

September 22, 2026 - Regular Meeting

Subject

Authorization to Install Speed Humps on 47th Street W/NW Between 3rd Avenue West and Riverview Boulevard, Vishal S. Kakkad, PE, PTOE, RSP2I, Traffic Engineering Division Manager - District 3

Category

CONSENT AGENDA

Briefings

None

Contact and/or Presenter Information

Vishal S. Kakkad, PE, PTOE, RSP2I, Traffic Engineering Division Manager, Ext. 7812

Action Requested

Authorize Public Works staff to install speed humps on 47th Street W/NW Between 3rd Avenue West and Riverview Boulevard

Enabling/Regulating Authority

Florida State Statutes: Chapter 316.006 - Jurisdiction to Control Traffic; Chapter 316.008 - Powers of Local Authorities

Applicable Advisory Board

N/A

Background Discussion

In accordance with the Board of County Commissioners' (BoCC's) adopted Neighborhood Traffic Calming Program (NTCP), a neighborhood group requested the installation of speed humps on 47 Street W/NW from 3rd Avenue West and Riverview Boulevard.

Staff collected traffic data (speed and volume) and found that the criteria to install traffic calming measures were met. Given the available right of way, sidewalk gaps and expected pedestrian activities in the area, speed humps are the most appropriate form of traffic calming measure to discourage speeding and cut-through traffic along this road.

Pursuant to the NTCP, the neighborhood group surveyed the residents and eighty percent (80%) of the property owners support the installation of speed humps, as shown on the attached exhibit. This exceeds the criteria of at least 67% support pursuant to the NTCP. Upon the Board's approval, staff will install two temporary speed humps at the locations identified on the attached aerial map. The temporary speed humps will remain a minimum

of 90 days to allow for residents' input for the devices. After the trial period, and depending on the community feedback, staff will consider installing permanent speed humps. The permanent speed humps will be installed typically within six to eight weeks following the conclusion of the trial period.

Costs reported includes the installation of two temporary speed humps (trial period) at \$3,000, and two permanent speed humps, signs, and pavement markings at \$40,000, for a total cost of \$43,000. The funds will be allocated from Traffic Operations (101-0020707).

Attorney Review

Not Reviewed (No apparent legal issues)

Instructions to Board Records

Please send a stamped copy of the agenda memorandum to Kristin Hall (Kristin.hall@mymanatee.org) and Jeff Bishop (jeff.bishop@mymanatee.org), Public Works Department, Traffic Engineering Division, Ext. 3502.
