CLERK OF THE CIRCUIT COURT
TALLAHASSEE, FLORIDA

Section 1. FINDINGS OF FACT. The recitals set forth above are true and correct and are hereby adopted as findings by the Board of County Commissioners.

The Board of County Commissioners of said County, after considering the testimony, evidence, documentation, application for amendment of the Official Zoning Atlas, the recommendation and findings of the Planning Commission, as well as all other matters presented to the Board at the public hearing hereinafter referenced, hereby makes the following findings of fact:

A. The Board of County Commissioners has received and considered the report of the Manatee County Planning Commission concerning the application for Official Zoning Atlas Amendment as it relates to the real property described in Exhibit "A" of this Ordinance, from A-1 (Suburban Agriculture) to the PDR (Planned Development Residential) zoning district.

B. The Board of County Commissioners held duly noticed public hearing on December 4, 2008 regarding the proposed Official Zoning Atlas Amendment described herein, in accordance with the requirements of Manatee County (Ordinance No. 90-01, the Manatee County Land Development Code), and has further considered the information received at the public hearing.

C. The proposed amendment to the Official Zoning Atlas regarding the property described in Exhibit "A", herein, is found to be consistent with the requirements of Manatee County Ordinance No. 89-01, the 2020 Manatee County Comprehensive Plan.

D. For the purposes of granting Special Approval for a project: 1) exceeding a gross density of 6 d.u./acre in the RES-9 Future Land Use Category; 2) net density exceeding 9 d.u./acre in the RES-9 Future Land Use Category; and 3) partially within the Entranceway, the Board finds that the project, as detailed on the Preliminary Site Plan and as conditioned herein, will have no significant detrimental impacts on natural resources, adjacent land uses, or public facilities.

Section 2. PRELIMINARY SITE PLAN The Preliminary Site Plan is hereby approved for 72 multi-family units in 10 buildings with 39% of the units designated as affordable housing; upon the property subject to the Stipulations set out below:

A. DESIGN AND LAND USE CONDITIONS:

1. The project shall be redesigned with the final site plan submittal to provide 16' wide driveways to accommodate parking of two vehicles side by side for every unit within this project.
2. The building designs shall be in substantial compliance with the renderings entered into the record.
3. A 6' high opaque PVC fence shall be installed from the west edge of the 2.42 acre wetland buffer to the south edge of the .35 acre wetland buffer. Required buffer landscaping shall be planted on the exterior of this fence.

4. A minimum of 39 percent of the units shall be designated as affordable housing. The applicant shall enter into a Land Use Restriction Agreement prior to Final Site Plan approval for the affordable housing units.

B. TRANSPORTATION CONDITIONS:

1. At the time of Final Site Plan and Construction Plan approval, the developer shall be responsible for any additional on-site or off-site transportation operational and safety improvements attributable to this project, as determined by the Public Works Department, and in accordance with LDC Section 722.1.3.4, as well as any capacity improvements associated with the issuance of a Certificate of Level of Service.

C. INFRASTRUCTURE CONDITIONS:

1. Irrigation for landscaping shall use the lowest water quality source available, which shall be identified on the Final Site Plan. Use of Manatee County public potable water supply shall be prohibited.
2. Rain sensors shall be installed on the irrigation system.

D. STORMWATER CONDITIONS:

1. The post-development flow shall be restricted to the pre-development flow to the basin the site discharges to.
2. There shall be a full 25-year attenuation on all stormwater ponds within the development.
3. The Drainage Model and Construction Plans shall demonstrate that no adverse impacts will be created to neighboring residents surrounding the site in respect to drainage routing, grading, and runoff.
4. Existing storage volume in existing wetlands and drainage ditches shall be compensated with equal or greater volume in the proposed stormwater retention pond.

E. BUFFERS:

1. Prior to Final Site Plan approval, the applicant shall provide a noise mitigation analysis to the staff for mitigation of noise from adjacent thoroughfare road. Such analysis shall demonstrate noise mitigation based on projected 2025 traffic volumes. The noise mitigation measure shall be installed as required by the approved plan.

F. ENVIRONMENTAL CONDITIONS:

1. The developer shall provide an updated study, consistent with Policy 3.3.2.3 of the Comprehensive Plan, for threatened and endangered plant and animal species prior to

Final Site Plan approval. A Management Plan, approved by the appropriate State or federal agency, shall be provided to the Planning Department for any listed species found on-site, prior to Final Site Plan approval.

