**WHEREAS**, 536 Single RE, LLC (the "Applicant") filed an application to rezone approximately 537 acres described in Exhibit "A", attached hereto, (the "Property") from A (General Agriculture) to the PDR (Planned Development Residential) zoning district; and

**WHEREAS**, the applicant also filed a General Development Plan for ninety three (93) single family dwelling units, golf course, 55,000 square feet of residential amenities including an accessory training facility, and up to fourteen (14) resort cottages that are accessory to the country club (the "project") on the property; and

**WHEREAS**, the applicant also filed a Schedule of Permitted and Prohibited Uses Exhibit "B" attached hereto; and

**WHEREAS**, the applicant also filed a request for Specific Approval for an alternative to Land Development Code Section: 1) 1001.4.D.1 to allow three cul-de-sacs to exceed eight hundred feet in length by providing emergency access points to Singletary Road and 347<sup>th</sup> Street East; and

**WHEREAS**, the Manatee County Planning Commission, after due public notice, held a public hearing on June 8, 2023, to consider the rezone, General Development Plan, Schedule of Permitted and Prohibited Uses and Specific Approval applications and considered the criteria for approval in the Manatee County Comprehensive Plan and the Land Development Code; and

**WHEREAS**, the Manatee County Planning Commission, as the County's Local Planning Agency, found the applications consistent with the Manatee County Comprehensive Plan and to satisfy the criteria for approval in the Manatee County Land Development Code and recommended approval of the applications subject to the stipulations contained in the staff report.

**NOW, THEREFORE BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MANATEE COUNTY, FLORIDA;**

**Section 1. FINDINGS OF FACT.** The recitals set forth above are true and correct and are hereby adopted as findings by the Board of County Commissioners.

The Board of County Commissioners, after considering the testimony, evidence, documentation, application for amendment of the Official Zoning Atlas, the recommendation and findings of the Planning Commission, as well as all other matters presented to the Board at the public hearing hereinafter referenced, hereby makes the following findings of fact:

A. The Board of County Commissioners has received and considered the report of the Manatee County Planning Commission concerning the application for Official Zoning Atlas Amendment as it relates to the real property described in Exhibit "A" of this Ordinance from A (General Agriculture) to the PDR (Planned Development Residential) zoning district.

B. The Board of County Commissioners, after due public notice, held a public hearing on June 15, 2023, regarding the proposed Official Zoning Atlas Amendment described herein in accordance with the requirements of the Manatee County Land Development Code and has further considered the information received at said public hearing.

C. The proposed amendment to the Official Zoning Atlas regarding the property described in Exhibit "A" herein is found to be consistent with the requirements of the Manatee County Comprehensive Plan and to satisfy the criteria for approval in the Land Development Code.

D. Notwithstanding the failure of this plan to comply with the requirements of LDC Section 1001.4.D.1., the Board finds that the purpose of the LDC regulation is satisfied to an equivalent degree by the proposed design as the site is constrained and the applicant will provide additional opportunities for turn-around for emergency vehicles and emergency access only gates to Singletary Road and 347<sup>th</sup> Street East.

**Section 2. GENERAL DEVELOPMENT PLAN.** The General Development Plan is hereby approved for ninety-three (93) single family dwelling units, golf course, 55,000 square feet of residential amenities including an accessory training facility, and up to fourteen (14) resort cottages that are accessory to the country club, upon the property subject to the following Stipulations:

**A. DESIGN AND LAND USE**

1. Final Site Plan (FSP) review and approval is required for recreational area(s) and any proposed amenities. Any structures and/or uses shall comply with the LDC requirements for parking, screening buffer (recreational use to single family), structure height, signage, etc. Recreation Area structure(s) shall have a minimum setback of 20-feet from property lines.
2. The proposed development may be a gated community, and if gated, the internal streets within this subdivision will be privately owned and maintained either by a Homeowner's Association or other appropriate legal entity. Any gates shall be accessible to emergency

providers in accordance with the requirements of applicable county ordinances and regulations.

