget worksheet the following:
- If using funds for administering the grant, provide clear designation for any cost line items that are JAG administrative costs within each budget category and project year. For example, in the line-item description or explained in the narrative section.
- For applications for disparate groups, the preference is for the applicant to include a single budget worksheet and narrative that lists each jurisdiction's proposed costs by category, labeled to distinguish the use between partner agencies. Alternatively, separate budget attachments for each partner of unit of local government are acceptable.
- Funding restrictions—JAG funds may not be used to supplant state or local funds but must be used to increase the amounts of such funds that would, in the absence of federal funds, be made available.

Additional restrictions apply to certain costs or activities, to include but not limited to:

- Prohibited items per 34 U.S.C. § 10152, absent a waiver
- UAS and C-UAS
- Body Armor
- Body Worn Cameras

Problem Identified

Identify the problem, include what hazards, risks or concerns the funds will address.

The Manatee County Central Jail Inmate Vocational Laundry and Pressing Program is in critical need of new equipment. The current pressing system—comprised of multiple machines and integrated piping—is nearing or has exceeded its expected life cycle. Over the past several years, maintenance costs have continued to rise as the aging equipment requires increasingly frequent repairs.

Our vendor has advised for the past two years that many of the necessary replacement parts are now obsolete due to the equipments age, which ranges from 10 to 23 years. Industry standards indicate that laundry pressing equipment typically has a life span of 10 to 15 years, meaning much of our system is well beyond its intended service life.

Program/Project Description

Provide a one paragraph summary description of the Program/Project and how it aligns with program area.

Funding for this project will allow the program to replace the outdated system with modern, efficient equipment. This upgrade will not only reduce ongoing maintenance costs but will also ensure the vocational training environment accurately reflects current industry practices. By doing so, we strengthen our mission of preparing inmates with relevant job skills, increasing their opportunities for successful employment and reintegration into the workforce after incarceration.

Describe how the program/project will address the specific problems identified.

The addition of new equipment will enhance the practical, industry-relevant training we are able to provide to inmates while significantly reducing the escalating repair costs experienced in recent years.

What program/project activities or tasks are to be carried out?

Purchase and installation of new equipment.

Describe the expected outcomes of the activities/tasks identified. How will they be measured?

Improve training quality and relevance. Increase program efficiency. Reduce maintenance and repair costs. Enhanced safety for staff and inmates.

Community Actions and Efforts

Define current efforts underway or existing resources being used in responding to the problem.

Repairs will continue as needed to keep the program operational; however, replacement parts are becoming increasingly scarce, making long-term maintenance difficult and unsustainable.

Describe any current Coordination and Cooperation with other Agencies or Departments.

None currently.

Why is this project important for Manatee County?

This project is essential to Manatee County because it helps ensure the safety of inmates and supports the Sheriff's ongoing commitment to providing a variety of vocational programs. These programs are designed to teach inmates valuable skill sets and trades that will improve their ability to succeed and contribute positively to the community upon their release.

Describe impact to the community if program/project is not funded

If funding is not approved, the Laundry and Pressing Program will be forced to continue using outdated equipment until repairs are no longer feasible, jeopardizing the program's operation and training quality.

Financial Information

Attach your Detailed Budget (be sure to include all expenses associated with the project/program)

Budget Narrative:

Total funding requested for the equipment and installation is \$125,000.

Describe Long Term Plan to Sustain Budget without Funds

There is no long term planned currently developed to purchase these items without the grant assistance.
