Subject: Request of Surplus Ambulance

It has come to my attention that several ambulances are being retired from active service with the Department of Public Safety. As Director of the Emergency Medical Programs at MTI I would like to request your consideration of a donation of one of these ambulances to our training center.

Plans for its use would primarily include driver training in the 16 hour Emergency Vehicle Operations Course which is a standard part of our EMT curriculum. Other uses will include its involvement in scenarios for both the EMT and Paramedic classes, and possibly provide students with on the street driving experience under direct instructor supervision.

In any capacity, its presence here in our programs will greatly enhance the quality of training we feel we can provide, especially with support from you and your department such as this.

If you have any further questions, please do not hesitate to call me at 751 - 7977.