2. The developer shall provide an updated tree survey with the Final Site Plan. Trees that may be in close proximity to improvements that were not shown with the Preliminary Site Plan shall be preserved to the greatest extent possible through field adjustments to improvements at the Final Site Plan stage.
3. A copy of the Environmental Resource Permit (ERP) approved by SWFWMD shall be submitted to the Planning Department for review prior to Final Site Plan approval.
4. The project shall be designed so that no temporary wetland buffer impacts, other than those allowed by Section 719.11.1.2 of the LDC, are required in areas that contain native desirable vegetation. This shall be reviewed and approved by the Planning Department with Final Site Plan.
5. A Conservation Easement for the areas defined as post-development jurisdictional wetlands, wetland buffers, and upland preservation areas shall be dedicated to the County prior to or concurrent with Final Plat or Final Site Plan.
6. No lots shall be platted through post-development wetlands, wetland buffers, or upland preservation areas.
7. Existing native vegetation within any required landscape buffer shall be preserved to the greatest extent possible. There shall be no overhead or underground power lines, swales, or stormwater facilities within any proposed landscape buffer containing desirable native vegetation with the exception of limited crossings.
8. All proposed mulch nature trails, boardwalks, and shade structures in wetland buffers and areas where native vegetation is to remain shall be designed in a manner that minimizes impacts to trees or areas of significant vegetation and in accordance with LDC Section 719, if applicable.
9. Tree barricades for trees to be preserved shall be located at the drip line, unless approved by the Planning Department. The drip line shall be defined as the outer branch edge of the tree canopy. The area within the drip line shall remain undisturbed. The following activities are prohibited within the drip line of preserved trees: machinery and vehicle travel or parking; underground utilities; filling or excavation; storage of construction materials. The tree protection barricades shall consist of chain link fence (new or used) with a minimum 5' height, unless otherwise approved by the Planning Department.
10. A Construction Water Quality Monitoring Program and proposed sampling locations are required to be included in the ESCP information on the Final Site Plan in accordance with Section 508.3.34.7(j) of the LDC.

11. A Well Management Plan shall be submitted to the Planning Department for review and approval prior to Final Site Plan approval. The Well Management Plan shall include identification of which wells are to be retained or abandoned; the timing of abandonment; wellhead protection details for those wells to remain and a copy of all Water Use Permits, if applicable.

G. RECREATIONAL:

1. At a minimum, all recreation amenities shown on the site plan shall be constructed for this project prior to issuance of Certificate of Occupancy.

Section 3. SPECIAL APPROVAL. Special Approval is hereby granted for a project: 1) exceeding a gross density of 6 d.u./acre in the RES-9 Future Land Use Category; 2) net density exceeding 9 d.u./acre in the RES-9 Future Land Use Category; and 3) partially within the Entranceway.

Section 4. AMENDMENT OF THE OFFICIAL ZONING ATLAS. The Official Zoning Atlas of Manatee County, Ordinance No. 90-01, the Manatee County Land Development Code, is hereby amended by changing the zoning district classification of the Property identified in Exhibit "A", herein, from A-1 (Suburban Agriculture) to the PDR (Planned Development Residential) zoning district and the Clerk of the Circuit Court, as Clerk to the Board of County Commissioners, as well as the Planning Department, are hereby instructed to cause such amendment to the Official Zoning Atlas.

Section 5. CODIFICATION. Pursuant to § 125.68(1), Florida Statutes, this ordinance is not required to be codified. Therefore, the Clerk shall not transmit the ordinance for codification.

Section 6. SEVERABILITY. If any section, sentence, clause, or other provision of this Ordinance shall be held to be invalid or unconstitutional by a court of competent jurisdiction, such section, sentence, clause, or other provision shall be deemed severable, and such invalidity or unconstitutionality shall not be construed as to render invalid or unconstitutional the remaining sections, sentences, clauses or provisions of this Ordinance.

Section 7. EFFECTIVE DATE. This ordinance shall take effect immediately upon filing with the Office of the Secretary of State, Florida Department of State.

PASSED AND DULY ADOPTED, by the Board of County Commissioners of Manatee County, Florida on the 4th day of December, 2008 and as amended on 8th day of JANUARY 2009.