3. A Notice to Buyer shall be included in the Declaration of Covenants and Restrictions to inform prospective home buyers of the potential presence of neighboring agricultural uses, including possible use of pesticides and herbicides and of odors and noises associated with agricultural uses.
4. Compliance with all applicable regulations of the Land Development Code shall be demonstrated at the time of Preliminary / Final Site Plan application review, with exception of those requirements in which Specific Approval is granted as stated in the staff report.
5. Any significant historical or archeological resources discovered during development activities shall be immediately reported to the Florida Department of State, Division of Historical Resources, and treatment of such resources shall be determined in cooperation with the Division of Historical Resources, and the County. The final determination of significance shall be made in conjunction with the Florida Department of State, Division of Historical Resources, and the County. The appropriate treatment of such resources (potentially including excavation of the site in accordance with the guidelines established by the Florida Department of State, Division of Historical Resources) must be completed before resource disturbing activities are allowed to continue. If human remains are encountered, the provisions contained in Chapter 872, Florida Statutes (Offenses Concerning Dead Bodies and Graves) shall be followed.
6. The uses approved for this project are limited to those voluntarily by the Applicant in the Schedule of Uses attached to Zoning Ordinance PDR-23-07(Z)(G) as Exhibit "B".

## **B. ENVIRONMENTAL**

1. All other applicable state or federal permits shall be obtained prior to commencement of development.
2. Due to the acknowledged presence potentially occupied gopher tortoises burrows on-site per the Environmental Report provided by Kimley Horn in March 2023, a 100 percent Gopher Tortoise (*Gopherus polyphemus*) survey shall be conducted within 90 days prior to construction in accordance to State Gopher Tortoise Permitting Guidelines, and copies of correspondence with Florida Fish and Wildlife Conservation Commission (FFWCC) provided to the County, consistent with Comprehensive Plan Policy 3.3.2.1.
3. There are no impacts to jurisdictional wetlands or wetland buffers being approved by the adoption of this Ordinance.
4. No lots shall be platted through post-development wetlands, wetland buffers or upland preservation areas. Before Final Site Plan approval, lots will need to be drawn so they do not encroach into the wetlands or wetland buffers. Buffer encroachments and buffer restoration plans will be addressed during Final Site Plan to ensure consistency with the County's variable width buffer requirement per LDC Section 706.4.C and buffer restoration requirements per LDC Section 706.4.D.

5. A Construction Water Quality Monitoring Program and proposed sampling locations are required to be included in the ESCP information on the Final Site Plan in accordance with Section 353.3 of the LDC.
6. If wells are encountered, a Well Management Plan for the proper protection and abandonment of existing wells shall be submitted to the EPS for review and approval prior to recommencing construction activities. The Well Management Plan shall include the following information:
  - Digital photographs of the well along with nearby reference structures (if existing);
  - GPS coordinates (latitude/longitude) of the well;
  - The methodology used to secure the well during construction (e.g. fence, tape); &
  - The final disposition of the well - used, capped, or plugged.
7. Irrigation for landscaping shall use the lowest water quality source available, which shall be identified on the Final Site Plan. Use of Manatee County public potable water supply shall be prohibited.

### C. STORMWATER

1. Pursuant to Section 801 and 802 of the Land Development Code and Code of Federal Regulations (CFR), Title 44, Section 60.3, the subsequent Final Site Plan and Construction Plan submittal(s) and associated Drainage Modeling shall demonstrate that no adverse impacts will be created to neighboring properties surrounding the site with respect to proposed impacts to the County 100- year floodplain delineation pursuant to the Myakka River Watershed Management Plan, and post-development discharge of runoff.
2. Pursuant to Section 801 Land Development Code, Manatee County Floodplain Ordinance (Ordinance #20-22, or as amended), and Code of Federal Regulations (CFR), Title 44, Section 60.3, the Construction Plan and associated Drainage Modeling shall demonstrate that no adverse impacts will be created to neighboring properties surrounding the site with respect post-development discharge of runoff. The following storm frequency events, corresponding cumulative rainfall, and rainfall distribution shall be provided as a comparison of the existing pre-development condition versus the proposed post-development development condition:

Storm Frequency:	Cumulative Rainfall:	Rainfall Distribution:
10-year/24-hour	7 inches	FLMOD
25-year/24-hour	8 inches	FLMOD
50-year/24-hour	9 inches	FLMOD
100-year/24-hour	10 inches	FLMOD
100-year/72-hour	18 inches	FDOT-72

50-year storm event modeling applies to thoroughfare drainage systems only.

