Background Discussion

On August 25, 2026, the U.S. Department of Justice, Bureau of Justice Assistance (BJA), released the FY 2026 Edward Byrne Memorial Justice Assistance Grant (JAG) Program - Local Formula Notice of Funding Opportunity. JAG Local Formula funding is a noncompetitive, formula-based federal program. BJA identifies eligible local governments and their available allocations under the JAG statutory formula.

Manatee County is identified as an eligible direct recipient in the FY 2026 Florida local allocation listing, with an allocation of \$120,475. Accordingly, this item authorizes the County's submission and acceptance of its available formula allocation; it is not a request for discretionary or competitive grant funding. No local match is required.

The total estimated project cost is \$142,536. JAG funding will not exceed \$120,475. The Manatee County Sheriff's Office will fund the remaining \$22,061 through its operating budget; this amount is not a required local match to the JAG award.

The Board reviewed the complete proposed application materials at its September 1, 2026 meeting. The proposed application materials were also made available on the Public Safety Coordinating Council webpage for public review and comment.

On September 16, 2026, the Public Safety Coordinating Council reviewed the County's FY 2026 JAG Local Formula allocation. It recommended that up to \$120,475 be allocated to the Manatee County Sheriff's Office for replacement of vocational laundry and pressing equipment at the Manatee County Central Jail.

The proposed project supports an eligible corrections and community corrections purpose by replacing obsolete equipment used in the Central Jail's vocational training program. The replacement equipment will support current-industry training opportunities for incarcerated individuals and help maintain a safe, operational training environment.

The proposed application and Budget Detail Worksheet are included with this agenda item. The final application will be submitted consistent with the PSCC recommendation and all applicable federal requirements.

The Grants.gov submission deadline is October 9, 2026, and the full application is due in JustGrants by October 16, 2026.

ADDENDUM TO FY2026 JAG FUNDING APPLICATION

Central Jail Vocational Laundry and Pressing Equipment Replacement

Applicant	Manatee County Sheriff's Office
Program Area	Corrections and Community Corrections
Available FY2026 JAG Allocation	\$120,475

Purpose

This addendum updates and supplements the MCSO FY2026 JAG funding application. It reconciles the requested amount, documents the current project cost, identifies measurable outcomes, and confirms the long-term operation of the vocational program.

1. Revised Funding Request and Budget Reconciliation

The original application requested \$125,000. The FY2026 JAG request is revised to an amount not to exceed \$120,475.

Updated vendor quote date: 08-26-26 Updated total project cost: \$ 142,536.00

If the total project cost exceeds \$120,475, identify the non-JAG funding source for the difference:

Manatee County Sheriff's Office Budget

2. Expected Outcomes and Performance Measures

The replacement equipment will provide a safe, current-industry vocational laundry and pressing training environment at the Manatee County Central Jail. MCSO will measure project results using the following performance measures:

- Replacement equipment installed and operational.
- Number of incarcerated individuals participating in vocational laundry and pressing training: > 65 annually.
- Number of incarcerated individuals completing vocational laundry and pressing training: < 15 annually.
- Reduction in equipment downtime and repair needs, measured against available maintenance and repair records.

3. Sustainability

JAG funding will be used only for the one-time purchase and installation of replacement equipment. Existing MCSO resources will support ongoing program staffing, utilities, routine maintenance, and operation of the vocational training program after installation. The project will not rely on future JAG funding for ongoing operations.

4. Procurement

Any purchase made with JAG funds will comply with applicable Manatee County procurement requirements and federal grant requirements.

MCSO Confirmation

I confirm that the information in this addendum is accurate and supplements the Manatee County Sheriff's Office FY2026 JAG funding application.

Problem Identified

Identify the problem, include what hazards, risks or concerns the funds will address.

The Manatee County Central Jail Inmate Vocational Laundry and Pressing Program is in critical need of new equipment. The current pressing system—comprised of multiple machines and integrated piping—is nearing or has exceeded its expected life cycle. Over the past several years, maintenance costs have continued to rise as the aging equipment requires increasingly frequent repairs.

Our vendor has advised for the past two years that many of the necessary replacement parts are now obsolete due to the equipments age, which ranges from 10 to 23 years. Industry standards indicate that laundry pressing equipment typically has a life span of 10 to 15 years, meaning much of our system is well beyond its intended service life.

Program/Project Description

Provide a one paragraph summary description of the Program/Project and how it aligns with program area.

Funding for this project will allow the program to replace the outdated system with modern, efficient equipment. This upgrade will not only reduce ongoing maintenance costs but will also ensure the vocational training environment accurately reflects current industry practices. By doing so, we strengthen our mission of preparing inmates with relevant job skills, increasing their opportunities for successful employment and reintegration into the workforce after incarceration.

Describe how the program/project will address the specific problems identified.

The addition of new equipment will enhance the practical, industry-relevant training we are able to provide to inmates while significantly reducing the escalating repair costs experienced in recent years.

What program/project activities or tasks are to be carried out?

Purchase and installation of new equipment.

Describe the expected outcomes of the activities/tasks identified. How will they be measured?

Improve training quality and relevance. Increase program efficiency. Reduce maintenance and repair costs. Enhanced safety for staff and inmates.

Community Actions and Efforts

Define current efforts underway or existing resources being used in responding to the problem.

Repairs will continue as needed to keep the program operational; however, replacement parts are becoming increasingly scarce, making long-term maintenance difficult and unsustainable.

Describe any current Coordination and Cooperation with other Agencies or Departments.

None currently.

Why is this project important for Manatee County?

This project is essential to Manatee County because it helps ensure the safety of inmates and supports the Sheriff's ongoing commitment to providing a variety of vocational programs. These programs are designed to teach inmates valuable skill sets and trades that will improve their ability to succeed and contribute positively to the community upon their release.

Describe impact to the community if program/project is not funded

If funding is not approved, the Laundry and Pressing Program will be forced to continue using outdated equipment until repairs are no longer feasible, jeopardizing the program's operation and training quality.

Financial Information

Attach your Detailed Budget (be sure to include all expenses associated with the project/program)

Budget Narrative:

Total funding requested for the equipment and installation is \$125,000.

Describe Long Term Plan to Sustain Budget without Funds

There is no long term planned currently developed to purchase these items without the grant assistance.

EQUIPMENT NARRATIVE (FEDERAL)

Manatee County will replace obsolete vocational laundry and pressing equipment at the Manatee County Central Jail. The equipment includes a Unipress CT Cyclone combination single buck/sleeve unit, collar and cuff press, trap set, laundry leggers, topper finisher, utility press, automatic leggers, mushroom topper press, steam iron components and stands, and related accessories. The project also includes installation of the equipment and required steam piping, valves, traps, fittings, and insulation.

The existing equipment is approximately 10 to 23 years old, requires increasingly frequent repairs, and includes components for which replacement parts are obsolete or difficult to obtain. Replacement is necessary to maintain a safe, functional, current-industry vocational training environment for incarcerated individuals participating in the Central Jail laundry and pressing program.

The total estimated project cost, based on Gulf Coast Equipment Sales Quote No. 2698 dated August 26, 2026, is \$142,536, including \$18,000 for installation and a vendor discount of \$13,458.
