Subject: Procurement / County Administrator Spending

Hi Claudia,

Great job yesterday!

I am requesting a complete record of procurement activity and purchases involving County Administrator Bishop for the applicable recent period.

Please provide the following information:

- **All procurement purchases that were open for only 7 days, 14 days, and 21 days**, clearly separated by each time period within the last 24 months.
- Any procurement or purchasing transactions during in the last 24 **months** that did not follow the County's regular procurement procedures, including those handled as **special circumstances, exceptions, emergency purchases, sole-source purchases, or other non-standard procurement actions**.
- For each exception or special-circumstance purchase, please include the date, amount, vendor, description/purpose, applicable justification, and the authority or approval under which the purchase was made.
- **A complete list of purchases made by County Administrator Charlie Bishop in**

amounts between \$50,000 and \$500,000 that were directly authorized or purchased by the County Administrator from the time he took the position as the Interim County Administrator and also when he took his seat as a County Administrator that were not approved by the board. This is the most important item.

Please give me this by NLT next Friday September, 18th at 1200 noon.

Best,

Jason Bearden
