<u>No. 38</u>	R. W. & Hilda L. Edwards Represented by Wm. Harrison	Present
---------------	---	---------

Mr. Harrison explained that this complaint was being filed in addition to those already in litigation because these properties (valuations) were increased over last year. He explained that use of these parcels was limited because of power lines bisecting the property.
As to complaints on assessments filed with the Board last year, and now in litigation, everything said at the time of filing should be considered said again.

The Board recessed until 2:00 P. M.
