WHEREAS, the State of Florida Department of Natural Resources, Division of Beaches and Shores (DNR) is preparing a standard outline for the development of inlet management plans following the format of a plan prepared for the Sebastian Inlet in Indian River County, Florida; and

WHEREAS, the West Coast Inland Navigation District (WCIND, or THE DISTRICT) has received correspondence from DNR concerning the development of inlet management plans for all inlets within THE DISTRICT; and

WHEREAS, DNR has indicated a willingness to match local funds on a 75% state, 25% local basis, to assist in the development of such inlet management plans, provided each member county of WCIND (Manatee, Sarasota, Charlotte and Lee) names THE DISTRICT as its liaison with DNR in order to have one central contact, and to otherwise facilitate a cooperative effort for the development of inlet management plans for all inlets within THE DISTRICT;

It shall be understood by all parties to this resolution that the naming of WCIND as Manatee County's liaison does not include any authority to make binding representations on behalf of Manatee County, nor does it constitute an approval of any particular plan for inlet management.