The comparison of existing pre-development condition versus the proposed post-development development condition shall include results in terms of runoff and staging. Drainage Modeling (utilizing best available information from Myakka River Watershed) shall be submitted to demonstrate compliance prior to commencement of construction.

3. Any fill within the 100-year floodplain as delineated by the Myakka River Watershed (WMP) shall be compensated by the creation of an equal or greater storage volume above seasonal high-water table. 100-year floodplain compensation shall be compensated in sole use compensation areas, not dual use facilities (i.e., stormwater attenuation and floodplain compensation). Alternatively, the applicant can submit drainage modeling utilizing the Myakka River Watershed (submitted for review to the Public Works Department with the Construction Plan submittal) to demonstrate no adverse drainage impacts for the mean annual, 10-year, 25-year, and 100-year design storm events to a no-rise condition.
4. Ten (10) feet separation shall be provided between accessory structures (i.e., Heat Pumps, A/C Handlers, pool pumps, etc.) along the side yards of properties with a side yard setback of less than 7.5 feet.

#### **D. FIRE DEPARTMENT**

1. At time of Final Site Plan, midpoint turnarounds shall be provided for cul-de-sacs exceeding 800 feet in length.
2. At time of Final Site Plan review, the eastern emergency gated access point on 347th St East shall meet the Fire Department access road requirements with regard to road width and stabilized access materials to support the imposed loads of fire apparatus.

#### **E. FLOOD PLAN**

1. At time of Final Site Plan, the Base Flood Elevation shall be established for all lots that encroach on A Zone and delineate all flood zones.

**Section 3. SPECIFIC APPROVAL.** Specific Approval is hereby granted for alternatives to Land Development Code Section: 1) 1001.4.D.1 to allow three cul-de-sacs to exceed eight hundred feet in length by providing emergency access points to Singletary Road and 347<sup>th</sup> Street East.

**Section 4. AMENDMENT OF THE OFFICIAL ZONING ATLAS.** The Official Zoning Atlas of Manatee County (Ordinance No. 15-17, the Manatee County Land Development Code) is hereby amended by changing the zoning district classification of the property described in Exhibit "A", incorporated by reference herein, from A (General Agriculture) to the PDR (Planned Development Residential) zoning district, and the Clerk of the Circuit Court, as Clerk to the Board of County Commissioners, as well as the Development Services Department, are hereby instructed to cause such amendment to the Official Zoning Atlas.

**Section 5. SEVERABILITY.** If any section, sentence, clause, or other provision of this Ordinance shall be held to be invalid or unconstitutional by a court of competent jurisdiction, such section, sentence, clause, or provision shall be deemed severable, and such invalidity or unconstitutionality shall not be construed as to render invalid or unconstitutional the remaining sections, sentences, clauses, or provisions of this Ordinance.

**Section 6. CODIFICATION.** Pursuant to § 125.68(1), Florida Statutes, this ordinance is not required to be codified. Therefore, the Clerk shall not transmit the ordinance for codification.

**Section 7. STATE AND FEDERAL PERMITTING.** The issuance of the local development permit by the County shall not create any liability on the part of the County in the event the applicant fails to obtain the required state or federal agency approvals or permits or fails to fulfill the

obligations imposed by any state or federal agency or undertakes actions that result in a violation of state or federal law.

**Section 8. EFFECTIVE DATE.** This ordinance shall take effect immediately upon filing with the Office of the Secretary of State, Florida Department of State.

**PASSED AND DULY ADOPTED**, by the Board of County Commissioners of Manatee County, Florida on the 15<sup>th</sup> day of June 2023.
